The Union agrees that neither it, nor its members or agents will attempt to represent in any negotiations the interests of anyone other than members of the Unit; and that the interests of pupils, parents, the public, the Board, and other workers will be the sole concern of the District and/or these respective parties, except to the extent that such interests are collateral to the interests of the members of the Unit.

Article 2 - Union Rights

They will be permitted entry upon presentation of acceptable identification. Managers may restrict access during work time if such access would unduly interrupt school business.

Section 2.5 - Union Representatives

- A. The District recognizes the need and affirms the right of Local 521 to designate Stewards from among workers in the Unit. It is agreed that Local 521 is promoting an effective relationship between managers and workers by helping to settle issues at the lowest level of supervision. All members have a right to Union representation, upon request, (of his or her choice) at any meeting which may result in disciplinary action, as described below. (2021-22)

If the designated manager is unavailable, or the steward is unaware of who has been designated, the steward will contact the Human Resources Department.

After a steward receives permission to leave his/her workstation, he/she will proceed promptly to the site designated.

When he/she reaches the site of the grievance he/she will report to the site manager or principal and request permission to contact employees on the site who are involved in the grievance.

When he/she has completed his/her investigation, he/she shall promptly return to his/her own work location and resume his/her regular duties.

Such notice need only be given once, at least one week, if possible, prior to the commencement of the initial committee meeting, so long as the Union representatives remain the same. Notice of any permanent changes in representatives shall be given to the District at least one week, if possible, prior to the meeting for which the change will occur. In the event an unanticipated absence of a representative requires the attendance of an alternate for one meeting, the Union will give the District as much notice as possible. It shall be the responsibility of the District to notify workers' supervisors when workers are scheduled to attend prescheduled meetings, or meetings held at the request of the District. (2021-22)

4. Overtime will not be required unless volunteers to accomplish necessary work are not available.
5. The District may offer compensating time off in lieu of compensation for unit members who perform overtime work. Compensating time off would be equal to one and one half (1½) times the regular rate of pay.
6. For the purpose of computing the number of hours worked, time during which the unit member is excused from work because of holidays, vacation, sick leave for the worker's entire shift and compensated time off shall be considered as time worked by the unit members.

2. Compensatory time shall be taken within the week earned whenever possible, but in no case later than twelve (12) months after the date on which it was earned provided that such period in which to utilize the compensatory time is deemed to be reasonable under federal regulations. If the compensatory time has not been taken within twelve (12) months of the date on which it was earned, the District shall pay the worker in cash for all such time at the appropriate overtime rate based on the worker's rate of pay at the time it is received.
3. Compensatory time off may not be used prior to the date earned.
4. Only compensatory time off which has been properly authorized and reported to Human Resources Department shall be approved for use.
5. Compensatory time must be used prior to approval of vacation time. Absence reports are to be completed after use of compensatory time.
6. In accordance with the Fair Labor Standards Act (FLSA), employees may not accrue in excess of 240 hours compensatory time. Any hour in excess of 240 must be paid for by the District in the pay warrant for the pay period in which it was earned.
7. At the worker's request, the appropriate departmental authority shall give the worker the accurate official documentation of accrued and earned compensatory time and compensatory time spent during the previous twelve (12) months.

(2023)

3. A “midday run” is any non-regular run occurring at any time of the day. Midday runs are defined as Kindergarten, Mental Health, Occupational Therapy, other non-regular runs and runs not previously scheduled such as an unforeseen situation that a driver suddenly has to leave work early and/or a student has been inadvertently forgotten for whatever reason. This includes the 4pms that the District has assigned in the past. (2024)
4. An “extra run” involves the non-regular transportation of students which is not part of the scheduled daily route. Extra runs involve transportation for such activities as daily field trips, camp runs, late activities, after-school sports, and Saturday and Sunday trips.
5. A “daily route” is comprised of a series of regular runs. The daily route will determine each driver’s daily assignment and will consist of a fixed and definite number of hours. (2023)
6. Any runs that arise from suddenly occurring circumstances will be assigned to any available driver. (2024)
7. All temporary vacancies among drivers shall be filled as quickly as possible.

B. Yearly Bidding

1. All runs and routes will be established by the District. The District shall establish a daily schedule which shall include all AM and PM runs and midday runs. Midday runs will be bid separately from the AM and PM runs. AM and PM runs and midday runs will be bid on individually and separately by seniority. Each driver will be entitled to bid on one midday run by seniority on a rotational basis. (2024)

If the number of drivers exceeds the number of midday runs, the difference will constitute the number of passes available to the drivers. For instance, if there are thirty-five (35) drivers and only thirty (30) midday runs, the District shall allow for five (5) passes on midday runs by seniority.

If a driver utilizes a pass during their bid, this indicates that they are choosing to forego assignment on a particular run.

If a driver passes on a midday run and/or a midday run is eliminated then s/he must mutually agree with the Transportation Manager on additional job-related tasks to complete to allow the driver to work the minimum guarantee of seven (7) hours.

