Bourne School Committee
Curriculum Sub Committee
June 23,2011
MMA

Members Present: Jonathan O'Hara, Anne-Marie Siroonian, Laura Scena
Others Present: Steven Lamarche, Susan Quick, Christine Borning

Minutes: Accepted as presented

CD Team Update: CD Teams workshop for Co Facilitators was held at MMA. Susan presented a summary of the workshop with the exit ticket feedback. Online training in the morning. Co facilitators were ask to map a unit. The afternoon was spent with Mr. Lamarche and forming a vision and mission.

The entire CD team met today at MMA. Atlas curriculum mapping training and team developing. On Oct 7 the entire faculty will weigh in on what is being done by the CD team.

SSEC Update: Steven updated the committee on the new BMS schedule. Overall the presentation went very well. A little confusion about the eighth graders not having all of the A team classes. Question about health not being in the eighth grade schedule. Question about current issues and the anti bullying curriculum. Christine expressed her concern from the Director of Health that there will not be health in the eigth grade as this is a critical year in the development of this age group and the need for the health curriculum is essential for their growth and development. Some suggestions were to have the Physical Education teachers teach health as part of their curriculum. Steven pointed out that this age group also needs physical education as well. More discussion will need to happen with the incoming middle school principal.

Literacy Plan Roll Out: Literacy Action Planning Team will be presenting a lesson on a "Think Aloud" to the staff at the beginning of the school year.

Assessment Data Plan: The SRI will extend to grade 10. Steven will look to getting PSSS for Grade 9.

Future Agenda Items:
Review Sub Committee goals
Ongoing update on CD Teams
Assessment Calendar
Agenda for August 29th for Faculty Orientation Day
Next Mtg. August 22, 4pm at administration building.

Meeting adjourned at 4:30pm
