

ROBERT C. SHOFF

Former mathematics teacher, to become high school principal.

## SCHOOL BOARD MOVES FORWARD

The Board of Education has elected Robert C. Shoff as principal of the high school. Mr. Shoff, a former teacher, left his teaching duties in the spring of 1944 to join the Armed Forces. It is expected that he will be discharged this summer and will return to West Lampeter High School in September. Mr. Shoff will be in charge of administration of the High School and Mr. Adams will remain as supervising Principal.

The School Board approved the rebuilding of the tennis courts. It is hoped that they will be in condition for the coming summer.

## SENIORS DISPLAY TALENT IN CLASS DAY PROGRAM

The Senior Class presented the annual Class Day program May 31, 1946. The curtain opened with a quartet singing the current popular "Gypsy". Bob Houser and Lloyd Rohrer continued with their presentation of "Jay and Kay". The class poem was read by Marion Breckhill, and was followed by an instrumental selection.

Tardiness proved to be a perplexing problem in "Lemon Pie for Andy". Dan Mack, President of the Senior Class presented the mantle to Dick Musser, resident of the Junior Class. Upon receiving the mantle, Dick, on behalf of the Class of '47, stated that they would carry out the high ideals that the Senior Class had demonstrated. The distribution of the gifts to the faculty and seniors proved very entertaining to the student body. Mildred Shenk rendered a solo.

The will was read by Miriam Myers. They closed the program with their Class Song and the Alma Mater.

## SOME IMPROVEMENTS THAT COULD BE MADE AT WEST LAMPETER

(This article was written by a violator of Patrol Court and read before court. It is an open letter to the "Tide").

West Lampeter could be a cleaner, brighter place in which to study and to cooperate in the activities of the school if quite a few changes could be made.

We should have stronger force behind the clean-up force behind the clean-up program. Every student should learn to put their lunch bags, popsicle sticks, wrappers and all other scrap paper in the waste can. We ought to try to have some pride at least in the appearance of our own homeroom. The waste can should be passed at noon and at the closing of school every evening to prevent a lot of paper from collecting in the halls, study halls and all classrooms. A committee should be appointed to draw the shades in the evening and to keep the chairs straight and in nice, neat rows.

There should be strict punishment for anyone found marring or marking up school desks. It makes it very difficult to write with so many chinks and lines on the desks arm.

Frequent inspections should be made to see that the lockers are in neat order and kept free of all unnecessary clothes and papers. More lockers should be put up to take care of every pupil, instead of cramming two or three student's belongings in one small locker. There just isn't enough room for all of the books and gym clothing that have to be kept there from day to day.

Some club should take over the responsibility of keeping the boys' and girls' shower room in good order. All gym clothing that are lying around the shower room from one week to the next should be put in a big box until someone claims them. The teams from other schools that have to dress in our shower rooms must surely get a bad opinion of our school. More showers should be installed so everyone could take a shower after each gym class and still be in time for their next period classes. There should be heat installed in the shower rooms to make it comfortable to dress for gym classes.

The lighting system could be greatly improved to prevent a strain on the eyes.

The plaster on the ceiling needs repairing and the leaks in the ceiling should be mended. The interior of the school could

(Continued on Page 3)

## F. H. A. SELECTS NEW OFFICERS

In the month of May new officers were elected to the F.H.A. The installation was very formal and the officers are to represent the year of 1946-47. Officers were elected as follows:

President . . . . . Evelyn Wenger  
Vice Pres. . . . . Evelyn Metzler  
Secretary . . . . . Mabel Shimp  
Treasurer . . . . . Helen Herr  
Reporter . . . . . Shirley DeVere  
Song Leader . . . . . Violet Stoner  
Parliamentarian . . . . . Ruth Keener  
Historian . . . . . Jacqueline DeVere

Also a trip was made to the first annual meeting of The Pennsylvania Association of the Future Homemakers of America by Shirley DeVere, a member and candidate for the Lampeter F. H. A. Club. The trip was made to establish new ideas for the club and also to learn more about parliamentary procedure. The 182 mile automobile trip took seven hours and most of the traveling was along the Susquehanna River or along the mountains. On Friday morning the whole town turned out to welcome the delegates, including a few members of the local high school band. Every county in Pennsylvania was represented and the candidates stayed at the Penn Wells Hotel, where the meals were served. Friday Evening a formal banquet was held. The speakers at this banquet and at the General meetings which were held in the Wellsboro High School were as follows: Dr. Hazel Frost, National Advisor of F. H. A. Washington, D. C.; Dr. Pauline Sanders, State Advisor; Dr. Paul L. Dressman, Director of Bureau of Instruction; Mr. Rock L. Butler; Mr. Walter G. Clark.

