STUDENT GIFTS AND SOLICITATIONS

Gifts

The acceptance of personal gifts by school personnel from parents and/or students or school suppliers is discouraged as it can be subject to misinterpretation and a source of embarrassment of the school system and all persons involved. When families, students, or others wish to express personal appreciation to a teacher or other staff member, the School Committee urges them to find modes of expression that do not involve personal gifts.

Solicitations

In spirit, the School Committee supports the many worthwhile charitable drives that take place in the community; however, solicitations of funds for charitable purposes from students or by students will only be made with specific school building administrator's approval. Whenever such solicitations are made, no pressure will be exerted to obtain contributions.

Solicitation of funds for charitable purposes from students of the school system will be made only as approved by the building principal and Superintendent.

Any organization desiring to distribute flyers or other materials to students in connection with fund drives may do so only with the approval of the Superintendent.
