What is this: This camp is a program wide camp for all Volleyball Athletes. We have an expectation that all who will play at HS level will attend as it is a pre-build and opening of our 2022 Fall Season. We will have 1 - 2 college coaches running the camp. Last summer the girls found they learned so much as did we as coaches. We are excited to be teaming up again with this group out of California to provide a local camp with a lower cost than other college camps in the area. "Volleyball 1on1 camps help players become excellent communicative, goal-setting, self directed, critical thinking lifelong learners who thrive in competition and under pressure, who know how to work as individuals and / or with a team as a member or a leader while being fair and considerate of others." Andor Gyulai, Volleyball1on1 Co-Founder
