Philosophy of the School

The faculty and staff at Dodge Pre-Kindergarten accept that all children need love and support and that all children have varying degrees of need. We believe that it all starts at home and that parents are their child's first and foremost teachers. The school and home must work together for the child to receive the full benefits of the educational system. It is our goal to prepare your child academically as well as to help him/her meet the challenges of the future with confidence and courage.

Each child will have the advantage of an afternoon nap each day.

Parents must provide at least 3 emergency numbers on the enrollment form.

Parents must notify the school of any change in address, phone, work, etc.

Parents must agree to send their child to Pre-Kindergarten for a full instructional day, week, and year. It is recommended that a voluntary withdrawal form be signed if a child will not continue in the program.

A resource room is on-site and has many books, puzzles, games, and other manipulatives for your family to enjoy.

Parent workshops are provided throughout the year on various topics. Emphasis is placed on child

development, health, and kindergarten readiness.

D.O.D.G.E. stands for Developmental Opportunities Designed to Give Encouragement. Five year old children may attend Dodge Pre-K under special circumstances.

High Scope Curriculum

Dodge Pre-K uses the high scope curriculum which teaches children to make decisions and choices. This includes instruction in the areas of language and literacy, math, science, art, music and movement, dramatic play, and health and safety. The children follow a daily routine, which is posted in their room and provides them with consistency in their schedule. Parents are notified of their child's progress by parent-teacher conferences and written communications. A character education program, Second Step, is taught and it encourages children to be respectful and courteous to each other and adults. It helps children learn to be in control of their emotions. Kindergarten readiness activities are planned to ease the transitions to kindergarten for children and their families.

Counselor

A school counselor may be available to work with students and parents upon request. Your child's teacher will assist you with these services.

Parental Involvement

The Dodge Pre-Kindergarten administration and staff encourage parent involvement and participation in all aspects of the school's programs. Parents are informed of activities taking place at Dodge Pre-Kindergarten and are provided information regarding programs, meetings, parent/teacher conferences, student progress, and parental involvement activities via the school handbook, parent advisory and school council meetings, school and Dodge system websites, letters and announcements to parents, student agendas, and through the local news media. Copies of the Dodge County School System's Parent Involvement Policy are available to parents in the school's media center, at open house or orientation, or in the Dodge County Board of Education office.

Books and other materials are available for check out for parents and children. It is located on the campus. Families are encouraged to use this free facility. Parents will be charged, however, for replacing lost or damaged materials.

Breakfast and Lunch Program

The breakfast and lunch programs are designed to provide nutritious foods which help develop healthy food habits. Free meals are available to all Dodge Pre-K students daily.

The breakfast program begins at 8:15 and ends at 9:00 a.m and is part of the instructional day. Children should be at school by 8:15 in order to eat breakfast each morning. If your child will be late for school please call the office by 9:00 a.m. to inform us. It will be the parent's responsibility to give child breakfast if he/she doesn't get to school in time to go with the group.

We encourage everyone to participate in the lunch program. The staff works hard to provide special treats and activities. The children are served 2/3 of the average daily allowance of nutrients stated by USDA guidelines. For students who choose to bring their meal from home, a lunch buddy will be given to supplement the home meal to help meet the student's nutritional needs. Please see the Dodge County School System Wellness Policy on the website at <http://www.dodge.k12.ga.us>

No commercial food will be allowed to be brought into the lunchroom to be eaten as breakfast or

lunch.

Healthy snacks are encouraged for classroom parties and celebrations. Teachers will send home a list of recommended healthy snacks.

Attendance Policy

Georgia Department of Early Care and Learning, Bright from the Start's policy for chronic absenteeism and tardiness is: Children who do not attend on a regular basis, are routinely late or routinely leave the program early should be referred to the Pre-K director. A meeting with the parent should occur to determine the reasons for the problem and identify ways to resolve the problem. Inability to resolve the problem after documented interventions should be referred in writing to the Pre-Kindergarten Program Division Director. Chronic tardiness is defined as late arrival or early departure more than once a week. Chronic absenteeism is defined as missing more than two days per month without medical or other reasonable explanation. Chronic tardiness or absenteeism may also be defined by an established regular attendance pattern(s). For example, if a child is late every Monday or absent every Tuesday or leaves early every Friday. Providers are required to provide documentation of intervention with parents/guardians of children who meet the definition of chronically tardy or absent. Children who continue to be chronically tardy or absent after intervention must be disenrolled. NOTE: Children who do not attend class, are late, or leave early for 10 consecutive days without medical or other reasonable explanation, must be removed from the roster and DECAL must be immediately notified in writing that such action has been taken.

Your child is expected to be at school every day by 8:00 a.m. unless he/she is sick, serious illness in the family, death in family, religious observances, or instance where attendance would be hazardous. Please contact the school immediately to let us know why your child is absent. A written excuse from the parent or doctor (if seen by a doctor) is required when your child returns to Pre-K.

A student whose parent or legal guardian is in the military service in the armed forces of the United States of America or the National Guard, and such parent or legal guardian has been called to duty or is on leave from overseas deployment to a combat zone or combat support posting, shall be granted excused absences, up to a maximum of five school days per school year, for the day or days missed from school to visit with his or her parent or legal guardian prior to such parent's or legal guardian's deployment or during such parent's or legal guardian's leave.

Children are considered tardy if they arrive after 8:00 a.m. and they are required to get a tardy slip from the office before going to their classroom. Due to security/safety purposes, parents are not allowed to walk their child to his/her classroom. Children will not be counted present if they leave Pre-K before 11:30 or come to school after 11:30. This will affect perfect attendance.

*Sickness means that your child has a fever, has diarrhea, is vomiting, or has a contagious illness.

Discipline Policy

After 3 or more documented instances of a child's misbehavior by the Pre-Kindergarten Director, the parents

will be called in for a conference with the director and teacher. Parents are required to attend the conference and cooperate with the staff so that the discipline problem can be resolved. If a child is chronically disruptive, or causes harm to him/herself or others, and it is determined that he/she is not benefiting from the pre-kindergarten program, then the child may be suspended or disenrolled from the program with permission from the Georgia Department of Early Care and Learning, Bright from the Start.

Transportation

The D.O.D.G.E. Pre-Kindergarten hours are from 8:00 a.m. to 3:00 p.m. Each child is expected to be in his/her classroom by 8:00 a.m. Teachers will be on duty at 7:25 a.m. for students who arrive early.

Minibus transportation within the city limits is provided for all children upon request. Children outside the city limits will ride the county buses if parents want bus transportation provided.

It is the parent's responsibility to get the child to the bus stop or to school on time. Parents must make sure that their child is ready for school when the bus arrives in the mornings.

It is the parent's responsibility to be home or to have an authorized adult to be there when the minibus brings the child home in the afternoon. This person must be visible so the driver will know to let the child off the bus. If a parent or an authorized adult is not there, the bus will bring the child back to Dodge Pre-K. If the child is brought back on the minibus bus (2) times, the child will be suspended from the bus the following day for one day. It will be the parent's responsibility to bring and pick up the child the following day. Each time after the initial bus suspension, it will be the parents' responsibility to provide transportation the following day. After 5 times of the child being brought back to Pre-K because the parent/guardian is not present (not seen by bus driver), the child will lose his/her bus privileges permanently.

Children on the county buses are returned to school if no adult is present at home when the bus arrives. After 2 times of a child being brought back to the bus stop, DFCS will be contacted. Children are expected to obey the bus rules or a conduct report will be sent home to notify the parents of the student's bad behavior. He/She may be denied bus transportation so encourage your child to obey the bus driver and the rules.

All parents who pick up their children from school should do so by 3:00 p.m. each day.

Parents who bring their child to school daily should drop off their child at the drop off circle or walk him/her into the office. Never leave the child to walk in by him/herself. Don't leave other children sitting in vehicles unattended.