## ALUMNI ASSOCIATION WELCOMES NEW MEMBERS

To conclude the activities of commencement week the Alumni Association will entertain the classes of '45 and '46 on Friday, June 7 at 8:00 p. m. There will be a buffet luncheon. The entertainment will be presented by the class of '46.

## RIFLE CLUB MEMBERS HARD AT WORK

The rifle club is making a concrete base on which to shoot from and they plan to make an entrance to the range from the cellar steps.

Several boys are sending letters to other schools to schedule meets for next year.

## SENIOR ACTIVITIES INCREASE, HOLD BACCALAUREATE SERVICES

### 46-47 (WE LA HI TIMES) STAFF APPOINTED

After much consideration of the new applicants and former members of the Tide Staff, the staff for the 46-47 term was appointed. There are new columns to be added and some old columns have assistants for the first time.

These people were selected because of initiative, ability, cooperation and intelligence to do work on a school paper.

Because of circumstances beyond our control, that took place this year, the school paper was not in any way what it should have been. It is apparent that a more efficient staff will govern the high school paper next year.

They are as follows:  
Editor-in-Chief — Doris Mylin  
Associate Editors—Shirley Mylin, Delores Taylor  
Bus. Manager — Clyde Ulmer  
Circulation — Jean Shell, Robert Hackman  
Alumni—Anna Mae Holtzhauer  
Exchange — Edna Keller  
Humor — Gloria Gove  
Feature — Nancy Witmer  
Associates — JoAnne Brubaker, Grace Mylin  
Girl's Sports Editor — Barbara Kreider  
Boy's Sports Editor — Dale Campbell  
Photography Editor — Stewart Rentschler  
Narrative Editor — Betty Groff  
Reporter — Betty Fryberger  
(Continued on Page 4)

### Did You Answer Correctly?

Can you answer this one? No, well you'll have to suffer the consequences. The Senior quizmaster, Robert Houser, repeated this many times to the eight selected contestants. Of course the consequences were very enjoyable to the students but not to the contestants. Naturally it was not easy to be fed worms (spaghetti) and like it; sing a love song to a seventh grader or pay 98c for your boy friend (my, but they are inexpensive — we can all afford one).

To balance the humorous side the class presented their talented drum player, Dan Mack, who played "Drum Boogie" accompanied by Mrs. Horton and Evelyn Groff. In addition to this they sang their own arrangements of "Onesy-Twosy", "Sioux City Sue", "My Guy's Come Home", and "I'm Always Chasin Rainbows".

Baccalaureate was held in the High School auditorium on June 2 at 8:00 p. m. Included in the devotional part of the program was the girl's chorus, which sang Mallotte's Lord Prayer and the mixed chorus, which sang Bless This House. The Baccalaureate address was given by the Rev. Cornwell Beamesderfer.

### Plan Commencement Exercises

Commencement for the 32 Seniors of the W. L. H. S. will be held Wednesday, June 5 at 8:00 p. m. Following tradition the processional will be used and as is the custom two Junior class representatives, Nancy Witmer and Elsie Aston, will lead the processional. Mr. Paul Burkholder, formerly from Ephrata and now Supervisor of Rural Education for the State of Delaware will be the commencement speaker. The theme of the student orations is *The People, The Problems and The Peace*. Martha Meck will discuss juvenile delinquency. Robert Breneman's topic is the food problem. Dan Mack will speak on peacetime military conscription. Mr. Harry F. Houser, secretary of the school board, will present the diplomas.

To carry forth the musical part of the program, the Girls Chorus will sing "In a Monastery Garden", with Jean Landis as soloist, and the mixed chorus will sing "This Is My Country".

The decorations will be carried forth in the class colors, aqua and black, class flowers, the talisman rose, and palms, ferns and other spring flowers.

### MUSICAL ASSEMBLY

On Friday, May 10, we listened to an interesting assembly given by the Music Club. The Club opened the program with "The Star Spangled Banner" accompanied by Herr Shenk on the trumpet. They sang their theme song "Blue Notes", written by Evelyn Groff and then "La Palomer". Having studied Fred Waring music, they sang four of his arrangements, "Kashmira Song" featuring Jean Landis and Betty Fryberger, "The Night Is Young" with Jeanette Barley as the soloist, "I Dream of You" and "There Are Such Things". Dan Mack and Paul Frey sang one of Dan's own arrangements, "Wishin". The Club ended the program by the singing of their theme song "Blue Notes".