However, if a midday run becomes available after the bidding period, then the unassigned midday run will be offered by seniority and availability to the drivers who previously utilized a pass on a midday run.

If the number of midday runs exceed the number of drivers, then once each driver has at least one (1) midday run, the remaining midday runs shall be offered by seniority. If not all midday runs are accepted after the second round of bidding, then the remaining midday runs will be assigned by reverse seniority and availability.

All routes shall include sufficient additional time for bus drivers to complete job-related tasks for fueling. If a driver believes such additional time is insufficient, s/he may request the Transportation Manager for review of the driver’s route.

The following allotted time will be reflected on the bus drivers’ allocation sheet. (2021-22)

- a. Bus drivers will be given thirty (30) minutes for pre-trip checkout of the bus (including CHP list of required checks). Type I Air Brake Drivers will be provided forty-five (45) minutes for pre-trip

checkout.

- b. Bus drivers will be given fifteen (15) minutes daily for cleaning their buses and checking email (fifteen (15) minutes after their AM ROUTE ONLY).

Upon receipt of such a request the Transportation Manager shall, within a reasonable amount of time, review the route to determine if additional time is needed. If additional time is not granted, upon request the Transportation Manager shall, within three (3) work days, schedule a time for a ride-along to review the route. The Transportation Manager shall then make the final decision on the request. (2013)

2. Drivers shall retain their bus unless they voluntarily bid and accept another bus provided they meet California Highway Patrol (CHP) standards. Prior to the first day of school, all vacant buses will be posted. Bus drivers will bid on vacant buses and will be assigned according to seniority. Following bidding of buses, all daily routes will be established and posted. Bus drivers will bid on daily routes and shall be assigned according to the requirements (size and capacity) of their bus as may be determined by the California Highway Patrol (CHP) by seniority.
3. After assignments have been made, buses will remain on designated routes unless transportation requirements exceed bus capacity. (2016)
4. During the school year, regular assigned routes and hours may be adjusted in order to achieve parity in assigned hours between drivers if such adjustments are mutually agreed to by the drivers involved and the District.
5. Drivers may not use the bidding process to bump other drivers from their bus.
6. An absent driver may bid via proxy with another driver of their choice, to choose a bus and/or route for them; the absent driver may not change the proxy bid. The absent driver must notify the Transportation manager via email twenty-four (24) hours in advance of Bus bid and/or route bid. For purposes of this section, an "absent driver" is a worker who is absent on the day(s) of bidding and who is scheduled and expected to return to work when the route commences. (2024)

C. New/Vacant Routes and Runs

1. During the school year, routes that become vacant shall first be analyzed for reassignment to existing route(s). Any reassignment of runs shall be done by seniority within the route area when feasible. (2021-22)

Drivers will have the opportunity to bid on new/vacant daily routes during the school year. Routes shall be posted for three (3) working days to all drivers. Drivers shall have three (3) working days from the date of the posting to formally notify the Transportation Manager if they wish to fill the daily route. Daily routes shall be assigned by seniority to those drivers applying during the three (3) day posting period provided the driver meets the California Highway Patrol (CHP) standards.

2. If a route becomes vacant, the bus shall stay with the vacant route unless, on the basis of seniority, drivers request to exchange their bus for a bus from a vacant route. Such exchanges will be approved if the buses are identical in handling route requirements.
3. New or vacant runs will normally be assigned if the assignment can be accomplished with the constraints of the geographical location and scheduling of the route.

D. Extra Runs

Extra Runs will be defined in two (2) categories and will be assigned or offered to drivers as follows:

1. Category 1: Field trips, Camp runs, and Sports shall be assigned by seniority in rotation to drivers who can accomplish the assignment on the basis of (1) bus classification, (2) District qualified, (3) seniority, and (4) geographical constraints.
 - a. Field trips are to be assigned in the following priority order:
 - i. Floaters who are not driving
 - ii. Sign-up sheet (in seniority order)
 - iii. Inverse seniority among all drivers in rotation when the number of trips exceeds the number of drivers on the sign-up sheet
2. Category 2: Saturday, Sunday and after-hours trips shall be offered by seniority in rotation to drivers indicating their availability for such runs who can accomplish the assignment on the basis of (1) Type I qualified, (2) Seniority, (3) availability, or (4) District qualified.
3. Drivers shall indicate their availability for extra runs by category on a sign-up sheet for Category 1 and Category 2 set forth in section 5.10 (D)(1) and (2) above and shall have the right to add or delete their names on a monthly basis up to and including the last working day of each month. Drivers whose names remain on Category 1 sign-up sheet after the last working day of the month will be assigned to Category 1 trips according to section 5.10 (D)(1) above. Drivers who reject an offered assignment from Category 2 will drop to the bottom of the list. (2024)

The District shall keep a monthly written record of all accepted and rejected extra runs and field trips.

The District may adjust breaks and/or lunch times for Drivers assigned to Category 1 field trips.