*Parents may escort their child to his/her class for the 1st (3) days of the school calendar.

It is a school policy that parents send a written dated note to their child's teacher and call the office (374 -6496 or 374- 1484) if they need to change the way the child is to go home. We need to know if this means only that day or if it will be a permanent change. **DO NOT SEND MESSAGES BY THE BUS DRIVER.** It is the parent's responsibility to get the message to the office. No bus changes will be taken over the phone. For example, if your child rides county bus #05-1 and you want him/ her to ride #04 -1, you will need to send a note with your signature stating to do this change for a specified amount of time. Do not just call.

Parents will need to be consistent with how their child comes to school in the morning and where he/she goes in the afternoon. Children need to be on a routine schedule.

Only the parent/guardian and the people authorized to pick up the child will be allowed to get the child at school. If the people designated to do this should change during the year, contact your child's teacher to complete a new authorization form.

Field Trips

Parents are asked to accompany teachers and students on field trips. These are some suggestions to remember when chaperoning a field trip:

1. The classroom teacher and paraprofessional supervise the classroom and field trip.
2. All parents going on field trips are expected to cooperate with the teachers.
3. Your primary responsibility will be to chaperone your own child and maybe another child whose parent is not present. Stay with the class at all times.
4. No other children are allowed to go on field trips with Dodge Pre-K.

Dress Code/Clothing

Students should dress appropriately for classroom instruction. Extreme styles and fads should be avoided. Proper dress is conducive to good scholarship and behavior.

1. Student must wear shoes at all times.
2. Hats and/or sunglasses are not allowed unless permission is given from the office.
3. Crop tops, spandex tops, and/or strapless dresses or tops are not permissible.
4. All students must wear undergarments. Boxer shorts/underwear must be covered at all times. Pants must be worn no lower than hip level - NO SAGGING.
5. Any clothing with obscene or suggestive slogans and/or pictures is not allowed. This includes advertisements for beer, drugs, or other alcoholic beverages.
6. No bike shorts are allowed. This includes spandex shorts and tights.
7. Any dress, emblem, jewelry, etc. that symbolizes any gang type activity is prohibited. This includes hand signs, symbols or gang books, and/or gang related graffiti.
8. Belts must be buckled, sashes tied, buttons buttoned (except at the neck) and suspenders properly worn.
9. Earrings may be worn in ears only. Body piercing (eyebrows, nose, lip, tongue, etc.) is not permitted. No students are allowed to wear gauges.
10. Student dress shall be neat and in good taste as dictated by common sense and propriety.
11. No disrupting or distracting hair.
12. Students who are inappropriately dressed will be warned for the first dress code violation.
13. The school authorities reserve the right to make a final judgment as to what is neat and in good taste and/or what inhibits/distracts the educational environment.

Every child should have a change of clothing left at the school to be used for emergencies. All clothing should be clearly marked with the child's full name. Children should wear washable clothing which will be comfortable at school. Suitable shoes for running and outside play should be worn.

Dress your child appropriately for the weather. Children play outside daily when the weather permits.

Dodge Pre-K is not responsible for lost clothing. If your child comes home without his/her coat, sweater, etc., please call us immediately so that we can look for it then.

Contagious Diseases

Children work together closely every day at Pre-K and it is very important to read the following information to prevent the spread of certain contagious diseases.

Pink Eye - This is a viral or bacterial infection in the eye. The eye may be red, sensitive to light, may itch, and may have thick drainage which becomes "crust-like" in the corner of the eyes.

Impetigo - This is caused when insect bites are scratched and become infected and can be spread by direct contact on objects contaminated with drainage.

If a child contracts impetigo or pink eye, he/she may come back to Pre-K only when the condition is treated and a doctor's statement is provided saying that the pink eye or impetigo is no longer contagious.

Ringworm - Ringworm looks like a red ring on the skin and may itch or hurt. It is usually caused by a fungus. Ringworm can also be on the scalp and can cause hair loss if not treated promptly.

If a child contracts ringworm, he/she may return to school after being checked by a doctor or if he/she is using the treatment. Prompt treatment of ringworm is essential to prevent it from spreading to other students. Treatment may be a topical ointment, cream, or oral medication depending on the severity and location of the ringworm. Students may return to school if ringworm is covered and treated.

Chicken Pox - Children can spread the disease before the spots appear and until the spots become dry. If your child scratches the spots, it can cause a scar or infection. Oatmeal baths, such as Aveeno, caladryl, or calamine lotion may help the itching. Children may return to school after all lesions are dry and scabbed over.

Shigellosis - This is an infection of the stomach and intestines and is spread through the feces of infected people. Symptoms may include a fever that reaches 104 degrees, abdominal cramps, nausea and vomiting, and/or frequent diarrhea with blood, mucus, and pus. A stool test has to be done to determine if your child has this. If the test is positive, then your child must have 2 negative tests before returning to Pre-K. Your child will not be allowed to attend school while waiting for the test results, and a doctor's statement is required stating the results of the two tests were negative.

If a child develops a rash of an unknown origin, he/she must be seen by a physician. The parent will be responsible for providing a doctor's statement saying that the child is not contagious. This statement must be on file before the child can return to school.

Children should be free of diarrhea, vomiting and fever for 24 hours before returning to school. If your child is sent home from school for one of these problems, don't send him/her to school the next day. If you have any questions about any of these conditions or other ones, please call your child's doctor or the school nurse. Each illness (listed and/or not listed) will be dealt with on an individual basis. The school nurse policy guidelines will be followed in determining the treatment recommendations. Parents will be responsible for following up on these recommendations and providing a doctor's excuse if requested. Dodge Pre-K will adhere to the doctor's recommendations

Illness and Medication Policy

Children who are ill should not be brought to school. If your child should become sick at school, you will be notified by the school nurse. You will be expected to come immediately or send an authorized person to pick up your child. Do not send your child to school if he/she was sick during the night or first thing in the morning.

If your child needs emergency attention you will be contacted immediately but if you cannot be reached your child will be taken to the Dodge County Hospital for treatment. You will be responsible for the payment.

Medications will be administered by the nurse under the following conditions:

- 1) Medication must be in the original container.
- 2) Medication release form must be signed by the legal guardian.
- 3) Legal guardian should initially bring in the medication and give to the teacher to ensure proper administration of the medicine.
- 4) Do not send medications on the school bus. Some pharmacies deliver refills to the school if you authorize them to do so.
- 5) Unused medications should be retrieved from the school clinic within one week after medication is discontinued; otherwise, the school will dispose of the medication.

*If possible, please give your child his/her morning dose of medicine before coming to school. If your child has a special medical condition, it is your responsibility to notify the school and a medical plan may need to be written.

Only trained personnel are permitted to give medications to students.

Head Lice School Policy

Children must be sent home if it is detected that they have head lice. The school nurse is responsible for periodic lice checks in which all children are checked. If a child has lice and/or nits, the nurse will contact the child's parents immediately. She will recommend the proper treatment to rid the lice and remove the nits. Children who have head lice are not allowed to return to school until the lice and nits have all been removed and the nurse permits the child to return to his/her class. NOTE: Parents should bring their child in to see the nurse the first day the child returns to school after being treated for lice. DO NOT let your child ride the bus until the nurse rechecks your child's hair.

*If your child has an ongoing problem with nits/lice, he/she will be checked every day for 14 days by the school nurse and will be checked periodically after he/she has been clear of nits/lice for 14 days.

*If your child has a sibling(s) at another school, then the nurse will contact his/her school nurse so that the sibling can also be checked. This is kept confidential between the involved parties.

