## **2021-22 Second Interim Report**

### **SECTION I**

### **DISTRICT FORMATS**

## CRITERIA AND STANDARDS FOR REVIEWING SCHOOL DISTRICT INTERIM REPORTS

The **Second Interim Report** provides an opportunity for the second review of the District's budget for 2021-22. Financial projections have been updated to reflect new information received and board action taken since the approval of the first interim report. In addition, projections are provided of revenue and expenditures for the remainder of the year and for two additional fiscal years.

The following narrative is presented in the same sequence as the accompanying **2021-22 Second Interim General Fund Summary – Unrestricted/Restricted Revenues, Expenditures, and Changes in Fund Balance**. Individual summaries of unrestricted and restricted General Fund Revenue and Expenditures are also included.

### **A. REVENUE**

- 1) Property Tax/LCFF – There was no change to overall total property tax estimates. Revenues from secured property taxes are projected to be \$59 million. This projection is based on data gathered from the Orange County Auditor-Controller and represents growth of approximately 3.53%. The District will continue to monitor the property tax projections and any impact it may have on the operational budget.
- 2) Federal Revenue – When compared to the first interim budget, federal revenues are slightly lower by \$10,480. Projected amounts were revised based on actual award allocation of federal revenue.
- 3) Other State Revenue – State revenue increased by \$1,002,610. The large increase in state funding is the result of the Budget Act of 2021 which committed funds to numerous education programs. This included one-time Prop. 98 funds available over five years to provide schools with resources to expedite professional development for teachers, administrators, paraprofessionals, and classified staff that interact with pupils. It also provided expanded learning funding for before and after-school programs and \$118,234 for Laguna Beach schools to support planning and implementation costs associated with expanding transitional kindergarten.
- 4) Other Local Revenues – Other local revenues are derived from a variety of sources including bus passes, donations, interest earnings, special education funding and other miscellaneous revenues. This category increased by \$92,870, primarily from kind donations received from SchoolPower and PTA.

### **B. EXPENDITURES**

- 1) Certificated Salaries – Expenditures for certificated staff are projected at \$27,835,855 which is a decrease of \$228,525 compared to the first interim budget. Adjustments reflect actual staffing levels in certificated positions. We continue to see fluctuations resulting from staff shortages intensified by the pandemic. Various strategies have been employed to stabilize and support the educator workforce.
- 2) Classified Salaries – Expenditures for classified staff are projected at \$10,406,411 which is a decrease of \$29,340 compared to the first interim budget. Adjustments reflect actual staffing levels in classified positions.
- 3) Employee Benefits – The benefit category decreased by \$43,870. The budget was adjusted to reflect the salary adjustments as noted above.
- 4) Books and Supplies – An increase of \$151,949 in Books and Supplies is a result of budgeting for expenditures in support of multi-tiered systems of support program (MTSS) and accelerated learning. Curriculum for the Do the Math is serving as a math intervention program for supplemental learning and the fruition of the new Integrated

Science II at the high school is the second course in the science pathway that meets UC/CSU science requirements for admission.

- 5) Services and Other Operating Expenditures – An increase of \$361,706 in services and other operating expenditures can be attributed to higher costs in operations resulting from persistent labor market instability, sustained high inflation and ongoing global supply chain disruptions.
- 6) Capital Outlay – An increase of \$118,080 in Capital Outlay is due to the library upgrades in support of 4 C's Learning Environment (4CLE).
- 7) Other Outgo – No changes at Second Interim.
- 8) Transfer of Indirect/Direct Support Costs – No changes at Second Interim.

#### **D. OTHER FINANCING SOURCES AND USES**

- 1) Interfund Transfers- Covid federal and state funding was a one-time allocation yet the services and work to address and accelerate student learning, will continue beyond. Inflation has grown rapidly in recent months, rising by 7.5% over the past year due to the pandemic-related supply chain disruptions. With all of these variables testing the agility and resilience of all aspects of business, including strategy, there's no better time to evaluate the tools and processes used to leverage and manage strategic risk.

