

## Community Council Notes

March 8, 2022

### Review:

February's meeting minutes were reviewed.

### Reading (K-3) Goal:

The goal from this year's plan was reviewed along with the funding that helped us reach the goal. The goal was to move from 57% to 62%. We got 60.7%, so we didn't achieve the goal. We improved over 3% though, so the interventions are working.

### Reading ML (K-6) Goal:

The goal from this year's plan was reviewed along with the funding that helped us reach the goal. The goal was to move from 38% to 41%. We achieved our goal because we got 51%.

### STEM Goals:

The goal was reviewed along with the funding. We worked on creating a STEM lab and continued doing the InfiniD Lab. We are working with a team to buy some more STEM supplies for the school.

### SEL Goal:

The SEL goal was reviewed from this year's plan along with the funding.

### Next Year Goals:

We would like to continue using the same areas for next year's goals because we want to keep seeing improvement in all the areas. A draft for next year's plan will be sent out so the committee can review and sign it.

### Next meeting:

March 31, 2022

## **Community Council Timeline**

✓ **Mar & Apr** - Prepare SIP, sign and submit late March

### **MISSION**

We Facilitate the Growth of all Learners.
