

# SEA VIEW ELEMENTARY SCHOOL

## Outdoor Learning Space and Sports Field Project

Substantial Completion February 7, 2022

The site required the removal and recompaction of 2,000 cubic yards of soil. Rocks were separated and removed and the clean soil was regraded over the entire 2.9 acre site.

New fencing and concrete walking path were installed around the perimeter of the field to promote student health and wellness during the pandemic and beyond. 125,000sf of new sod and 14 new trees were planted on the field. New shade structures and benches will soon be installed to enhance the outdoor learning capabilities of the school.

The project was completed in 50 days at a cost of \$1.3M. Funding was provided by the CRRSA ESSER II Act and the CVUSD general fund.

Architect: Verde Design, Chris Giannini

Contractor: JM Builders, Joe Murray

Inspection: Ed Farnsworth Inspection Services
