## Excellence in the Classroom

LCHS Instructional Coaches strive for excellence in the classroom by fostering teachers' continuous learning around high effect size, instructional practices as shown in the [LCHS Instructional Vision](#) (link) Our Vision provides a common language/targets for [Student-Centered Learning Labs](#) (link) and the [Student-Centered Coaching Model](#) (link).

Whether participating in a Lab, Wednesday early-out Study Group, or a Coaching Cycle, it is our mission to provide teachers with multiple formats and opportunities to engage in professional discourse. Our goal is to ensure teachers are provided individualized professional learning that is grounded in instructional best practices while keeping student results the primary focus.

**Respect Retreat**  
All 10th graders working on making a commitment to respect themselves and others. No bullying allowed!

### Fall Play

## Our Community of Excellence

- Over 70% of students from the class of 2017 earned college credits while at LCHS and 37% earned a semester's worth college credits or more
- Students have earned over 4500 positive referrals so far this year
- 95% of students will leave LCHS with post-secondary education plans

### Veteran's Day Assembly