Weapon Policy

It is the policy of the Dodge County Board of Education that a student shall not possess, use, handle, or transmit any object that reasonably can be considered a weapon on property or in a building owned or leased by a school district, at a school function, or on a bus or other transportation provided by the school district. Weapons may include, but are not limited to:

- 1) Any handgun, firearm, rifle, shotgun or similar weapon; any explosive compound or incendiary device, or any other dangerous weapon as defined in O.C.G.A., 16-11-121, including a rocket launcher, bazooka, recoilless rifle, mortar, or hand grenade.
- 2) Any hazardous object, including any dirk, bowie knife, switchblade knife, ballistic knife, any other knife having a blade of two or more inches, straight-edge razor, razor blade, spring stick, knuckles, whether made from metal, thermoplastic, wood, or other similar material, blackjack, any bat, club, or other bludgeon-type weapon, or any flailing instrument consisting of two or more rigid parts connected in such a manner as to allow them to swing freely, which may be known as a nun chahka, nun chuck, nunchaku, shuriken, or fighting chain, or any disc, or whatever configuration, having at least two points or pointed blades which is designed to be thrown or propelled and which may be known as a throwing star or oriental dart, or any instrument of like kind, any nonlethal air gun, and any stun gun or Taser. Such term shall not include any of these instruments used for classroom work authorized by the teacher.

Students who possess any weapon described in paragraph 1 in violation of this policy will be subject to a minimum or a one calendar year expulsion. The Superintendent shall have the authority either before or after the student is referred for a tribunal hearing to reduce the mandated one year expulsion under circumstances where the one year expulsion appears excessive to the Superintendent. The tribunal shall also have the authority to modify such expulsion requirement on a case-by-case basis in determining the appropriate punishment. Finally, in any tribunal decision appealed to the board of education, the board may reduce the mandated punishment but shall consider where the superintendent and/or tribunal

considered a reduction and any rationale in denying such a reduction.

Students who possess other weapons or hazardous objects as described in paragraph 2 will be subject to discipline as specified in the student code of conduct. **Reporting Requirements** – Any employee who has reasonable cause to believe that a student possesses a weapon as defined in paragraph 1, is involved in an assault using a weapon as defined in paragraph 2, or is involved in a second offense with a weapon on campus must report such violations to the principal or assistant principal of the school. If the principal has reasonable cause to believe that such report is valid, he/she must immediately make an oral report to the Superintendent and to the appropriate law enforcement authority and district attorney. The student's parents/guardian will be notified immediately of his/her child's involvement in any activity involving weapons. Students will be given a copy of the code of Conduct, which includes a statement of prohibited conduct with regard to weapons and possible disciplinary actions.

Dodge Pre-K students are not allowed to bring to school any type of knife (including a pocket knife), lighters, matches, tools, and/or any other type of device that could cause harm to the students and/or staff. The Pre-K director will use his/her own discretion when invoking consequences for this action. Punishment could include suspension from Dodge Pre-K.

Dodge Pre-Kindergarten will transfer any and all records of Pre-K students that are deemed to be helpful to the student and/or the Kindergarten teachers. Part of the Pre-K's responsibility is to make the transition to Kindergarten as easy and smooth as possible for all parties involved. The records that could be transferred are (but not limited to) Student Support Team Meetings/Minutes, Psychological Testing and Related Information, Behavior/Discipline Notes, Referrals to Agencies, Birth Certificates, Social Security Cards, Immunization Records, Health Checks, and any other information that Dodge Pre-K considers to be helpful in meeting the child's needs.

Five-Year-Old Rule

Children who are five years of age on September 1 of the school year and have late birthdays (birthdays in June, July or August) or have delayed language and/or social skills or small physical size which would impact their readiness for school may enroll in the Pre-K program at the request of their parents IF they did not attend the Pre-K program as four year olds. Parents and teachers are encouraged to consider the child's date of birth, physical/emotional maturity, and prior experiences when making the decision about whether to enroll the child in the Pre-K program at age four or five.

 - d. Has the effect of substantially disrupting the orderly operation of the school.

The term applies to acts which occur on school property, on school vehicles, at designated school bus stops, or at school related functions or activities or by use of data or software that is accessed through a computer, computer system, computer network, or other electronic technology of a local school system. The term also applies to acts of cyberbullying which occur through the use of electronic communication, whether or not electronic act originated on school property or with school equipment, if the electronic communication (1) is directed specifically at students or school personnel, (2) is maliciously intended for the purpose of threatening the safety of those specified or substantially disrupting the orderly operation of the school and (3) creates a reasonable fear of harm to the students' or school personnel's person or property or has a high likelihood of succeeding in that purpose. Electronic communication includes, but is not limited to, any transfer of signs, signals, writings, images, sounds, data or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photo electronic or photo optical system.

Procedures may be developed at each school encouraging a teacher or other school employee, student, parent, guardian, or other person who has control or charge of a student, either anonymously or in the person's name, at the person's option, to report or otherwise provide information on bullying activity. Any teacher or other school employee who, in the exercise of his or her personal judgment and discretion, believes he or she has reliable information that would lead a reasonable person to suspect that someone is a target of bullying is encouraged to immediately report it to the school principal. Any report will be appropriately investigated by the administration based on the nature of the complaint in a timely manner to determine whether bullying has occurred, whether there are other procedures related to illegal harassment or discrimination that should be implemented and what other steps should be taken. Any report of retaliation for reporting bullying will also be investigated and addressed as called for in policy and in accordance with school procedures.

Acts of bullying shall be punished by a range of consequences through the progressive discipline process, as stated in the

Code of Conduct. However, upon a finding by the disciplinary hearing officer, panel or tribunal that a student in grades 6-12 has committed the offense of bullying for the third time in a school year, the student shall be assigned to alternative school.

Upon finding a school administrator that a student has committed an act of bullying or is a victim of bullying, the administrator or designee shall notify the parent, guardian, or other person having control or charge of the student by telephone call or through written notice, which may be done electronically.

Students and parents will be notified of the prohibition against bullying and the penalties for violating the prohibition by posting information at each school and by including such information in the student/parents handbooks.

FERPA Directory Information Notice

The Family Education Rights and Privacy Act (FERPA) (20 U.S.C 1232g; 34 CFR Part 99) is a federal law that protects the privacy of student education records. The law applies to all school that receive funds under an applicable program of the U.S. Department of Education.

FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students".

Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as distance, it is impossible for parents or eligible students to review the records. School may charge a fee for copies. Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information. Generally, school must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records without consent to the following parties under the following conditions (34 CFR 99.31):

- *School officials with legitimate education interest;
- *Other schools to which a student is transferring;
- * Specified officials for audit or evaluation purposes;
- * Appropriate parties in connection with financial aid to a student;
- *Organizations conducting certain studies for or on behalf of the school;
- * Accrediting organizations;

- *To comply with a judicial order or lawfully issued subpoena;
- *Appropriate officials in cases of health and safety emergencies; and
- *State and local authorities within a juvenile justice system, pursuant to specific law.

Schools may disclose, without consent, “directory” information such as a student’s name, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion, in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of the system.

Inspection of Student Records by Parent (PPRA)

No local school board system, whether county, independent or area, shall have a policy of denying or which effectively prevents the parents of students who are in attendance at or who have been enrolled in any facility within such system the right to inspect and review the education records of their children. A parent shall be entitled to inspect and review only information relating to his or her own child. Such information regarding any other student shall not be made available for inspection for review except to the parents of that student. Both parents of a child shall be entitled to inspect and review the educational records of their child or to be provided information concerning their child’s progress. Information concerning a child’s education shall not be withheld from the non-custodial parent unless a court order has specifically removed the right of the noncustodial parent to such information or unless parental rights have been terminated. This policy also includes parental rights to inspect any part of the instructional materials utilized by the local school system (Code 1981, 20-2-720, enacted by Ga. L. 1994, p. 531, 1).

