

STPSB – SCREENING COVID Referral

- All STPSB employees *suspected* positive for COVID-19 are encouraged to call Ochsner Employer Connect (OEC) (**1-833-OCHSNER**).
- You should identify yourself as a STPSB employee.
- OEC staff will provide coordination of your care:
 - You will be encouraged to go to an Ochsner affiliated Urgent Care for a COVID visit and testing. This will likely eliminate the need for a physician's office visit when you are ready to Return to Work.
 - You will also be given the option to see your own Primary Care Physician.
 - A visit with an Ochsner affiliated Urgent Care physician will expedite the coordination of your Return to Work.
 - OR you will need to coordinate your Return to Work directly with your Primary Care Physician and contact the STPSB Human Resources Department at 985-898-3254.
