UNOFFICIAL TRANSCRIPT AUTHORIZATION:

In the event a coach requests an unofficial transcripts for prospective student-athletes, district policy restricts the amount of information we may release on a student without parental permission. To accommodate coaches and to support your child in applying for athletic eligibility, scholarship aid or admissions we would like to be able to share information about your child when the coach visits the school or makes a request via email or phone. Since it is impossible to secure written parental permission on short notice, we are making available a blanket release. The purpose of this form is to allow us to release your child's unofficial transcript to coaches.
