

## **Westlake Drug Testing Opt-In Program**

The parent/guardian of any student (grades 7-12 only) can choose to have their student participate in Random Drug Testing (Board Policy 5530.01). By choosing to opt in, the parent/guardian is entering into an agreement to allow their student to be in the pool for a period of 1 school year. The cost of this service is \$80 and the student will be tested every time a random test occurs at the school they attend. (LBMS or WHS students only).