4. Other drivers who meet California Highway Patrol (CHP) standards may sign up for extra run work if requirements exceed available drivers. They will be assigned by seniority on an ongoing rotational basis. Training will be provided on a seniority basis if qualified drivers are not available.

E. Posting

1. All vacant buses, routes and runs will be posted as far in advance as possible and normally for at least three (3) working days.
2. All postings will describe the route or run as to length, time, school(s), number of children, and bus requirements.

- F. Posting of Hours - The Transportation Department shall post and update on a monthly basis the following information concerning each driver: normal hours assigned, extra runs offered or assigned, cumulative total of hours earned on extra runs, cumulative total of overtime. 3. The parties agree to meet in the same process of coordinated negotiations that lead to this agreement anytime during the term of this agreement up to June 30, 2026 upon written request of the District or the coalition of unions to revisit health plans and, if agreed upon by the parties, solicit bids for alternative competitive health plans.

the stated deadline for application. Any worker on leave shall have the right to have his/her steward or field representative file in his/her behalf.

- B. Workers whose most recent evaluation (dated no more than one year prior to the initial posting of a position) has a summary/overall rating of unsatisfactory shall be ineligible to apply for a transfer into such position.
- C. If after completing the steps set forth in Section 9.2.B, the District determines two or more transfer applications are equal, the worker having the greater District seniority shall be awarded the transfer. (2016)
- D. The provisions of this section shall apply to workers applying for transfer to lower classifications.
- E. Members of the Unit will not be eligible for transfer until they have satisfactorily completed the initial probationary period of employment with the District.
- F. Workers exercising transfer rights pursuant to Section C above shall be precluded from transferring to a vacant position for six (6) months from the effective date of their last transfer under C above.

Section 9.4 - Promotion

- A. Definition: A worker may apply for promotion to another position above his/her current classification. Such positions are those which are on higher classifications of the salary schedule.
- B. Workers whose most recent evaluation (dated no more than one year prior to the initial posting of a position) has a summary/overall rating of “needs to improve” or “unsatisfactory,” shall be ineligible to apply for a promotion into such position.
- C. Applications. The District will fill promotional positions with qualified in-District applicants before filling from the outside. All applicants shall meet all application requirements set forth by the Human Resources Department.

The primary criteria for promotion shall be:

1. Knowledge and experience of the duties of the position as demonstrated in the job application and interview. (1998-99)
2. Performance of assigned work in a competent, safe, and economical manner.
3. A satisfactory work performance record.

Where the considerations with respect to 1 through 3 above are determined to be substantially equal, the worker having the greater District seniority shall be awarded the promotion. The above does not preclude the parties from establishing mutually agreed-to training programs, which can enable District workers to promote from within.

- D. Any worker selected for promotion shall be assigned a training period of two (2) months which shall equal forty-four (44) days actually worked, and vacations and holidays, but excludes leaves of absence related to illness, industrial accident or pregnancy. Workers who fail to satisfactorily complete this period or who elect to return to their former classification shall be returned to their former classification, without loss of seniority in accordance with Education Code section 45113 (a).
- E. Salary Placement: Workers transferred to higher salary classifications shall be placed on the salary step, which, if one exists, guarantees at least five percent (5%) above the salary step being received on the lower

classification, but such placement shall not exceed the top step of the new range. (1996)

- F. Members of the Unit will not be eligible for promotion until they have satisfactorily completed the initial probationary period of employment with the District for all employees hired after November 6, 1989.

Section 9.5 - Medical Transfers

A worker who has become medically unable to perform his/her duties will be given a vacant position in other classifications if the worker is fully capable of performing required duties and meets position qualifications. Medical transfer procedures will be carried out after the procedures under 9.2 and 9.3 above have been completed prior to any vacant positions being posted. While awaiting completion of this process, the medically released person may be offered appropriate temporary work. If the worker's inability to perform his/her duties is due to a disability as defined under American With Disabilities Act (ADA), the provisions of Article 11 (ADA) shall take precedence over the provisions of this section.

Section 9.6 - Probationary Period of Employment

All new classified workers shall be appointed to a probationary period not to exceed six (6) months or 130 days of service in paid status, whichever is longer. "Days of service in paid status" as used in this section mean days actually worked, and vacations and holidays, but excludes leaves of absence related to illness, industrial accident or pregnancy. One month of credit toward this period will be granted for four (4) months (one month = 22 workdays) an on-call worker served in the same classification within the twelve (12) month period immediately preceding employment as a probationary worker. After this time, the worker shall be a permanent classified worker and shall move to the next higher salary step on his/her anniversary date of one (1) year. (2021-22)

Workers (including ten (10) month per year workers) who are actively employed by the District and who work as a regular worker fifteen (15) days of any month, or seventy-five percent (75%) of the working days of any month, including holidays, and vacation, but excluding leaves of absence related to illness, industrial accident or pregnancy, irrespective of hours worked per day, shall receive credit for that month toward completion of the probationary period. (2021-22)