Code of Conduct

When a student enters Dodge County School System, he or she is given a copy of the Dodge County School System Code of Conduct. The Dodge County Elementary School Handbook supports the rules and guidelines set forth in the Dodge County School System Code of Conduct. A copy of the Code of Conduct is available in the Principal’s office and is included with this handbook. The Student Code of Conduct is provided to serve as an overview of the various discipline strategies and actions used in the Dodge County School System. It is not an all-inclusive list of misconduct for which a student may be disciplined. An act of misconduct not listed will be subjected to the discretionary authority of the principal.

Distance Learning Plan

Should distance learning be necessary, students will be given hard copies of instructional materials aligned with the Georgia Early Learning and Development Standards and a daily schedule that they can use at home. The Dodge PreK and Dodge County Schools’ Facebook pages, the Dodge County Schools Website, and the One Call communications system will be utilized by the administration and by the pre-k teachers to keep parents informed. Specific online sites for age appropriate activities and updates from the Department of Early Care and Learning will be posted online. Teachers will email students and/or call them at their parents’ email addresses/phone numbers throughout the school closure to check on the students and answer any questions.

Dodge County Schools Special Education District Distance Learning Plan

First and foremost, health and safety is top priority during this time. In addition to Dodge County Schools Distance Learning procedures for all students, individualized distance learning plans will be created to consider students with disabilities needs and supports during the closure. The following procedures for special education will be implemented during the emergency school closure due to COVID-19:

- Special education teachers will be available for communicating with students and parents/guardians of both students on their caseload and with the special education students that they teach regarding these guidelines for the continuation of remote learning. All case managers will be encouraged to document at least one instructional support contact per week offering during any emergency school closure as consultative support to the students on their caseloads and may use a contact log that can be found in the google shared file for the special education department titled forms. Ways of providing support through communication may include email, text, or phone. Communication for resource availability or general information may be posted on the Dodge County Schools website, Facebook, or Remind 101.

- Special education teachers will plan and implement differentiated instruction to include modifications and accommodations as outlined in Individual Education Plans (IEPs) for the students that they teach.
- Teachers with established Google Classrooms should continue to provide learning activities and tasks through the online platform. Many of our homes do not have access to high speed internet and rely on weak cell tower reception. In addition, some of these tower connections are on limited data plans. Therefore, teachers will design learning activities and tasks in such a way that takes this into account. They may utilize existing software and web-based programs (I.e. Odysseyware, Unique Learning, StudyIsland, ThatQuiz, ABC Mouse, Education Galaxy, USA Test Prep, NewsELA) to assign lessons, etc. That also means, students/parents will be supplied with login information. Parents may also be provided the following link: Digital Learning Resources found on GaDOE website <https://www.gadoe.org/External-Affairs-andPolicy/communications/Pages/Digital-Learning-Resources.aspx>
- Teachers of students with disabilities who teach small group classes (resource) will create and send home packets (by bus route or parents can pick up from the school) as described for all students in the general expectations listed above if they do not currently use an online platform or to use to provide additional support.
- Teachers of students with disabilities who serve their students in an interrelated program (co-teaching/collaborative/consultative models) will ensure that assignments provided by the content teacher (both hard copy and digital) are modified or accommodations are provided if that support is suggested by the student's IEP. Where there are consumable workbooks, they will be sent home by bus routes or parents can pick them up from the school.
- Additionally, special education students should be assessed on IEP goal progress during the distance learning process to the extent possible. Teachers of students with disabilities should include opportunities to work and progress on their individual IEP goals. This allows for students to work on skills specific to their IEP goals as well grade level skills/content. These items may be in addition to those listed above or incorporated as part of the work in the packets.
- Assistive technologies, to include items such as text read-aloud, will be made available to those students requiring such accommodations as outlined in IEPs.
- Students needing speech, occupational and physical therapies: Therapist are encouraged to make weekly contacts with parents. Online resources are located on the Dodge County Schools Homepage. Additional and specific packets of information will be sent to parents via email or a hard copy may be provided at the school or sent to parents via mail or bus route.
- Parents and families will be able to participate in teleconference IEP meetings. Special education teachers are available for communicating with parents/guardians regarding IEP meetings and other IEP information for the students on their caseload. If an annual review meeting or transition meeting is due to be scheduled or take place during the emergency closure, case managers will contact parents and schedule the meeting via teleconference, if parents agree with this method. This is provided that all required members can attend. If it is not possible to hold the meeting via teleconference or if parents want a face-to-face meeting, case managers will document this and will work to reschedule and reconvene these meetings as reasonably as possible after school resumes normal activity.

CLUBS/ORGANIZATIONS

- Clubs and organizations are comprised of students who wish to organize and meet for common goals, objectives, or purposes and which are directly under the sponsorship, direction, and control of the school. Dodge County Schools offer our students the opportunities to be involved in the approved clubs. New clubs will only be started at the beginning of each school year and should be submitted NO LATER than the last two weeks of the previous school year in order to be considered for the following year. All clubs submitted will have to follow the school procedures of submitting a statement, purpose of the club, and a faculty advisor, to be considered.

STUDENT CODE OF CONDUCT

Student Offenses and Disciplinary Actions

Dodge County Schools

Dr. Susan Long, Superintendent
P. O. Box 1029 – 720 College Street
Eastman, Georgia 31023
www.dodge.k12.ga.us

To Dodge County Students and Parents:

The Student Code of Conduct is provided to serve as an overview of the various discipline strategies and actions used in the Dodge County School System. As you review the information contained in this code, you will observe that the disciplinary actions range from

warnings or counseling to expulsion. Your knowledge of the information contained in this Code of Conduct will hopefully help us to maintain a positive school climate in our schools. Please be aware that further details regarding discipline can be found in the student handbooks for each school. The following information supports rather than replaces the information you may find in the individual school's student handbook. This Code of Conduct is not an all-inclusive list of misconduct for which a student may be disciplined. An act of misconduct not listed will be subject to the discretionary authority of the principal. Violations of the Code of Conduct and/or with local, state, and federal law may result in the termination of the opportunity to participate in extracurricular activities.

One discipline strategy utilized by our schools is In-School Suspension (ISS). This program serves as an alternative for students who would otherwise be suspended home. Students and parents are also reminded that actions which are in violation of local, state, or federal law may result in the notification of the appropriate law enforcement agency.

The Dodge County School System operates the Dodge Achievement Center. This program serves as an alternative to suspending or expelling students completely out of the school system. This allows students to continue with their studies until they can eventually graduate or return to regular school.

The Board of Education and the Dodge County School System seek the support of both parents and students in their approaches to student discipline. Overwhelmingly, we support the notion that our schools need to be safe places to learn.

This code of conduct and its rules and regulations are effective during the following times and in the following places:

- 1) on school grounds at any time.
- 2) off school grounds during a school activity, function, or event.
- 3) en route to and from school.
- 4) en route to and from school functions, activities, or events.

Please review the discipline code that follows. We earnestly desire your support for an effective school discipline program.

Dr. Susan Long, Superintendent

**Please note, each student will be given a handbook containing the Code of Conduct at the beginning of each school year. The handbook will also be available on the school's and district's website, and in each classroom. I know that I may also request an additional copy from the school at any time.*

Dodge County Schools Student Code of Conduct

It is the purpose of the Dodge County School District to operate each school in a manner that will provide an orderly process of education and that will provide for the welfare and safety of all students who attend the schools within the district. In accordance with that purpose, the Board of Education has adopted a policy which requires all schools to adopt codes of conduct which requires students to conduct themselves at all times in order to facilitate a learning environment for themselves and other students. These standards for behavior require students to respect each other and school district employees, to obey student behavior policies adopted by the Board and to obey student behavior rules established at each school within the district.

