Approval to Purchase Directors Tower for Shawnee Mission Northwest High School

DATE: February 28, 2022

Overview

The Shawnee Mission School District Performing Arts Coordinator recommends for approval the purchase of one (1) directors tower for Shawnee Mission Northwest High School from vendor Melhart Manufacturing for a total of \$39,000, with a 5% contingency.

The District issued a bid solicitation for the purchase of a directors tower with a dual platform spiral staircase. Melhart Manufacturing was the only vendor to provide a quote to the District, and the District has confirmed that Melhart Manufacturing's product meets the District's specifications and budget.

These items are budgeted to be paid with capital outlay funds.