## EDITORIAL COMMENTS

### WELL DONE!

As Editor of the Tide I would like to thank the members of the Tide staff for the splendid job which they have done during the 1945-46 school term. Through their efforts we have been able to present a condensed version of the highlights of the school year.

All this could not have been done without the capable assistance of our advisor Mrs. Reed and the untiring efforts of the Associate Editor Doris Mylin.

Now with the end of the term in sight I leave the responsibility of the editorship to Doris Mylin and wish her lots of luck in producing the "Lamp-Post" during the coming year.

### FAREWELL!!

It was a beautiful summer day. The sun was shining brightly and a light breeze was blowing o'er the tree tops where the birds were singing sweetly after having built their new homes. It seemed, well, it was really a perfect day. The gardens were full of summer flowers like rambling roses and such, the meadows were filled with wild flowers and in the forests small creatures ran about beneath the shaded trees.

Yes, and on a day like this when nature was wonderful we were sitting in school. In the classroom some of the scholars slumped in their seats while others moved restlessly about for the lesson seemed far from interesting on a day like this. Why, just think only a few more days of school. No wonder everyone was unusually restless and noisy.

The thoughts which filled the scholars were many and varied much. Some thought of what they would be working at—either at home, or maybe a job at the shore, or in town while others wondered whether the family would take a vacation and just where it would be. No matter what their thoughts there were few who were concentrated on the lesson. But teachers can you blame them? We'll wage that you're just as anxious for a summer vacation as we are.

So as the days go by and the hour draws near of the morning of June 5 let us make these last days useful days and get everything out of them that's possible. To the Seniors we say farewell and wish them lots of luck and to everyone else, a nice summer vacation.

## LAST ROLLER SKATING PARTY OF YEAR

On the evening of May 8 students as well as teachers came out to Maple Grove for an evening of fun. It was our last roller-skating party of the year which was sponsored by the Thalian Society. Mr. Rentschler, Mr. Kauffman, Mrs. Mahoney and Mrs. Reed represented the faculty. Mrs. Reed being the chap-

eron. Quite a few people did a nice job of sweeping up the floor. But all in fun everyone seemed to have a grand time. Since it was over at 10:30 everyone had the chance to get in early and get a good night's sleep. (ahem).

Seen at the Skating party: Emmett Beamesderfer fell with two girls.

Dale and Shirley as usual. Mr. Rentschler doing the two step.

## HOROSCOPE OF W. L. H. S.

As I drove to school in my out of date helicopter I thought how awful it must have been way back in 1946 going to school in an old broken down bus but perhaps you rode in a newer one. The road was bumpy and the bus bounced so much you flew to the roof but those days are over and the old school building has been torn down and a larger and better one has been built.

HERR SHENK is now principal and Mr. DENNIS BEECHAM is supervising principal. DORIS MYLIN ULMER is still advisor of the Tide (We La Hi) and Mr. STAPLETON is spending his time trying to teach the students to entertain themselves (the old fashioned way).

Mr. RICHARD HESS (Little Dick) has taken over Boys Physical Education and BETTE FRYBERGER is in charge of Girls Gym.

Professor RUMMEL has taken Mrs. HILTON'S place as librarian and finally after 8 years in Millersville State Teachers College has learned enough English to teach only 7th grade.

DOLORES TAYLOR is still taking tenth grade Geometry and doesn't know when she will know enough to stop.

We also have two new janitors, Mr. LLOYD HENRY and Mr. DALE CAMPBELL.

Instead of blackboards, chalk and erasers we have moving pictures and colored slides. (No more throwing erasers). The steps are not steps any more but escalators have taken their place. Some of our faculty is afraid to ride the escalators so they have dictaphones from the office.

The baseball and basketball teams have won all honors it is possible to win in Pennsylvania so they are now trying to win the National Championship. Will they succeed? (I doubt it).

Incidentally did you know that Mr. ROBERT HACKMAN planned our new modernized building and donated the cement blocks.

We can all dream, can't we?

## Bulletin Board Displays

If you happen to have a spare minute or two and can't find anything to do, drop around to our Music Room and feast your eyes upon Mrs. Horton's bulletin board. Mrs. Horton is very much interested in photography and collects mostly musical illustrations. She collects the majority of her pictures from photography books and musical books.