The school's primary goal is to educate, not to punish; however, when the behavior of an individual student comes in conflict with the rights of others, corrective actions may be necessary for the benefit of that individual and the school as a whole. Accordingly, students shall be governed by policies, regulations and rules set forth in this Code of Conduct. The Code of Conduct is effective during the following times and in the following places:

- At school or on school property at any time;
- Off school grounds at any school activity, function or event and while traveling to and from such events;
- On vehicles provided for student transportation by the school system and at school bus stops.

Also, students may be disciplined for conduct off campus which could result in the student being criminally charged with a felony and which makes the student's continued presence at school a potential danger to the persons or property at the school or which disrupts the educational process.

Major offenses including, but not limited to, drug and weapon offenses can lead to schools being named as an Unsafe School according to the provisions of State Board Rule 160-4-8-.16, Unsafe School Choice Options.

Parents are encouraged to become familiar with the Code of Conduct and to be supportive of it in their daily communication with their children and others in the community.

Authority of the Principal

The principal is the designated leader of the school and, in concert with the staff, is responsible for the orderly operation of the school. In cases of disruptive, disorderly or dangerous conduct not covered in this Code as well as those within the Code, the principal may undertake corrective measures which he or she believes to be in the best interest of the student and school provided any such action does not violate school board policy or procedures.

Progressive Discipline Procedures

When it is necessary to impose discipline, school administrators and teachers will follow a progressive discipline process. The degree of discipline to be imposed by each school official will be in proportion to the severity of the behavior of a particular student and will take into account the student's discipline history, the age of the student and other relevant factors. The Code of Conduct provides a systematic process of behavioral correction in which inappropriate behaviors are followed by consequences. Disciplinary actions are designed to teach students self-discipline and to help them substitute inappropriate behaviors with those that are consistent with the character traits from Georgia's Character Education Program. The following disciplinary actions may be imposed for any violation of this Code of Conduct:

- Warning and/or Counseling with a School Administrator or Counselor
- Loss of Privileges
- Time Out
- Temporary Removal from Class or Activity
- Notification of Parents
- Parent Conference
- Corporal Punishment
- Detention
- Temporary Placement in an Alternative Education Program
- Short-term Suspension
- Referral to a Tribunal for Long-term Suspension or Expulsion
- Suspension or Expulsion from the School Bus
- Referral to Law Enforcement or Juvenile Court Officials: Georgia law requires that certain acts of misconduct be referred to the appropriate law enforcement officials. The school will refer any act

of misconduct to law enforcement officials when school officials determine such referral to be necessary or appropriate.

The maximum punishments for an offense include long-term suspension or expulsion, including permanent expulsion, but those punishments will be determined only by a disciplinary tribunal as outlined in the Dodge County Board of Education policies. Parents or students may elect not to contest whether a student has violated the Code of Conduct or the appropriate discipline, and in such cases, an agreement may be negotiated which would include the parents or students waiving a right to a hearing before a disciplinary tribunal. Such an agreement and waiver must be approved by the parents and administrators from both the home school and the Dodge Achievement Center. The Dodge County Board of Education shall approve tribunal training provider(s). It shall also make available to all qualified student discipline hearing officers and disciplinary tribunal or panel members the initial and ongoing tribunal training course prior to the individual(s) serving in such capacity. The Dodge County Board of Education shall ensure initially trained student discipline hearing officers and disciplinary tribunal or panel members undergo continuing education so as to continue to serve in such capacity.

Before a student is suspended for ten days or less, the principal or designee will inform the student of the offense for which the student is charged and allow the student to explain his or her behavior. If the student is suspended, the student's parents will be notified if possible. School officials may involve law enforcement officials when evidence surrounding a situation necessitates their involvement or when there is a legal requirement that an incident be reported.

School officials may search a student if there is reasonable suspicion the student is in possession of an item that is illegal or against school rules. Student vehicles brought on campus, student book bags, school lockers, desks and other school property are subject to inspection and search by school authorities at any time without further notice to students or parents. Cell phones/multi-media/electronic devices taken from students due to possession and/or use in violation of school rules are subject to having their contents searched. Students are required to cooperate if asked to open book bags, lockers or any vehicle brought on campus. Metal detectors and drug or weapon sniffing dogs may be utilized at school or at any school function, including activities which occur outside normal school hours or off the school campus at the discretion of administrators.

Behavior Which Will Result in Disciplinary Procedures

The degree of discipline imposed will be in accordance with the progressive discipline process unless otherwise stated.

Verbal assault, including threats of violence or bodily harm and/or sexual assault or harassment, of teachers, administrators, other school personnel, other students, or persons attending school-related functions: Immediate suspension and automatic referral to a disciplinary tribunal if a student is alleged to have committed an assault upon a teacher or other school personnel; possible referral to a disciplinary tribunal if a student is alleged to have committed an assault upon another student or a person attending a school-related function.

Such term shall not include any of these instruments used for classroom work authorized by the teacher.

Student Support Processes

The Dodge County Board of Education provides a variety of resources which are available at every school within the district to help address student behavioral problems. The school discipline process will include appropriate consideration of support processes to help students resolve such problems. These resources include Response to Intervention, Student Support Teams, school counselors, and chronic disciplinary problem student plans. When a student's behavior becomes a chronic discipline problem, the principal or principal's designee shall send written notification to the teacher and the student's parents or guardians of the student support services being utilized or the disciplinary action taken within one school day and shall make a reasonable attempt to confirm receipt of such written notification by the student's parents or guardians. Written notification shall include information regarding how student's parents or guardians may contact the principal or principal's designee. **Through one or more school or school related organizations, students may have access to a mentor. Parents who are interested in their child being assigned a mentor should notify the school principal of this desire.**

Parent Involvement

This Code of Conduct is based on the expectation that parents, guardians, teachers and school administrators will work together to improve and enhance student behavior and academic performance and will communicate freely their concerns about, and actions in response to, student behavior that detracts from the learning environment. School administrators recognize that two-way communication through personal contacts is extremely valuable; therefore, they provide information to parents as well as on-going opportunities for school personnel to hear parents' concerns and comments. Parents and students should contact the principal of the school if specific questions arise related to the Code of Conduct.

The Code of Conduct specifies within its standards of behavior various violations of the Code which may result in a school staff member's request that a parent or guardian come to the school for a conference. Parents are encouraged to visit the schools regularly and are expected to be actively involved in the behavior support processes designed to promote positive choices and behavior. Georgia law mandates that any time a teacher or principal identifies a student as a chronic disciplinary problem student, the principal shall notify by telephone call and by mail the student's parent or guardian of the disciplinary problem, invite the parent or guardian to observe the student in a classroom situation, and request at least one parent or guardian to attend a conference to devise a disciplinary and behavioral correction plan.

Georgia law also states that before any chronic disciplinary problem student is permitted to return to school from a suspension or expulsion, the school shall request by telephone call and by mail at least one parent or guardian to schedule and attend a conference to devise a disciplinary and behavioral correction plan.

The law allows a local board of education to petition the juvenile court to require a parent to attend a school conference. If the court finds that the parent or guardian has willfully and unreasonably failed to attend a conference requested by the principal pursuant to the laws cited above, the court may order the parent or guardian to attend such a conference, order the parent or guardian to participate in such programs or such treatment as the court deems appropriate to improve the student's behavior, or both. After notice and opportunity for hearing, the court may impose a fine, not to exceed \$500.00, on a parent or guardian who willfully disobeys an order of the court under this law.

Visitors on Campuses and in Schools

To enhance student safety as well as to comply with Georgia law, "any person who is not a student at such school, an employee of the school or school system, a school board member, an approved volunteer following the established guidelines of the school or a person who has been invited to or otherwise authorized to be at the school by a principal, teacher, counselor or other authorized employee of the school shall check in at the designated location as stated on posted signs and provide a reason for his/her presence at the school immediately upon entering the campus. Unless otherwise allowed by the state law, the person failing to check in at the designated location may be guilty of a misdemeanor.