Section 9.7 - Administrative Transfer

- A. Such transfer shall be initiated by the Superintendent or designee and shall be based exclusively on the legitimate, educationally related needs of the District, including the welfare of persons, property or programs and/or the welfare of the worker involved.
- B. In order to minimize disruption to workers and their families, transfers under this section shall maintain the worker(s)' shifts (days to days, nights to nights). However, if compelling circumstances preclude maintenance of the same shifts, upon request with supporting reasons, the affected worker(s) shall receive a reasonable amount of notice, not to exceed ten (10) working days, prior to implementation of the transfer(s). (2013)
- C. The Union shall be afforded an opportunity to meet with the District regarding a proposed transfer under sections A. and B. above. (2013)

Section 9.8 - Layoff

If a reduction is required in the work force within the Operations-Support Services Unit, the District's intent will be to accomplish such reduction first through normal attrition.

Layoff procedures as set forth below will be used to bring about reduction in the work force, if the District determines that attrition will not accomplish such reduction to meet desired time and economic requirements.

A layoff shall be defined as a reduction in the work force through: (a) a reduction of positions, (b) a reduction of hours, or (c) a voluntary demotion to a lower classification in lieu of layoff.

A. Laid Off Workers

1. Notice - Consistent with Education Code section 45117, employees affected by layoffs shall be given notice no later than March 15 that the employee's services will not be required for the ensuing school year due to lack of work or lack of funds. The notice shall inform each unit worker of the worker's bumping rights and displacement rights, if any, of reemployment rights, and the right to request a hearing.
 - a. A classified employee may request a hearing to determine if there is a cause for not reemploying the employee for the ensuing year. A request for a hearing shall be in writing and shall be delivered to the person who sent the notice, on or before a date specified in the layoff notice to the employee, which shall not be less than seven (7) days after the date on which the notice is service upon the employee. If an employee fails to request a hearing on or before the date specified, the employee's failure to do so shall constitute a waiver of the employee's right to a hearing. The layoff notice provided to the employee shall advise the employee of the provisions of this section. A copy of this article shall be included with each layoff notice.
 - b. Notwithstanding sections 1 and 1.a. above, which classified positions must be eliminated as a result of the expiration of a specially funded program, the employees to be laid off shall be given written notice not less than sixty (60) days prior to the effective date of their layoff informing them of the reason for the layoff and identification by name and classification of those workers who will be laid off, and the layoff date.

The Union and the District will meet prior to the issuance of layoff notices to discuss the circumstances giving rise to the need to layoff.

2. Rights

- a. Order of Layoff - Layoff shall be affected by seniority within a class. Effective July 1, 2024, seniority shall be determined by the date of hire or initial date of service in a classification, not be hours of employment or paid status in classification. Seniority is defined as length of service (hire date as of July 1, 2024) within the class, plus higher classes. The least senior worker shall be laid off first. If two (2) or more workers have equal seniority, the determination shall be made by lottery.
 - This transition to hire date seniority shall be applied so that no worker who as of July 1, 2024 is senior to one or more other workers shall lose such seniority. For example, if worker A has an earlier hire date than worker B, but worker B has accrued more hours in paid status in the same classification, worker A shall be ranked as more senior than worker B.
 - Workers whose classification is eliminated due to reorganization shall receive a new hire date in the reorganized classification; however, workers shall be ranked by seniority based on the seniority hours accrued in their former (now eliminated) classification.
 - Workers whose classification has been merged or re-titled shall retain the seniority ranking their former classification.
 - The seniority of workers who are reclassified shall be determined through negotiations according to Article 10 of this agreement.
- b. Bumping - A permanent worker who is laid off from a class and who has prior service in an equal or lower class, shall have the right to bump a worker with less seniority in the latter class.
- c. Voluntary Demotion or Transfer - A worker laid off for lack of work or lack of funds, despite rights to bump, may accept a voluntary demotion to a vacancy in a lower class or a transfer to an equal class provided the worker is qualified for the new class. Such workers shall be placed on a sixty-three (63) month reemployment list.

- d. Step Placement - Laid off workers who bump or demote will be placed on the highest salary step below their current salary. Laid off workers who accept a lateral transfer will be placed on the salary step they currently hold.
 - e. Short Term Positions - No regular worker shall be laid off from any position while limited-term or substitute workers remain in the same class. Laid off workers shall be offered, by seniority, short term, and substitute work in their current and former classes, in preference to other substitutes.
3. Reemployment
- a. A thirty-nine (39) -month reemployment list shall be established, in inverse order of seniority. Workers laid off for lack of work or lack of funds will be offered, in writing, by certified mail, reemployment in their classification before any other candidate. Laid off workers will remain on the reemployment list for thirty-nine (39) months or until they accept a comparable position in their former classification and/or at their former hours. A worker who refuses three (3) reemployment offers shall have his/her name deleted from the reemployment list.
 - b. The District will make updated reemployment lists available to the Union on request.
 - c. Laid off workers who are reemployed within the specified reemployment period will have all benefits and rights restored to the level they were at upon separation, except as modified by negotiated changes in the Contract.
4. Promotional Opportunities
- a. Laid off workers have the right to apply for promotional positions while they are on the reemployment list. The District will notify workers on the reemployment list of promotional opportunities.
 - b. Workers who are laid off, whose hours are cut, who are demoted, or who bump into a lower class shall be offered by seniority all available positions in their classification.
 - d. Continuing workers displaced because of layoff will be offered vacant positions by seniority. Workers bumping back or who accept demotions because of layoff will be offered vacant positions by seniority following the placement of displaced workers.
 - d. All posting and transfer provisions of this Agreement will be suspended during this period for the affected classifications.

