

College Credit Plus Steps **after Testing/Acceptance** into the Program

1. Be sure that our high school counselor gets a copy of your test results/acceptance letter.
2. Ask yourself what you are wanting to accomplish at your college of choice so you have a plan! It would be a good idea to write this plan out. (See the back of this sheet for more detailed guidance.)
3. Know what classes you definitely want to take at CHS and when they are offered:
4. Find out when the classes you are hoping to take at your college of choice are offered. You can do this on the college's website. Keep in mind you have the option of online and evening classes for more flexibility. (Ex. Edison State Community College: edisonohio.edu; I Am..."Future Student"; on left side "Search for Classes"; select appropriate term and review courses offered in that term and all related information)
5. You must have at least an equivalent of 6 full classes in your schedule, but you cannot exceed the limits in place with the College Credit Plus program.
6. Once you have chosen your classes for your college of choice, meet with your high school counselor to complete the scheduling/registration form. You may want to come to this meeting with *multiple options*. Please bring your options to the meeting in print with all the necessary information to complete the registration form.

*******My advice is to have all of this done by the end of April.*******