Student Conduct on School Buses

The goal of the Transportation Department of the Dodge County Board of Education is to transport children in a safe and timely manner to and from school. While the law allows the school system to furnish transportation, it does not relieve parents of students from the responsibility of supervision until such time as the child boards the bus in the morning and after the child leaves the bus at the end of the school day. Once the child boards the bus, and only at that time, does he or she become the responsibility of the school system. Such responsibility shall end when the child is delivered to the appropriate bus stop at the end of the day. It is the intent of the Dodge County School System to operate a safe and efficient transportation program for students. Such intent is predicated on desirable behavior of bus passengers and consequences of misbehavior. Bus incidences will be dealt with by the Transportation Director and a school administrator. Since the bus is considered an extension of the classroom, discipline for incidents on the bus may also include discipline on the school level as well.

Bus Misbehavior

The following specific provisions shall govern student conduct and safety on all school buses:

1. All provisions of the Student Code of Conduct apply to behavior on the school bus, including but not limited to, acts of physical violence as defined by Code Section 20-2-751.6, bullying as defined by subsection (a) of the Code Section 20-2-751.4, physical assault or battery of other persons on the school bus verbal assault of other persons on the school bus, disrespectful conduct toward the school bus driver or other persons on the school bus, and other unruly behavior;
2. During regular school day transportation, students shall be prohibited from using any electronic devices during the operation of a school bus, including but not limited to cell phones; pagers; audible radios, tape or compact disc players without headphones; or any other electronic device. On field trips, driver discretion should be used regarding students' use of any electronic devices.
3. Students shall be prohibited from using mirrors, lasers, flash cameras, or any other lights or reflective devices.
4. If a student is found to have engaged in physical acts of violence as defined by Code Section 20-2-751.6, a student shall be subject to the penalties set forth in such Code Section. If a student is found to have engaged in bullying as defined by subsection (a) of Code Section 20-2-751.4 or in physical assault or battery of another person on the school bus, a meeting of the parent or guardian of the student and the appropriate school district officials will be held to form a school bus behavior contract for the student. Such contract shall provide for progressive age-appropriate discipline penalties, and restrictions for student misconduct on the bus. Contract provisions may include, but shall not be limited to, assigned seating, ongoing parental involvement, and suspension from riding the bus. If a student is suspended from one bus route, he or she may not ride another bus to and from school.

Student Behavior Expectations

Outside the bus pupils shall: Be at the designated bus stop at scheduled time; Never stand or play in the roadway; Line up orderly and safely away from the traffic lane until the bus has completely stopped; Board the bus in a safe and orderly manner without pushing or shoving; Follow the bus driver's instruction carefully by proceeding safely and alertly when getting off the bus and/or crossing the roadway; Exit the bus at their assigned stop, unless prior written permission from the parents has been given to the school and subsequently to the driver; Go home promptly after leaving the bus at the end of the school day.

Inside the bus pupils shall: Go immediately to their seats and courteously share seats with others boarding the bus; Sit in assigned seat (Bus Drivers have the authority to assign seats.); Be held responsible for any vandalism that may occur to the seats in which they ride. (Promptly report any damage found to the bus driver.); Change seats only with the bus driver's permission, and only when the bus is not in motion; Get on or off the bus only when it is completely stopped; Cooperate with any bus monitor on duty; Cooperate with the bus driver to keep the bus clean. Eating and drinking on the bus are prohibited; Observe classroom conduct, except for ordinary conversation, to enable the bus operator to give attention to safe driving; Keep head and limbs inside the bus windows at all times; Report any open exit or released latch to the bus driver immediately; Provide enrollment information to bus driver as requested.

Consequences of Inappropriate Behavior

Consequences for inappropriate behavior on the school bus may consist of the following based on the severity and nature of the behavior:

- Verbal Warning by Driver/Administrator

- Written warning
- Written referral
- Meeting with Parent
- Loss of bus privileges for 3, 5, 10 days
- Loss of bus privileges for the semester or school year
- Any other appropriate consequence as prescribed the school Code of Conduct, Student Handbook, or Georgia State Law

Public School Choice Options

Under state law passed by the Georgia State Legislature in 2007, parents of students who receive special education may choose to transfer their child to another public school or private school in Georgia. A parent can request a transfer to another public school within their school system as long as there is available space at that school and the school has a program with the services agreed to in the student's existing individualized education program. If the parent chooses this option, then the parent shall be responsible for transportation to the school. The parent may request a transfer to a school in another school system if there is available space and the system and school has a program with the services agreed to in the student's existing individualized education program. If the parent chooses this option and the school system accepts the child, then the parent shall be responsible for transportation to a school in that system. The parent may also request a transfer to one of the state schools for the deaf and/or blind operated by the State Board of Education. Acceptance into a state school will depend if that setting is appropriate for the student's needs. If the parent chooses this option, then the parent shall be responsible for transportation to the state school. Please contact the Georgia Department of Education for more information about transferring to a State School.

Private School Choice Option

If you are interested in transferring your child to a private school in Georgia, you may be able to take advantage of a Georgia Special Needs Scholarship. These scholarships provide funding that can be used to offset tuition costs at participating private schools in the state of Georgia. For more information on the Georgia Special Needs Scholarship and the parent application process, please visit the Georgia Department of Education's website at <http://public.doe.k12.ga.us/>.

Teacher Authority & Administrative Support

Georgia Code provides that a teacher shall have the authority to remove from his or her class a student who repeatedly or substantially interferes with the teacher's ability to communicate effectively with the students in the class or with the ability of the student's classmates to learn, where the student's behavior is in violation of the student's code of conduct, provided that the teacher has previously filed a report pursuant to Code Section 20-2-737 or determines that such behavior of the student poses an immediate threat to the safety of the student's classmates or the teacher. Each school principal shall fully support the authority of every teacher in his or her school to remove a student from the classroom under this Code section. Each school principal shall implement the policies and procedures of the superintendent and local board of education relating to the authority of every teacher to remove a student from the classroom and shall disseminate such policies and procedures to faculty, staff, and parents or guardians of students. Removal from the classroom may mean for as little as one class period or up to permanent removal. It will be the goal and expectation that all parties involved will work to restore the student's regular placement in the classroom where the student demonstrates appropriate respect for the classroom teacher and the learning environment.

School Closing Procedure

The primary consideration regarding whether to have school on bad weather days will be the safety of our children. Heavy rain, and on some occasions, snow and ice, cause some of our primary and secondary roads to become unsafe. If a threat to health and safety exists, school will be dismissed. Once the decision is made the local radio station will be used to communicate the decision. The superintendent will make a decision regarding school closing by 6:00 A.M. The decision will be communicated by WUFF 97.5 FM, or you may tune into Channel 13 WMAZ TV. In addition, the emergency calling system will be utilized. Therefore, it is extremely important to report changes in telephone numbers to your child's school. The call system pulls numbers from our student information system.

Discrimination or Harassment

The Board of Education prohibits discrimination or harassment and retaliation for reporting such acts against students on the basis of race, color, national origin, sex, religion or disability. Students/ parents are entitled to express concerns or dissatisfaction regarding discrimination because of race, color, national origin, sex, religion or disability. The purpose of this procedure is to describe a process that can be used to resolve such concerns or dissatisfaction. Students/parents may discuss matters informally with teachers, counselors and administrators at the school level. Special Education teachers and Special Education coordinator are also available to provide assistance to students and/or parents who feel that the school or school system has discriminated against students with disabilities. If matters in question in the above paragraphs cannot be resolved informally and the student/parent feels that a formal complaint should be made, then the student/parent should use the complaint process outlined in Policy JAA, which is available on the district's website.