Article 10 - Reclassification (2001-2004, 2019)

Section 10.1 - Salary Placement of Reclassified Positions

A reclassification can apply either to a limited number of positions within a class, or to an entire class of positions. (2013)

When a reclassified worker is placed on Step A as a result of reclassification, he/ she shall be entitled to movement to Step B at the end of one (1) year.

The salary of an incumbent worker shall not be reduced as a result of a reclassification. When, as a result of reclassification of a position the salary range of the position is moved downward, all incumbents serving therein shall be continued at their former rate of pay (Y-Rated) until future salary adjustments provide a salary increase for those incumbents in the new salary classification.

Section 10.2 - Incumbent Rights

When a position or class of positions is reclassified, the incumbent(s) in the position(s) shall be entitled to serve in the reclassified position(s).

Section 10.3 - Administrative Procedures

The basis for reclassification of the position must be a gradual accretion of duties and not a sudden change occasioned by a reorganization or the assignment of completely new duties and responsibilities. Workload increase will not be considered as a basis for reclassification review. (2013)

A worker who has been reclassified with his/her position shall be ineligible for subsequent reclassification within the same position for a period of at least three years from the initial action.

A. A worker (or group of workers in the same classification) wishing to initiate a reclassification of their position(s) will submit a request on the appropriate District form to the District and the Union by October 31 of each year. The District shall send out the appropriate reclassification forms (forms will instruct the worker to submit to the SEIU President and CUSD Human Resources) via email to all SEIU members by August 31. This request must include itemization of duties not contained in the existing job description. Only reclassification requests, which substantiate that the position responsibilities significantly exceed the requirements of the current position description in areas requiring additional skills, greater responsibility and decision-making requirements, or more hazardous physical performance requirements, shall be subject to this Article. Additional performance requirements shall also be considered. Additional workload in areas covered by the current job description shall not be subject to this Article. A reclassification request is not the basis for a wage comparison study nor a comparable worth study.

All reclassification requests shall be reviewed by the Union bargaining team and the four (4) chosen reclassifications shall be presented to the District as part of the Union's sunshine, or notice of intent to bargain. No more than four (4) positions or classes of positions may be included as part of such a proposal.

Any agreement on reclassifications shall be counted as part of total compensation and as part of a "negotiated salary increase, on or off the schedule," for the purposes of Section 6.1(B) of this contract. (2013)

If there is no bargaining in a given year, reclassification requests shall be received and sent to the union chapter officers as well as the union office.

B. Any agreement on reclassification requests shall be effective according to the ratified negotiated settlement between the parties. (2013)

Article 11 - Americans With Disabilities Act

- A. The District and the Union acknowledge that both parties have a legal obligation to consider reasonable accommodation for qualified disabled workers.
- B. In the event a disabled worker requests reasonable accommodation, the following shall apply:
1. The Union recognizes that the District has the legal obligation to meet individually with the qualified disabled workers to discuss reasonable accommodation.
 2. If the District determines that implementation of the reasonable accommodation will conflict with the rights of other workers or with provisions of the Collective Bargaining Agreement, the District will give the Union written notice and an opportunity to meet to discuss alternatives.
 3. If after discussions, the Union disputes the necessity for or appropriateness of the reasonable accommodation, the District will require the worker to undergo an independent medical examination. In such case, the medical examiner shall determine, in his/her professional opinion:
 - i. whether in fact a disability exists within the meaning of the ADA and, if so,
 - ii. whether the proposed accommodation will allow the disabled worker to perform the essential job functions.
 4. If the examination in paragraph (3) above answers questions (i) and (ii) in the affirmative, and the Union continues to dispute the necessity for or the appropriateness of the reasonable accommodation, at the Union's request, a conference will be held with the Superintendent, attended by Union representatives, the worker (and/or representative) and a representative from the Human Resources Department. The Superintendent's decision regarding the reasonable accommodation shall be final.
- C. Any reasonable accommodation provided under the ADA shall not establish a past practice, nor shall it be cited or used as evidence of a past practice in the grievance/arbitration procedure. Any action taken pursuant to this Article shall not be subject to challenge through Article 12, Grievance Procedure.

