RELATIONS WITH PUBLIC SAFETY AUTHORITIES

Cooperation with public safety agencies is essential for the protection of students, for maintaining a safe environment in the District's schools, and for safeguarding all school property.

Relationships between the schools and officials of public safety agencies in investigative matters concerning pupils will take into consideration the respective roles of the schools and public safety agencies in assisting and protecting the interests of the community, and ensuring the rights of all concerned.

The School Committee also recognizes the potential enrichment that public safety agencies can make in the educational program.

Efforts should be made to develop and maintain a healthy attitude toward public safety agencies and personnel to promote better understanding and communication.