Sexual Harassment

Sexual harassment can take many forms and it is not possible to define or itemize every aspect of the harassment forbidden by the School District. Sexual harassment may include conduct or speech that entails unwelcome sexual advances, requests or demands for sexual favors, taunts, threats, comments of a vulgar or demeaning nature, or physical contact that creates a hostile environment. There may be other speech or conduct which students experience as

inappropriate or illegal harassment, all of which is forbidden. Sexual harassment defined in the Federal Regulations implementing Title IX of the Education Amendments of 1972 is defined as follows:

Sexual harassment means conduct on the basis of sex that satisfies one or more of the following:

1. An employee of the District conditioning the provision of a District aid, benefit, or service on an individual's participation in unwelcome sexual conduct;
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District's education program or activity; or
3. "Sexual assault"- an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation; or
4. "Dating Violence"- sex-based violence committed by a person-
 - a. who is or has been in a social relationship of a romantic or intimate nature with the victim; and
 - b. where the existence of such a relationship shall be determined based on a consideration of the following factors:
 - i. The length of the relationship.
 - ii. The type of relationship.
 - iii. The frequency of interaction between the persons involved in the relationship; or
5. "Domestic Violence"- sex-based violence which includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction; or
6. "Sex-based Stalking" - engaging in a course of conduct directed at a specific person that would cause a reasonable person to-
 - a. fear for his or her safety or the safety of others; or
 - b. suffer substantial emotional distress.

Students, parents or other persons wishing to report alleged sexual harassment of a student should promptly notify the student's school principal, school counselor, or Title IX Coordinator. All reports or complaints regarding alleged sexual harassment of students will be handled in accordance with Board Policies JAA and/or JCAC, as applicable.

Student Reporting of Acts of Sexual Abuse or Sexual Misconduct

1. Any student (or parent or friend of a student) who has been the victim of an act of sexual abuse or sexual misconduct by a teacher, administrator or other school system employee is urged to make an oral report of this act to any teacher, counselor, or administrator at his/her school.
2. Any teacher, counselor or administrator receiving a report of sexual abuse or sexual misconduct of a student by a teacher, administrator or other employee shall make an oral report of the incident immediately by telephone or otherwise to the school principal or principal's designee, and shall submit a written report of the incident to the school principal or principal's designee within 24 hours. *If the principal is the person accused of the sexual abuse or misconduct, the oral and written reports should be made to the superintendent or the superintendent's designee.*
3. Any school principal or principal's designee receiving a report of sexual abuse as defined in O.C.G.A. 19-7-5 shall make an oral report immediately, but in no case later than 24 hours from the time there is reasonable cause to believe a child has been abused. The report should be made by telephone followed by a written report in writing. If requested to a child welfare agency providing protective services, as designated by the Department of Human Resources, or in the absence of such agency, to an appropriate police authority or district attorney.
4. Reports of sexual misconduct against a student by a teacher, administrator or other employee not covered by O.C.G.A 19-7-5 or 20-2-1184 shall be investigated immediately by school or system personnel. If the investigation of allegation of sexual misconduct indicates a reasonable cause to believe that the report of sexual misconduct is

valid, the school principal or principal's designee shall make an immediate written report to the superintendent and the Professional Standards Commission Ethics Division.

Drug Free Schools

Rationale

The foremost priority of the Dodge County School System is to provide a safe and secure environment for all students with a deliberate consideration for the well-being and health of each individual. An appropriate learning climate must be established and maintained to ensure such an environment. Since alcohol and other drug use is illegal and interferes with both effective learning and the healthy development of children and adolescents, the school has a fundamental, legal, and ethical obligation to prohibit drug use and to maintain a drug-free educational environment.

1. The use of illicit drugs and the unlawful possession and use of alcohol is wrong and harmful. A student shall not possess, sell, use, distribute, or be under the influence of any prohibited drug to include: alcohol, narcotics, depressants, stimulants, hallucinogens, amphetamines, barbiturates, or intoxicants of any kind. Use of a drug authorized by a medical prescription from a licensed physician shall not be considered a violation of this rule.
2. Disciplinary sanctions, up to and including expulsion and referral for prosecution, will be imposed if the standards of conduct are violated. The sanctions to be imposed for violations may include conferences, suspension or expulsion.
3. Information concerning drug and alcohol counseling, rehabilitation, and re-entry programs can be obtained from the school counselor or administrative staff.
4. Compliance with the standards of conduct is mandatory.

As a part of certain school/educational programs, students will participate in anonymous surveys periodically. If you prefer that your child NOT participate, please notify your child's principal in writing. Otherwise, consent is implied. A copy of all surveys is available for review upon request.

Equity in Sports

State law prohibits discrimination based on gender in athletic programs of local school systems (Equity in Sports Act, O.C.G.A. 20-2-315). Ray Hardin, Athletic Director
350 Pearl Bates Road
Eastman, GA 31023
(478)374-7711.

Inquiries or complaints concerning sports equity in this system may be submitted to the sports equity coordinator.

NOTICE TO PARENTS/GUARDIANS AND ELIGIBLE STUDENT OF RIGHTS UNDER THE FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

Under the Family Educational Rights and Privacy Act (20 U.S.C. 1232g) (the "Act"). You have a right to:

1. Inspect and review, within 45 days of a request, the education records of a student who is your child, or in the case of a student who is eighteen (18) years of age or older, or those who are emancipated, your own education records. Parents or eligible students should submit to the administration a written request identifying the record(s) they wish to inspect. The administration will make arrangements for access and provide notice of such arrangements.
2. Request the amendment of the student's education records to ensure that they are not inaccurate, misleading, or otherwise in violation of the student's privacy or other rights. To request the school district to amend a record, parents or eligible students should write the school principal, specify the part of the record they want changed, and specify why it is inaccurate, misleading or otherwise in violation of the student's privacy or other rights. If the district decides not to amend the record, it will notify the parents or eligible students of the decision and inform them of their right to a hearing. Additional information regarding the hearing procedure will be provided with the notification of the right to a hearing.
3. Consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that the Act and the regulations promulgated pursuant to the Act authorize disclosure without consent. One exception, which permits disclosure without consent, is to school officials with legitimate educational interest. A school official is a person employed by the district as an administrator, supervisor, instructor, or support staff member; a member of the school board; a person with whom the district has contracted to perform a specific task (such as attorney, auditor, or therapist); or a parent or student serving on an official committee (such as a disciplinary or grievance committee). A school official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his/her professional responsibility. Upon request, the school district forwards educational records without prior consent to another school in which the student seeks or intends to enroll.
4. File with the United State Department of Education a complaint under 20 C.F.R. 99.64 concerning the alleged failures by the Dodge County Board of Education to comply with the requirements of the Act of the regulations promulgated thereunder. The name and address of the Office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, S.W. Washington, D.C. 20202-4605.

Requests for an impartial hearing must be in writing to the school system's Section 504 Coordinator; however, a grievant's failure to request a hearing in writing does not alleviate the school system's obligation to provide an impartial hearing if the grievant orally requests an impartial hearing through the school system's Section 504 Coordinator. The school system's Section 504 Coordinator will assist the grievant in completing the written Request for Hearing. The Section 504 Coordinator may be contacted through the school system's central office. Copies of the 504 Procedural Safeguards and Notice of Rights of

Students and Parents under Section 504 may be found at the system website or may be picked up at the central office or at any of the school offices.

Inappropriate Access

Not all of the information freely available on the Internet is reliable or helpful. Students and employees must evaluate the source of the information, as well as the information itself, to determine its appropriateness and usefulness. In addition to providing information, the Internet is capable of providing the means to communicate directly with others via "instant or private messaging" programs, video conferencing programs, and other means. Also, there are many places and software technologies that will allow for the free exchange of files between computers over the Internet, such as email. Not all of these methodologies are appropriate for an educational environment as outlined in this document. Downloading or loading of software on Dodge County Schools' computers is prohibited. There is an enormous quantity and variety of free software available on the Internet. However, widespread downloading of such software on the School's computers has a cumulative negative effect, and can result in the substantial degradation of performance, additional maintenance time, and increased threat of virus infestation. All software purchases must be approved by the technology staff.