Article 12 - Grievance Procedure

Section 12.1 - Purpose

The District and the Union recognize that early settlement of grievances is essential to sound worker-employer relations. Meetings between District managers and workers they supervise are encouraged. It is the intent of the parties to employ this grievance procedure after other means to satisfactorily solve personnel problems have been unproductive.

Section 12.2 - Definitions

A. A “grievance” is a claim by one or more workers of an alleged violation, misinterpretation or misapplication of a provision of this Agreement, which directly affects the grieving worker or group of grieving workers. The right of the Union to submit a grievance is limited to the provisions of this Agreement delineating rights reserved exclusively to the Union.

A “group grievance” may be filed on behalf of more than one specifically named worker.

B. A “worker” is a classified worker working in the bargaining unit.

C. A “working day” is any day when the central administrative office of the District is open for business.

D. A “grievant” is a worker or workers asserting a grievance.

E. A “manager” is a member of management who supervises a worker or workers in the Unit.

F. As used in this Article “filed” means the date of mailing if sent by registered or certified mail, or the date marked “received” by the addressee if sent by first-class mail or personally delivered.

Section 12.3 - Informal Procedure

Before filing a formal written grievance, an informal discussion between a worker (or group of workers) and the immediate manager/department head shall take place in order to resolve the issue. A worker may be accompanied by his/her representative to this meeting.

Section 12.4 - Formal Written Procedure - Step 1

A. If the grievant remains dissatisfied following the informal discussion and review, he/she may submit a written grievance within twenty-five (25) working days after the worker has knowledge, or should have had knowledge, of the act or omission giving rise to the complaint, to his/her immediate manager relevant information obtained during the informal stage may be asserted.

B. Grievance information shall include:

1. A description of the specific grounds of the grievance including names, dates, and places necessary for complete understanding of the grievance.
2. Citations of the specific section(s) and/or subsection(s) of the Agreement which are alleged to have been violated, misinterpreted or misapplied.
3. A listing of the specific action or actions requested by the District, which will afford remedy to the grievant.
4. A request for a conference with the immediate manager or her/his representative if desired. This request must be granted.

- C. If the immediate supervisor desires, he/she may request a conference. If a request for a conference is made by either the grievant or the immediate supervisor, such a conference shall be held within ten (10) working days after the receipt of such request by either party. The grievant and the District representative may request the presence of a representative or two (2) representatives at this conference.
- D. The immediate manager will issue a proposed written decision to the grievant within five (5) working days after the conference is held. If no conference is requested, the manager will file a proposed written decision to the grievant within ten (10) working days of receipt of this grievance. A copy will be sent to the Union. In any case in which the Union did not represent the grievant in Step 1 the Union will have ten (10) working days to review and file a response if desired. If the Union files a response the manager shall have ten (10) working days to consider the response and make revisions to the proposed written decision if revision is warranted.
- E. If no response is filed, the manager's decision will become final on the eleventh (11th) working day following dissemination of the proposed written decision.

Section 12.5 - Formal Written Procedure - Step 2

- A. If a grievance is not resolved in Step 1, the worker or workers may request in writing, a hearing before the Superintendent or his/her representative. Such request must be filed in the office of the Deputy Superintendent, Human Resources within ten (10) working days after receipt of the final written decision at Step 1.
- B. The Superintendent or his/her representative will hold a hearing within ten (10) working days after receipt of the request for hearing. The grievant may be represented by one (1) or two (2) representatives of his/her own choice. The Superintendent or his/her representative may have one (1) or two (2) advisors at the hearing.
- C. Within ten (10) working days after the hearing or within fifteen (15) working days of the receipt of the request for a Step 2 hearing, whichever occurs earlier, the Superintendent or his/her representative shall render a proposed written decision to the grievant, copies of which will be sent to the Union.
- D. In any case in which the Union did not represent the grievant in Step 2, the Union will have ten (10) working days to review the decision of the Superintendent and file a response if desired. If the Union files a response, the Superintendent shall have ten (10) working days to consider the response and make revisions to the proposed written decision if revision is warranted. If no response is filed by the Union, the Superintendent's decision will become final on the eleventh (11th) working day following dissemination of the proposed written decision.
- E. Any worker covered by this Agreement may present a grievance directly and have such grievance adjusted without the intervention of the Union as long as the adjustment is prior to arbitration and is not inconsistent with the terms of this Agreement. The District shall not agree to a resolution of a grievance filed directly by a worker until the Union has received a copy of the grievance and the proposed resolution. The Union shall have an opportunity to review the proposed resolution and respond within ten (10) working days receipt thereof.

Section 12.6 - Arbitration - Step 3

- A. Selection of the Arbitrator. If the Union is not satisfied with the disposition of the grievance at Step 2, the Union may submit the grievance to arbitration within twenty (20) working days from the receipt of the Superintendent's decision, by submitting a letter to the State Conciliation Service (SCS) requesting a list of arbitrators, with a copy to the Superintendent. (1997)

Within ten (10) days of receipt of the list from the State Conciliation Services, the parties shall either agree on an arbitrator (from on or off the list), or shall select an arbitrator from the list by allowing each party in turn, to strike out one (1) name until only one (1) name remains. The determination of the part to strike first shall

be by lot.