As we all try to find our way in this new normal that is actually not-so-new and still not-so-normal, each step should be evaluated, looking down the path, imagining the future, planting first one foot and then the other. At this time, reserves remain adequately funded within the parameters defined in board policy 3100. Transfers out of the general fund have been adjusted to maintain higher levels of funding in the general fund for added flexibility.

#### **F. FUND BALANCE**

Fund balance meets requirements, as it is not less than the sum of its components.

### **SUMMARY**

#### **CASH FLOW ANALYSIS**

Requirements are met as an analysis indicates that there will not be a negative cash balance at or before the end of the fiscal year.

#### **MULTI-YEAR COMMITMENTS**

There have been no multi-year commitments in the General Fund since budget adoption.

#### **CONCLUSION**

At this time in the fiscal year, the District is in a satisfactory financial condition. It is recommended that, based upon the **Second Interim Report**, the Governing Board approve the following:

1. A "**Positive Certification**" that this District will be able to meet its financial obligations at year-end and two subsequent fiscal years.
2. Revisions to the Operating Budget as outlined in this report.

**S8. Status of Labor Agreements**

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since first interim projections, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues and explain how these commitments will be funded in future fiscal years.

**If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:**

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.

# LAGUNA BEACH UNIFIED SCHOOL DISTRICT

## FUND DESCRIPTIONS

**FUND 01** **The General Fund** is the chief operating fund for Laguna Beach USD. It is used to account for the ordinary operations of the district. All transactions except those required or permitted by law to be in another fund are accounted for in this fund. Restricted projects or activities within the general fund must be identified and reported separately from unrestricted projects or activities.

**FUND 11** **The Adult Education Fund** is a separate fund used to account for state appropriations and to finance specific programs for the education of adults. Funds can be expended on salaries, benefits, supplies, books, services, and equipment related to adult education programs (Education Code Section 52616.4).

**FUND 13** **The Cafeteria Fund (Nutrition Services)** is used to account separately for federal, state, and local resources to operate the food service program (Education Code sections 38090-38093). The purpose of the food service program is to provide nutritious meals to the students. The District participates in the National School Lunch Program and the School Breakfast Program. The District serves approximately 500-550 lunches and 200-230 breakfasts to the students from kindergarten through twelfth grade on a daily basis.

**FUND 17** **The Special Reserve Fund for Other Than Capital Outlay Projects** is used primarily to provide for the accumulation of moneys for general operating purposes other than for capital outlay (Education Code Section 42840). On May 11, 2004 the Board of Education approved the target of reserving two-thirds of the Community Funded differential (the difference between Revenue Limit funding and Community Funded funding) to be achieved by June 30, 2009. Funds reserved for the Community Funded differential are deposited into this fund.

**FUND 25** **The Capital Facilities Fund (Developer Fees)** exists to account for monies received as mitigation fees levied on developers, property owners or other agencies as a condition of approving new development or additions to existing real property. The authority for these levies may be local government ordinances (GC 65970-65981) or private agreements between a school district and the developer. Expenditures from this fund are to be used for the purpose of funding the construction or reconstruction of school facilities (Education Code sections 17620-17626).

**FUND 40** **The Special Reserve Fund for Capital Outlay Projects** exists to account for the accumulation of moneys for capital outlay purposes (Education Code Section 42840). This fund is separated into three sub-funds in accordance to with resolutions #01-02, #14-02 and #14-03.

**Sub-fund 4040** exists to account for the **Facility Repair and Replacement Program (FRRP)**.

**Sub-fund 4041** exists to account for the **Vista Aliso property reserve**. The District holds a re-purchase agreement on the property.

**Sub-fund 4042** exists to account for the **Capital Improvement Plan (CIP)** that goes above and beyond prior commitments for repair and replacement needs, but extends to improvements of facilities for program and enrollment growth. A ten-year plan will be developed and revised, at least annually, to prioritize major projects.
