

Education of Homeless Children
Policy No. 612.2

I. PURPOSE

The purpose of this policy is to ensure that children and youth who are experiencing homelessness receive the same educational opportunities as other students who are not homeless. This policy is intended to ensure that the District is in full compliance with the McKinney-Vento Homeless Assistance Act.

I. GENERAL STATEMENT OF POLICY

The Board intends that children and youth who are experiencing homelessness have the opportunity to meet the same challenging state and district standards expected of all students. Students in homeless situations should have access to the education and other services they need to meet the standards. Children and youth who are homeless are to be provided educational services comparable to those received by any student in the District.

III. DEFINITION OF HOMELESS CHILDREN AND YOUTH

- A. The term “the Act” means Subtitle B of title VII of the McKinney-Vento Homeless Assistance Act 42 U.S.C. 11431 et seq.
- B. The term “homeless children and youth” means individuals who lack a fixed, regular and adequate nighttime residence as those terms are defined in law. They include:
 - 1. Children and youths who are sharing the housing of other persons due to a loss of housing, economic hardship, or similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals;
 - 2. Children and youths who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;
 - 3. Children and youths who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and,
 - 4. Migratory children, as this term is defined in section 1309 of the Elementary and Secondary Education Act of 1965, who qualify as homeless for the purposes of this definition because the children are living in circumstances described in the McKinney-Vento Homeless Assistant Act.

- C. School of Origin means the school the student attended when they last had permanent housing or the school last attended.
- D. Homeless Liaison is a person designated by the District as the District contact for students in homeless situations. A Homeless Liaison must carry out the provisions of law.
- E. The above definitions shall automatically be modified if the Act modifies these definitions.

IV. SCHOOL SELECTION AND ENROLLMENT

The district shall keep students who are in homeless situations in their school of origin as that term is defined in section III.B. of this policy or enroll the student in a school that non-homeless students who live in the attendance area where the student is actually living are eligible to attend. In determining the best interest the District will, to the extent feasible, keep students in the school of origin.

Students may stay in their school of origin the entire time they are homeless and until the end of any academic year in which they move into permanent housing.

- A. The District must immediately enroll students in homeless situations even if they do not have required documents such as school records, medical records, proof of residency or other documents required by the District. If a student does not have immunizations or medical or immunization records, the Health Services Coordinator must immediately assist in obtaining them. The student must be enrolled in school in the interim. Educational and medical records must be obtained as soon as possible consistent with the provisions of Minnesota law.
- B. Homelessness alone is not a reason to separate students from the mainstream school environment. This does not prohibit special programs for short periods of time for health and safety emergencies or to provide temporary, special and supplemental services for the students.
- C. Services provided with revenue from the Act must not replace the regular academic program and must be designed to expand upon or improve services provided as part of the school's regular academic program.

V. TRANSPORTATION

Homeless students must be provided transportation to and from their school of origin consistent with what the District and family determine is in the best interest of the child. For unaccompanied youth, such transportation shall be provided when requested by the Homeless Liaison. Per agreement with Rice County Social Services, and approval from the Minnesota Department of Education, children who are awaiting foster care placement will be transported to and from their school of origin by Faribault Public Schools.

VI. RESPONSIBILITIES OF THE SUPERINTENDENT

- A. The Superintendent may develop regulations deemed necessary to carry out this policy.
- B. The Superintendent shall appoint a person to function as the Homeless Liaison.