Mrs. Horton takes great pains in making her bulletin board interesting and not only is this educational but it helps make our music room attractive.

## THE IMPORTANCE OF GETTING AN EDUCATION

I suppose this topic has been written upon many times and in all generations gone by. Perhaps too, the casual observer, might pass up such a thought as that much more academic high-brow-ing. But this age, perhaps more than any other, demands educated people to plan and understand world peace. Here is where you come in. I mean students in West Lampeter, and students everywhere.

It is extremely important that our education begins to assume some measure of moral and spiritual responsibility.

In 1924 Winston Churchill prophetically wrote that mankind "Without having improved appreciably in virtue or enjoying wiser guidance . . . has got into its hands for the first time the tools by which it can unfailingly accomplish its own extermination."

We are living in a time in which civilization is engaged in a suicidal business. Something besides bombs, ships, guns, and armies must become ascendent if civilization is to survive: moral values; namely, a faith in man as an individual, and spiritual laws.

The Hebrew prophet Micah says, "You must no longer worship things you manufacture." We need to take this truth seriously with reference to our education and our religion.

If we are to retain democracy we cannot go on educating our people without giving some attention to the great faiths and ethical principles that made democracy possible.

Then, in the end, what is it that counts? It is the individual person with a high regard for personal duty.

Sir Alfred Zimmern, one of our leading experts on international affairs, walking in the gardens at New College, Oxford, was asked by Basil Mathews, "What, in your opinion, is the greatest obstacle between us and the building of enduring world peace?" And his answer was, "The small-scale individual. An individual then is more than himself—he is himself plus what he stands for.

In the unfolding of world events we need a strong system of education. This should be based upon the sanctity of the individual reaching for moral and spiritual concepts in the peace that is to come. Somebody said, "It is easier to fight for our principles than to live up to them." Noah was magnificent while the flood was on, but when the deluge subsided, he relaxed, let down, and became intoxicated. Human nature is still pretty

## ALUMNI

Ruth Rohrer '41—is one of the four Pennsylvanians chosen on the basis of outstanding records as delegates to represent the state at the National 4-H Club Camp to be held June 11 to 18 on the campus of American University, Washington, D. C. Ruth is now spending most of her time working at home.

Bill Nolt '41—has at last returned to the states. Bill has just recently been transferred to Norfolk, Virginia.

Glenn Mellott—has returned from Shanghai, China. He is now stationed at Bainbridge for medical treatment.

Laverne Shank — is now taking his basic training at Aberdeen Proving Ground, Maryland. Laverne plans to finish his schooling while in the army.

Nancy Miller '44 — is attending Millersville State Teachers College.

Mary Jane Heagy '44 — is working at John W. Eshlemans in the office as a stenographer.

Parke Rohrer '43 — has recently been discharged from the Army Air Corp. Before his discharge he was stationed in Oklahoma. He was sent to Fort Meade, Maryland to be discharged. Parke is helping his father as a plumber during the summer, after which he expects to attend college at Lehigh University. He is going to take a course in Mechanical Engineering. While in the army he worked on airplanes as a Mechanical engineer.

## THAT'S WHAT THEY SAY

What Don't You Like About A Boy

"I don't like a boy who is a sissy!"

"A fellow who is always bragging about himself is very disgusting".

"They don't dress neat enough".

"One that is jealous".

"One that stands a girl up".

What Don't You Like About A Girl?

"They're too changable".

"I don't like a girl that two-times you!"

"One that swears".

"They are gold-diggers".

"Always talking!"

much the same. Our postwar era illustrates this very well.

In summing up this thought, do you see why it is important to get formal education and the proper perspective on life? It is one of the hopes for building and maintaining peace.

Robert L. Adams  
 Supervising Principal  
 May 13, 1946

## WHITE AND BLUE DEFEAT MANHEIM TWP.

The White and Blue really showed Manheim Township what they were made of. Behind the pitching of Kenny Simmons the team won 10-9. This really winds up a good season. Don Good ace left hander was knocked out of the box in the third inning allowing 7 runs. Dick Hess our catcher really threw the ball to nip 3 of the Manheim Township players trying to steal. The results were as follows:

| Lampeter        | AB        | R         | H        | A        | O         | E        |

## THE END OF SCHOOL

The end of school has finally come, And we're glad one and all We can romp in the fields and chase the birds, And forget about study hall.

