Re: Title I-A Parent Survey

It is time again to evaluate the effectiveness of our Parent and Family Engagement Program for the 2021-2022 school year. The Title I-A Parent Survey will be made accessible online only so that results can be made available to all campus and district administrators in a timely manner.

In order to accommodate parents that do not have access to a computer at home, we are asking for every campus to provide parents with accessibility to a computer. Please designate date(s) and time(s) that they can utilize your Parent Center with the laptops purchased to achieve this Title I-A District and Campus requirement. Please be reminded that Open House next week provides the perfect opportunity to get parent input.

In addition, please provide parents with the link and password below so that they will be able to access the survey. Survey results will be shared with all campuses upon completion and will be of great value for district and Campus Improvement Plan purposes. The timeline set for the survey is Monday, March 7, 2022 through Monday, March 28, 2022.
