***Construction is scheduled to begin in 2023, and
YOUR SUPPORT MAKES A DIFFERENCE***

The district is exploring grant money and partnerships, as well as advocating for federal funding. However, there could be a tax increase of approximately \$90 per year, on a house assessed at \$125,000 (approx. \$720 total in 8 years). With your tax dollars and support, we can realize these improvements and have 21st-Century facilities for our students and staff.
