

"We love the (two-year kindergarten) program. The teacher provides a positive and nurturing environment in which the students can learn. Plus there is a good balance between academics, art, singing, and play... we highly recommend this program..." - Erika Nichol, Parent

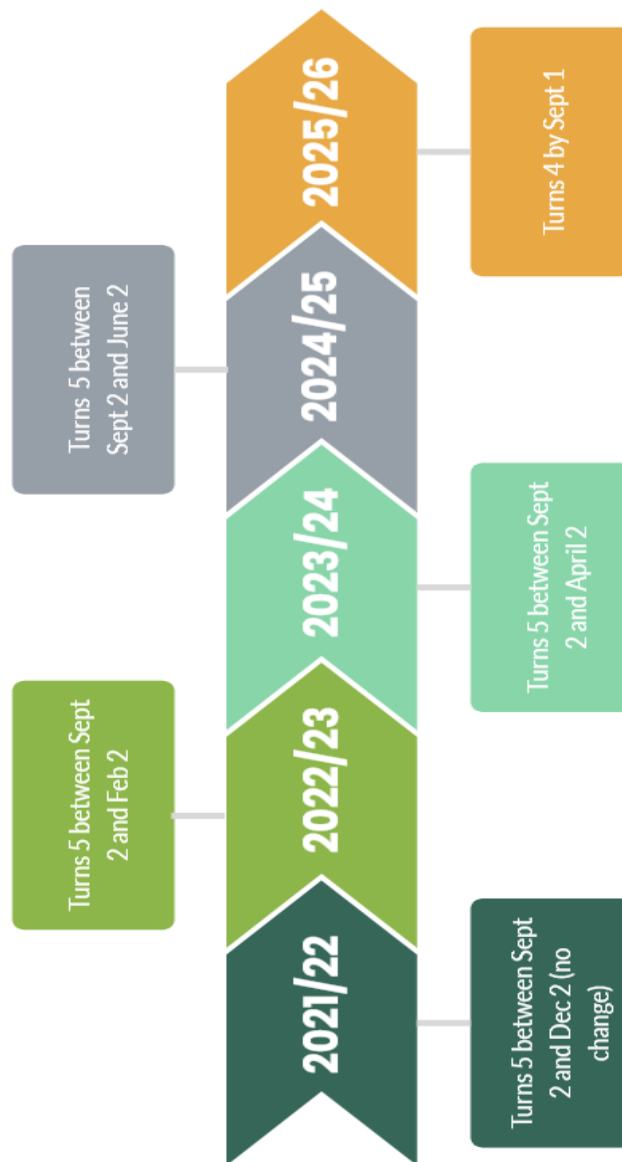

Why is Transitional Kindergarten Good for Kids?

Transitional Kindergarten provides children with an opportunity to learn in an enriching and academically challenging environment that nurtures their growth. Research shows that children who attend kindergarten readiness programs like transitional kindergarten are more likely to do well in school and attend college.

Parents all over California recognize the benefits of Transitional Kindergarten, and many parents have already been enrolling their children in similar programs, public and private, for years. Offering Transitional Kindergarten will help all of our children get the best start possible, with curriculum that is designed just for them.
