

2022-2023 DIVERSITY TRANSFERS

Diversity Transfers permit students in grades K-12 to transfer from sending to receiving schools where the resulting impact on the receiving school is to increase desegregation, socio-economic, and cultural diversity. **Transportation shall be provided to the receiving school within each transportation zone.** Parents must provide transportation to the non-paired schools. The chart below lists the “Home Zone Schools”(sending schools) and paired “Receiving Schools” according to transportation zones. In grades K-12 Diversity Transfers are automatically renewed by the district. Parents who wish to discontinue the Diversity Transfer must complete the online form [Withdrawal of Diversity Transfer](#) before the beginning of each semester.
