BE GENTLE WITH YOUR MIND.

Meet with your School Counselor

TBD

Online Resources:

www.muncie.k12.in.us/departments/health-services

Your mental health matters, too.
Be mindful of yours.

Principal

Evan Shroyer

765-747-5434

Family Navigator

Emily Boltz

765-747-5434

Behavioral Coach

Bailey Martinson

765-747-5434

Student Assistance Coordinator (SAC)

Clyde Harris

765-747-5434

The SAC encourages positive behaviors and good attendance to support the wellness and academic growth of students.

You don't need to have the answer.
Mental health shouldn't be stigmatized with silence.

WHAT IS MENTAL HEALTH?

Mental health includes our emotional, psychological, and social well-being.
It affects how we think, feel, and act.
It also helps determine how we handle stress, relate to others, and make choices.
Mental health is important at every stage of life, from childhood and adolescence through adulthood.

Over the course of your life, if you experience mental health problems, your thinking, mood, and behavior could be affected.
Many factors contribute to mental health problems, including:
Biological factors, such as genes or brain chemistry
Life experiences, such as trauma or abuse
Family history of mental health problems
Mental health problems are common but help is available.
People with mental health problems can get better and many recover completely.

Early Warning Signs

Not sure if you or someone you know is living with mental health problems?
Experiencing one or more of the following feelings or behaviors can be an early warning sign of a problem:

Eating or sleeping too much or too little
Pulling away from people and usual activities
Having low or no energy
Feeling numb or like nothing matters
Having unexplained aches and pains
Feeling helpless or hopeless
Smoking, drinking, or using drugs more than usual
Feeling unusually confused, forgetful, on edge, angry, upset, worried, or scared
Yelling or fighting with family and friends
Experiencing severe mood swings that cause problems in relationships
Having persistent thoughts and memories you can't get out of your head
Hearing voices or believing things that are not true
Thinking of harming yourself or others
Inability to perform daily tasks like taking care of your kids or getting to work or school
Learn more about specific mental health problems and where to find help.

Mental Health and Wellness

Positive mental health allows people to:
Realize their full potential
Cope with the stresses of life
Work productively
Make meaningful contributions to their communities

Ways to maintain positive mental health include:
Getting professional help if you need it
Connecting with others
Staying positive
Getting physically active
Helping others
Getting enough sleep
Developing coping skills
