

YOUR PLATFORM FOR SHARING AND LEARNING

The Meemic Foundation's **Teacher-to-Teacher Resource Library** is your destination for personal and professional development needs. Educators and other real-world experts share tips and strategies to enrich your school and classroom experience.

We invite you to share your ideas! Whether you're new or seasoned, all educators can benefit from your experience. From classroom management tactics, first day of school ideas, student engagement tips, or school culture strategies. See a sample of what other teachers are saying at [MeemicFoundation.org/Events](https://www.meemicfoundation.org/Events)

"I LOVED this opportunity. I was able to share something I care deeply about in a way that encompassed my personality. This is such a great way to share a tidbit that is meaningful to you. The added bonus is that you get to celebrate teaching and make it possible for people to see the many great things you're doing for kids every day."
