2022-2023 OFF-CAMPUS PHYSICAL EDUCATION WAIVER POLICY

To maintain compliance with the Texas Education Code (19 TAC Chapter 74) and provide training opportunities for Olympic quality athletes, Clear Creek ISD offers students a waiver process for Off-Campus PE programs. This waiver process allows students to attain physical education credit towards their state graduation credits in approved off campus PE programs. The belief behind this waiver program is to provide the opportunity to protect the academic success of an elite Olympic caliber athlete and to avoid possible injury in the regular PE class that may compromise his/her continued participation in their off-campus program. Request for waivers for approval of private or commercially sponsored physical activity programs will be considered in the two following categories. *PE waivers may not be applicable to 6th grade Science Magnet and 6th grade WAVE students due to course scheduling requirements.*

CATEGORY 1: Category 1 is available for high school and intermediate students.

- Private or commercially sponsored physical activity programs that lead to Olympic level participation and/or competition. These programs involve a minimum of 15 hours per school week (Monday–Friday) of highly intense, professionally supervised training. The training facility, instructors, and the activities involved in the program must be certified to be of exceptional quality by the superintendent or his/her designee.
- Students participating at this level may receive a maximum of one-half credit per semester. A total of one credit may be earned toward state high school graduation requirements; only during the student’s high school enrollment period. Students qualifying and participating at this level may be dismissed from school one period (approximately one hour) per day for such participation per campus principal’s approval. Students dismissed must not be permitted to miss any academic class (other than Health Fitness/PE). Students should not be assigned another core or elective class to fill out a regular day in lieu of leaving campus for the off-campus PE. The off-campus PE student should leave the campus one period prior to the end of the day or not check in to school until the second period of the day.
- Students who discontinue the off-campus Category 1 during a semester will be enrolled in a regular PE class for the remainder of the semester to complete the PE credit for that semester.
- It is anticipated that only a very limited number of students will qualify for this exceptional level of participation.

CATEGORY 2: Category 2 is available for high school and intermediate students.

- Private or commercially sponsored physical activity programs as certified by the superintendent or his/her designee to be of high quality, well-supervised appropriately trained instructors, and must consist of a minimum of five (5) hours per school week (Monday through Friday).
- Students participating at this level may receive a maximum of one-half credit per semester. A total of one credit may be earned toward state high school graduation requirements; during the student’s high school enrollment period.
- Students certified to participate at this level may NOT be dismissed from any part of the regular school day.
- Students who discontinue the off-campus Category 2 during a semester will be enrolled in a regular PE class for the remainder of the semester to complete the PE credit for that semester.
- Category 2 is available for high school and intermediate students.

- **Students approved for PE Waivers (Level 2) will be assigned to an elective course in place of Health Fitness.** Students will not be assigned to a study hall in place of Health Fitness. See your counselor regarding the PE waiver requirements and process.

A Waiver will NOT be considered for participation in a sport for which Clear Creek ISD fields a UIL team and/or offers sports/dance that are comprehensively taught through the CCISD Physical Education or Athletic Departments. Credit will be given for participation in non-UIL activities on campuses, which sanction a club in that activity, i.e. Lacrosse. Due to a change in state law, dance-related activities will NOT be approved for the Physical Education waiver at the High School level ONLY.

In all cases, it is the responsibility of the superintendent or his/her designee to certify both the level of participation and the quality of the program. Additionally, the district will monitor the quality of the programs, which are approved as well as maintain accurate and up-to-date information and data regarding student participation and facilities. The approved agency must be located within reasonable driving distance from the student's campus.

Applications will be available online ONLY! Students are responsible for signing the form and getting signatures from their parents/guardian and instructor/coach. In addition, students/parents should notify the school within 10 days, if the student drops the activity, or if there is any facility/program change. A student may NOT transfer from a physical education class or athletics into off-campus PE during the middle of a semester.

The student is responsible for returning the application along with the activity program description for either the Category 1 or Category 2 program.