No lessons at night will we have to do Instead we'll play out doors. Going to bed as late as we like, And read funny books by the scores.

In morning we can stay in bed till noon, And not think of hurrying to school, If its warm outside to our delight We can swim in the swimming pool.

When we come home we can do our chores, And settle back and be gay We can read a book or go to a show, To see Van Johnson and Alice Faye.

These are some of the reasons why we are glad, Teachers, pupils and all But we'll look forward for school to start, When summer has passed and it is fall.

## TUBERCULOSIS SOCIETY SPONSORS X-RAYS

The Tuberculosis Society of Lancaster County appeared on Monday, April 29, to take x-rays of all pupils who wished this special service. The x-rays were taken to determine definitely if you have tuberculosis. Miss Mary E. Long, a public health nurse, said that the plates will be returned to the individual and their family doctor, probably within the next 3 or 4 weeks. These x-rays will give you a general idea of the condition of your heart, lungs and the chest area as a whole.

The Society is a National Organization that is sponsored entirely by the Christmas seals that people buy. They receive no apportionment from the state or national government. So you can see why it was necessary to charge each person who took the x-ray, a dollar.

All those people who have definite indications of Tuberculosis on their returned plates will be followed up with treatment, at the expense of the T. B. Society.

To take these x-rays at the school it required two experienced technicians, Mr. Hyers and Mr. Wally who with the x-ray machine were contracted from the Powers X-ray Service Company of New York; Miss Edna Hoffa, general secretary; Miss Ruth Schmid, office secretary; and Miss Velma Hart also assisted with the taking and filing of the x-rays.

## OPEN LETTER

(Continued from Page 1)

stand a real going over sometime this summer.

A few more seats could be added in the study hall. Most of the seats should be equipped with arms in study hall.

The cafeteria set-up could be improved so the cafeteria line could be taken care of quickly, and still allow sufficient time between classes to talk to your friends and go outside.

There should be a door leading to the rifle range instead of interfering with the classes in the gym to get to the rifle range.

The Commercial Department could be enlarged by adding more typewriters and tables and better commercial equipment to work with. The Sophomores should be given an opportunity to begin the commercial course in their 10th year as do other schools.

All in all our school could be greatly enlarged to take care of the overcrowded conditions which have taken place already in our school.

"VACATION FROM SCHOOL"

by M. Meck.

## FRESHMAN CLASS VISIT GETTYSBURG BATTLEFIELD

On May 17, the Freshman class took a very interesting and educational trip to Gettysburg Battlefield.

We arrived at Gettysburg about 10:30 a. m. We first entered a building in which souvenirs were sold. In the back part of the building there is a Museum containing guns, bayonets, canteens, shells, and several other remains of the Civil War. There was also a map of the Gettysburg battlefield with different colored lights representing different armies and important places. The attendant with this map pointed out happenings of the three day battle at Gettysburg.

After eating our lunch on the battlefield, we started our tour. We began about the middle of the field and made a complete circle of it. The Battlefield in all has a radius of about 16 miles. There were two guides accompanying us, pointing out the places of interest as we went. We stopped at the Eternal Light Peace Memorial in front of which several pictures were taken of the class. We saw many other places of interest such as High Water Mark, Devil's Den, and Pennsylvania Memorial. Our last stop was at the Jennie Wade house.

We had an enjoyable trip and arrived home about 5:30 p. m. Besides having a good time we acquired much valuable historical knowledge which would have been very difficult to obtain otherwise.

Joanne Brubaker

## EXCHANGE

### THE FLASH

The students of East Hempfield Township High School raised their Bond sale in the last year to a \$16,000 mark.

East Hempfield Township High School Landisville, Pa.

### LAMP-LITE

The Dramatic Club of East Lampeter High School presented its first public play "The Firebug" on May 4th. The Firebug was a mystery-comedy drama written by Robert St. Clair.

East Lampeter High School Lancaster R. 5, Pa.

### HI-LITE

The Orchestra Band and Chorus of Manheim High School presented a concert on May 3rd and 4th.

Manheim Township High School Neffsville, Pa.

### MANOR HI-LIGHTS

#### Humor

Boss (storming): You're fired.

Stenographer: Fired? That's news to me. I always supposed slaves were sold.

Just before a North African battle was begun, the commanding officers shouted: "The German's are coming, men, and we're outnumbered four to one, so do your stuff." Old Joe, a Kentucky mountaineer, began to blaze away, but in about five minutes he stopped and leaned his rifle against a rock. "What's the matter?" asked the officer. "Well, I got my four," replied Joe.

