

Music vision Statement

At Stockton Primary School music forms an important part of the curriculum. We want children to gain a good understanding of what music is through experiences such as listening to different types of music, singing, playing musical instruments, evaluating and composing. We also promote a love of music and a sense of the life enhancing opportunities of being involved in and appreciating music.

We aim to provide children with rich learning experiences which will develop a broad knowledge of musical types and traditions and develop skills in the key areas.
