

Highlights of CAMP WEDS:

- A team of WEDS teachers and counselors leading summer groups with a focus on fostering and facilitating socialization, problem-solving, and relationship building throughout the day.
- Daily exploration and play at our local parks, swimming twice a week at Take Me to The Water Swim School, and daily visits to our rooftop "WEDS Lagoon".
- Summer learning blended into engaging activities, play, and games- all while maintaining our WEDS pedagogy. Reading, Math, Writing, Social Justice, and STEM sessions will be incorporated into the program to strengthen skills, build confidence, and prevent the "summer slide".
- WEDS Specialists joining the Summer Program to lead signature camp activities such as Sports, Music, Arts & Crafts, Drama, and Cooking!

- \$1,325 per week (\$1,060 for the shortened week of July 4th)
- \$7,600 for all six weeks

Our Program

Consistent with our year-round model, Camp WEDS is designed to provide students with a structured environment that fosters social-emotional and academic growth. Now picture that in a camp-like setting!

This year, we are looking forward to providing a blend of all of our favorite summer activities and giving our students even more opportunities to connect with their peers and WEDS faculty. Our six-week summer program will give our campers just what they need: a summer full of building strong friendships, exploring the outdoors, opportunities to foster social-emotional and academic growth, and chances to make memories.
