Buildings and Grounds Security
Policy # ECA

FILE: ECA

BUILDINGS AND GROUNDS SECURITY

Public school buildings and grounds are one of the greatest investments of the town. It is deemed in the best interest of the school department and town to protect the investment adequately.

Security should mean not only maintenance of a secure (locked) building, but protection from fire hazards and faulty equipment, and safe practices in the use of electrical, plumbing, and heating equipment. The Committee expects close cooperation with fire and law enforcement departments and with insurance company inspectors.

Access to school buildings and grounds outside of regular school hours or school events will be limited. Every effort will be made to establish an adequate control system which will limit access to all facilities and/or sections of buildings to authorized personnel and will safeguard against the chance of entrance to facilities and buildings by unauthorized persons.

Funds and valuable records will be kept in a safe place and under lock and key.

Protective devices designed to be used as safeguards against illegal entry and vandalism will be installed when appropriate to the individual situation. Employment of security personnel may be approved in situations where special risks are involved.

Adoption Date: 9/6/2000, Revised: 6/28/2017; Reviewed/Adopted: 8/14/2019