Millersville High School Millersville, Pa.

**JUNIOR HIGH INCREASES**

Have you noticed a new seventh grader? Yes, Norma Bowers is the answer. She lives in Willow Street and came from The Rising Sun School which is located in Maryland. Norma's leisure time is spent bicycle riding. Taking a liking to popular music she dances. Her favorite subject in school is history and her favorite sport is baseball. Among her movie stars she chooses Shirley Temple and Roy Rodgers.

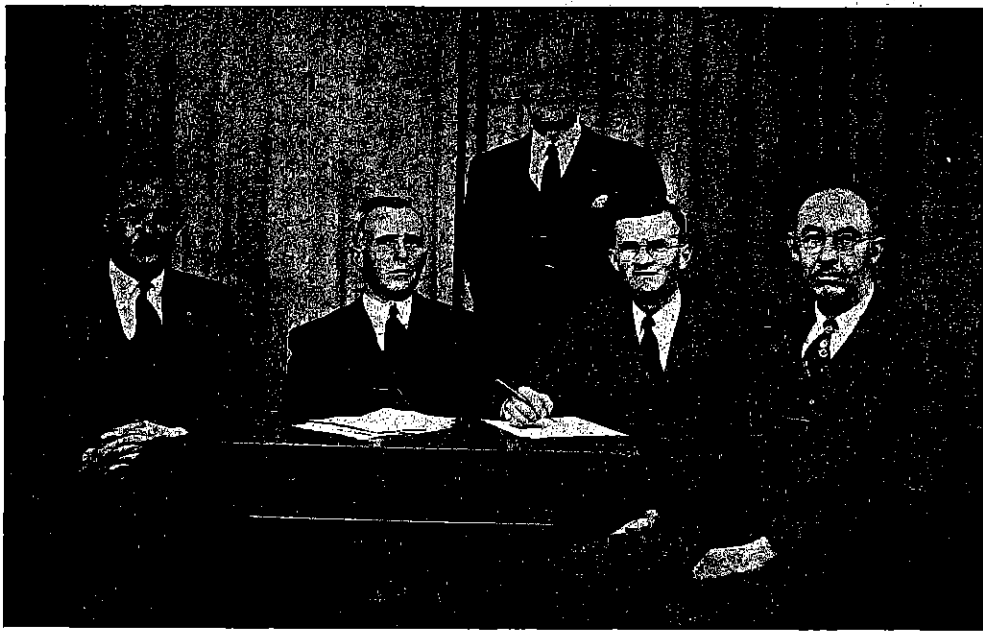

**G. R.'s Hold Fashion Show**

At a recent meeting of the Girl Reserves there was a fashion show. Members of the club wore different combinations of Sport clothes and Date dresses.

They also took a hike with the Hi-Y on May 15.

**SONG HIT STORY**

All Through The Day I'm Glad I Waited For You because The Moment I Met You I knew it was just, Oh What It Seemed To Be. While you are Laughing On The Outside you show more Personality and after One More Dream you may be mine. You Won't Be Satisfied Just A Sittin' And A Rockin' or baking Shoo-Fly Pie And Apple Pan Dowdy. So Take Care and Some Sunday Morning we'll say Here Comes Heaven Again and it will be such a Temptation that you'll Love Me forever.

By Dorothy Winters

**CAMERA SHOTS**

The camera club is developing pictures which Mr. Adams took. They are trying to get films for their pin-hole camera's. If they can get films, they are going to take pictures and develop them themselves.

**46-47 STAFF APPOINTED**

(Continued from Page 1)

Next year the remainder of the reporters will be announced.

The committee to choose a new name for the school paper has decided to restore the old name, "The We La Hi Times," to its original place on the front page. With this name all the good points of the former High School paper are expected to return.

You can tell a freshman by the way he gawks.

You can tell a sophomore by the way he walks.

You can tell a junior by the way he talks.

You can tell a senior—but you can't tell him much.

Selected

**STUDENTS ENJOY FILMS**

"Trigger Happy Harry", sponsored by the Rifle Club showed us the rights and wrongs of using any fire arm.

"The South Sea Magic of Swim Fins", was presented through the courtesy of Horst, Lichty & Frey Sports Store. It showed the part swim fins are playing in the South Seas and waters of the United States.

Mr. Kauffman showed a review of high school days at Lock Haven. It displayed tumbling acts in which Mr. Kauffman himself took part.