B. Cost of Arbitration. Cost of arbitration shall be borne as follows:

1. The District and the Union shall share equally in the payment for services and expenses of the arbitrator.
2. The District and the Union shall equally share the cost of a qualified reporter. If either party desires a transcript of the record, that party shall pay the cost of the transcript. If both parties desire a transcript, they shall share the cost.

C. Function of the Arbitrator. The function of the arbitrator shall be to hold a hearing concerning the grievance and to render a decision on the issues presented by the parties. Such decision will be binding on all parties.

D. Limitations of the Arbitrator. The arbitration procedure does not apply to:

1. Any proceeding for discipline or discharge of workers.
2. Any attempt to alter or amend this Agreement by the filing of a grievance.
3. Any proposal for expenditure of capital funds.
4. The arbitrator may not decide any issue not submitted and may not interpret or apply the Agreement so as to change what can fairly be said to have been the intent of the parties in the presence of each other and upon arguments presented in briefs.
5. No proposed remedy of the arbitrator shall apply more than twenty-five (25) working days prior to the filing of the written grievance. (See Section 12.4.A).

E. No party may be permitted to assert any grounds (or evidence) before the arbitrator, which was not previously disclosed to the other party. The arbitrator shall consider only those issues raised by the parties in interest.

F. A disclosure meeting between the parties must take place prior to the arbitration for the purpose of presenting any other grounds or evidence not previously disclosed. Failure to hold such a meeting (due to the perceived lack of additional grounds/evidence) or to present additional grounds/evidence at such a meeting shall not preclude the assertion of further grounds/evidence at the arbitration so long as the parties comply with Section 12.6.E above.

Section 12.7 - General Provisions

A. Designation of representatives shall be in writing. Such designations shall be entered on the grievance form at Step 1.

B. No party shall be required to discuss any grievance if his or her representative is not present.

C. The time allowance set forth in this grievance procedure may be extended by mutual agreement of the grievant or the grievant's representative and the District.

D. Any grievance not appealed to the next step of the procedure within the prescribed time limits shall be considered settled on the basis of the answer given in the preceding step.

E. If the District does not render a written response within the time limits set forth at any step of the proceedings, the grievant may advance to the next step.

F. Grievances involving an action by an administrator above the level of principal or manager may be filed at

Step 2.

- G. No reprisal of any kind will be taken by or against any participant in the grievance procedure for participation in grievance matters.
- H. If the Union and the Superintendent, or the Superintendent's designee, agree in writing, the grievance may be brought directly to arbitration.
- I. A grievance may be withdrawn at any level.
- J. Any record(s) pertaining to a grievance shall be kept in a grievance file separate from the aggrieved's official District personnel file.
- K. Grievance forms shall be developed jointly by the Union and the District. The official form must be used to file the Step I formal written grievance (see Section 12.4). For appeals and/or responses to subsequent levels, no form need be used; however, the letter or memorandum of appeal shall include the following information: level of the procedure, date of appeal and a brief statement explaining why the District's most recent response is unsatisfactory.
- L. If a grievant is released from his/her regular assignment to take part in the grievance procedure, the grievant shall be released without loss of pay.

- F. Holidays. When a holiday falls during the scheduled vacation of any bargaining unit member the holiday shall not count as a vacation day.
- G. Vacation requests must be approved by the manager. Approval will be based on department requirements, availability of qualified substitutes, and the burden placed on the department work force. Any vacation request which is disapproved will be accompanied by an explanation for the refusal.

Twelve-(12) month workers: Five (5) working days before the start of the student instructional year, and five (5) working days after the start of the student instructional year.

Request for vacation will be submitted to the supervisor on the Request for Leave Form and in accordance with the following provisions:

1. Vacation requests must be made at least three (3) days in advance of the requested days. No charge, however, shall be made for a cause which occurred prior to the worker's becoming permanent nor more than two years from the filing of this statement of charges, unless such cause was concealed or not disclosed by such worker when it could be reasonably assumed that the worker should have disclosed the facts to the District. The statement of charges shall be served in person or by registered or certified mail to the worker.

A copy shall be sent to the Union simultaneously; however, inadvertent failure to comply with this requirement shall not constitute reason to affect ultimate disciplinary action, if any. The statement shall also include the disciplinary action being recommended.

2. Right to a Conference Prior to Final Recommendation for Discipline. The statement of charges shall notify the worker of his/her right to a Conference with the Associate Superintendent, Human Resources, before a Final Recommendation for Discipline be submitted to the Governing Board. The Associate Superintendent, Human Resources, may provide a copy of the State of Charges to the worker and SEIU and simultaneously schedule a conference to discuss the State of Charges. A card or paper shall be provided to the worker with the final Statement of Charges, the signing of which shall constitute a demand for a hearing and denial of all charges. Failure to request a hearing within the ten (10) calendar days shall be deemed to be a waiver of the right to the hearing. (2013, 2016)
4. Access to Material. The worker may, upon request, have copies of the material upon which the charges are based.