Students may not use school computers to access any Internet site or sites that contain information that is inappropriate for educational purposes or sites that teachers, staff or administration deem inappropriate for the instructional program. Examples of inappropriate information and/or content include, but is not limited to, the following:

- c. inappropriate contacts – materials that can lead to contact with strangers who could potentially threaten the student's health or safety.
 - i. If a student is uncertain as to whether or not a site's material might be considered inappropriate, the student should consult his or her teacher or a member of the administrative staff for clarification.

Privacy

School staff and administrators have access to student email for monitoring purposes. Students should have no expectation of privacy on the Google Apps for Education system. Limited personal use - Students may use Google Apps for Education tools for personal projects but may not use them for:

3. Threatening another person.
4. Misrepresentation of Dodge County Schools, staff or students.

Safety

Students will tell their teacher or other school employee about any message they receive that is inappropriate or makes them feel uncomfortable. Students are responsible for the use of their individual accounts and should take all reasonable precautions to prevent others from being able to use their accounts. Under no conditions should a user provide his or her password to another person.

Access Restriction - Due Process

Due to the rapidly changing technology environment, Dodge County Schools reserve the right to determine if an action not listed in this document is inappropriate, and the student may be subject to discipline.

Hardware

Student Chromebooks/Devices are managed in order to allow for student use of systems only for educational purposes. Under no circumstances is a student to attempt to modify the existing hardware configuration. Modification can be considered either opening the case or changing hardware or software settings. Students are responsible for any damage on their computers. Dodge County Schools Information Technology offers a Guest Network for connection purposes.

Contact

Each student and employee is responsible for all activity that occurs under his/her user account. Students and employees may not place information on the Internet that is inappropriate or unacceptable.

Students may not give out any personal information (e.g., address, phone number, user name, passwords, etc.) about themselves or about other people. Students may not use school computers for commercial purposes or political lobbying.

Improper Use and Content

Users may not use the Dodge County Schools Network for purposes of harassment, intimidation or bullying of others.

Bullying is the repeated use of a written, verbal or electronic expression, physical act or gesture, or any combination thereof, directed at another student that:

1. causes physical or emotional harm to the student or damage to the student's property;
2. places the student in reasonable fear of physical injury or of damage to property;
3. creates a hostile environment at school for the student;
4. infringes on the rights of the student at school; or,
5. materially and substantially disrupts the education process or the orderly operation of a school.
6. A hostile environment is a situation in which bullying causes the school environment to be permeated with intimidation, ridicule or insult that is sufficiently severe or pervasive to alter the conditions of the student's education.

Cyber-bullying involves an act of bullying through the use of technology or any electronic communication, including but not limited to electronic mail, internet communications, or instant messages. Cyber-bullying also includes the creation of a web page or blog in which the creator assumes the identity of another person; or, the knowing impersonation of another person as the author of posted content or messages, if the creation or impersonation creates any of the conditions described in the definition of bullying. Cyber-bullying also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons, if the distribution or posting creates any of the conditions described in the definition of bullying.

Dodge County Schools shall, in its sole discretion, determine whether such conduct violates this policy and any other policies of Dodge County Schools. Users must remember that material distributed through the Internet is public. On the Internet, there is no central authority, so each site is responsible for its own Users. Complaints received from other sites regarding any of our Users will be fully investigated, and disciplinary action may be taken as a result.

Social Networking Sites

While Dodge County Schools respects the right of employees, students and families to use social media and networking sites, as well as personal websites and blogs, it is important that any such personal use of these sites does not damage Dodge County Schools' reputation, its employees, or its students or their families. Student use of social networking sites is prohibited on Dodge distributed technology devices. All users should exercise care in setting appropriate boundaries between their personal and public online behavior, understanding that what is private in the digital world often has the possibility of becoming public, even without their knowledge or consent.

Dodge County Schools strongly encourages all employees, students and families to carefully review the privacy settings on any social media and networking sites they use (such as Facebook, Instagram, Twitter, Flickr, LinkedIn, etc.), and exercise care and good judgment when posting content and information on such sites. If an employee has a community that extends to persons who are parents, alums, or other members of the Dodge County Schools community, she/he must exercise good judgment about any content that is shared on the site.

Additionally, employees, students and families should adhere to the following guidelines, which are consistent with Dodge County Schools' community standards on harassment, student relationships, conduct, professional communication, and confidentiality:

- Users should not make statements that would violate any of Dodge County Schools' policies, including its policies concerning discrimination or harassment;
- Users must uphold Dodge County Schools' value of respect for the individual and avoid making defamatory or disparaging statements about the school, its employees, its students, or their families;
- Users may not disclose any confidential information of Dodge County Schools or confidential information obtained during the course of his/her employment, about any individuals or organizations, including students and/or their families.

Dodge County Schools has a strong interest in promoting a safe and supportive learning environment, as well as maintaining a positive reputation in the community. If the school believes that an employee's activity on a social networking site, blog, or personal website may violate the school's policies or otherwise may have a detrimental impact on the learning environment, the school may request that the employee or student cease such activity. Depending on the severity of the incident, the employee or student may be subject to disciplinary action. Dodge County Schools reserves the right to impose discipline, up to dismissal or termination, for any behavior on or off campus that Dodge determines may impair or negatively impact the reputation of the school.

All terms and conditions as stated in this Policy are applicable to the use of computer resources at Dodge County Schools, in addition to internet use.

Preservation of Resources

All resources are limited; computer resources are not an exception. Users are not to load software on any school computer. Each User is permitted reasonable space to store e-mail, Web, and personal files, as mandated by system file quotas. Dodge County Schools reserves the right to require the purging of files in order to regain disk space without warning. Users whose need for the resource is more pressing will have priority of space.

By signing this electronic technology and Internet contract, both student, parent/guardian and staff are stating that they have read the rules for acceptable uses of electronic technology, acceptable on-line behavior, understand the rules, and agree to comply with all of the above stated rules at Dodge County Schools. Violations may result in a loss of access as well as other disciplinary and/or legal action.

Compulsory Student Attendance

Georgia Code Section 20-2-690.1 establishes consequences for parents and students who fail to comply with compulsory school attendance. The law establishes that: "Any parent, guardian, or other person residing in this state who has control or charge of a child or children and who shall violate this Code section shall be guilty of a misdemeanor and, upon conviction thereof, shall be subject to a fine not less than \$25 and not greater than \$100, imprisonment not to exceed 30 days, community service, or any combination of such penalties, at the discretion of the court having jurisdiction. Each day's absence from school in violation of this part after the child's school system notifies the parent, guardian, or other person who has control or charge of a child of five unexcused days of absence for a child shall constitute a separate offense." Furthermore, it is recognized that students who miss more days from school typically do not perform as well in their academic achievement. For both educational purposes as well as for compliance with state law, parents or guardians are strongly encouraged to insure that students arrive at school on time, remain at school all day, and attend school unless extreme and justified circumstances merit their absence. The Dodge County School System's Attendance Protocol establishes penalties and procedures for enforcing excessive tardiness, early releases, and absences. Violation with the court sanctioned attendance protocol may result in referrals to the Department of Family & Children Services, Department of Juvenile Justice, and/or the Superior Court. Help us support student achievement by supporting student attendance.

Student Organizations, Clubs, and Co-Curricular Organizations

Each school offers unique opportunities for student involvement. These organizations are comprised of students who wish to organize and meet for common goals, objectives, or purposes and which are directly under the sponsorship, direction, and control of the school. The specific opportunities offered at each school are included in the school's student handbook. Any parent or legal guardian can decline permission for his or her student to participate in a club or organization by signing the form provided and returning it to your child's respective school.
