\$300,000	Unassigned Fund Balance Applied to This Budget

Additional Considerations Regarding Estimated FY23 Tax Rates:

- Est. **DECREASE** in Pre-CLA tax rate of **11.34 Cents** – or \$113.40 per \$100,000 of property value
- While the yield has increased significantly, the increase in property values has driven CLA rates down, thereby offsetting some of this tax savings. The following estimates reflect FY23 CLA as of 12/21/2021.
- The following key elements of the Homestead rate calculation, provided by the State, are preliminary at this point. Changes to these values will directly impact the final tax rates.
 - *Yields*
 - *Non-Residential Rate*
 - *Equalized Pupils*
 - *Common Level of Appraisal (CLA)*
- If statewide budgets come in with higher/lower spending than anticipated, the *Yield* rate could be adjusted to increase/decrease final tax rates.
