- Digital Citizenship
 - We had a NetSmartz assembly for grades K-2 and 3-6 in the first semester.
 - In the second semester, our computer specialist prep teacher will review and emphasize the things talked about in the NetSmartz assembly.
 - We have NetSafe for grades 3-6. The teachers are able to see what is on the screen for all of their students' devices at all times and can also search their history.
- School Safety
 - We discussed safety at the roundabout and crosswalks before and after school. The police chief reinforces safety at our Student of the Month lunches as well.
- Hope Squad
 - We will be starting a Hope Squad at Doxey. This is a suicide prevention program. It is to empower our students to be supportive and allows for peer-to-peer leadership. We will have 2 students per class in grades 4-6 that will join the Hope Squad. The members will be nominated by their peers and then will be approved by their teachers.
- Teacher Student Success Plan (TSSP), formally School Improvement Plan
 - We reviewed the TSSP for SY2021. We also went over the plan for SY2022 and changes proposed for it.