If the incident(s) giving rise to the administrative leave is/are not documented in writing, in the worker's personnel file, including the fact that the worker was placed on such leave, neither the incident(s) nor the fact of such leave may be later used in any disciplinary action against the worker.
2. "Documentation" as referred to in paragraph 1 above means the commonly used, agreed upon forms,

including for example written counseling and notice of unsatisfactory performance.

3. The worker shall be supplied with a copy of such written documentation prior to its placement in the personnel file and has the right to respond to the contents of the documentation within ten (10) working days. Any such response shall be attached to and made a permanent part of the documentation.

1. Prior to imposition of the unpaid suspension, the worker shall be notified in writing of the District's intent to take such action and the facts and circumstances in support thereof. The notice shall be delivered personally to the worker and shall include a statement that a "Skelly" conference to discuss the proposition will be held as soon as reasonably possible, within five (5) working days following delivery of the notice, before the Superintendent or his/her designee unless the worker indicates in writing his/her desire to waive such "Skelly" conference. In case of such a waiver, the suspension shall be implemented on the fifth (5th) working day following the notice, or the date originally scheduled for the "Skelly" conference or the date of receipt of the worker's waiver, whichever is soonest. (2013)
2. At the "Skelly" conference, the worker shall have the opportunity to review all documents and evidence, to hear the charges against him/her, and to present any rebutting evidence. Upon request, the District shall grant a reasonable continuance of the "Skelly" conference, not to exceed five (5) working days, if more time is needed for the presentation of rebuttal evidence. The worker shall be entitled to representation, which may include a representative and a steward; however, this provision shall not operate to cause any delay in the convening of the "Skelly" conference as specified in the notice to the worker. (2013)
3. Following the "Skelly" conference, if the administration determines that the worker should be suspended without pay pending a dismissal hearing, such notice shall be given to the worker in writing. The notice shall include a statement of the worker's right to respond in writing within ten (10) working days and shall be given to the Union simultaneously. (2013)
4. A worker immediately suspended pursuant to this section above shall continue to be paid his/her regular salary during the period of his/her suspension if he/she furnishes to the School District a suitable bond. If the worker is acquitted or the charges are dismissed, the School District shall reimburse the worker the cost of the bond.

- C. The worker may be represented at the hearing by a representative of his or her choice. If the representative or any witnesses required are workers of the District, they shall be released from duty to testify or represent with no loss of pay or benefits.

D. All formal hearings shall be conducted by an independent hearing officer pursuant to procedures established in the Board Policy and Administrative Regulation. The independent hearing officer shall be mutually agreed upon by parties from a list provided by California Mediation and Conciliation Services. Any decisions rendered by the hearing officer shall be advisory to the Board of Education. The Board of Education may adopt or modify the decision of the hearing officer as it deems appropriate. The hearing shall be conducted in closed session unless the unit member requests a public hearing. The Board or its designee may deliberate in the absence of the unit member and the District administration. The Board or designee may have its attorney, if any, present during deliberations. (2016)

At such hearing, the unit member shall be entitled to appear personally and to be represented by a person of his/her choice to introduce relevant evidence on his/her behalf, to cross-examine witnesses, and to challenge evidence presented by the District. (2016)

Public Contract Code, Article 3, Section 20114 of the Public Contract Code states:

- a) In each school district, the governing board may make repairs, alterations, additions, or painting, repainting, or decorating upon school buildings, repair or build apparatus or equipment, make improvements on the school grounds, erect new buildings, and perform maintenance as defined in *Section 20115* by day labor, or by force account, whenever the total number of hours on the job does not exceed 350 hours. Moreover, in any school district having an average daily attendance of 35,000 or greater, the governing board may, in addition, make repairs to school buildings, grounds, apparatus, or equipment including painting or repainting, and perform maintenance as defined in *Section 20115*, by day labor or by force account whenever the total number of hours on the job does not exceed 750 hours or when the cost of material does not exceed twenty-one thousand (\$21,000).
- b) For purposes of this section, day labor shall include the use of maintenance personnel employed on a permanent or temporary basis. Therefore, areas to consider before contracting out work are as follows:
 1. overall complexity of project
 2. size of the job as related to timeline, manpower, and equipment
 3. availability and workload of affected personnel
 4. availability of, and impact on, project area (i.e., during regular work day or on overtime)

5. approximate cost
6. the necessity and feasibility of district personnel working in conjunction with outside contractor on a given project

Process:

1. Involved district personnel meet with appropriate manager to review established criteria for the decision to:
 - a. Do project by district personnel
 - i – overtime
 - ii – straight time
 - b. Contract work
2. If district personnel to complete project on overtime:
 - a. Overtime will be offered per union contract
 - b. District personnel to perform the following on straight time
 - i – site evaluation of project
 - ii – ordering and pickup of materials
 - iii – establish project completion date
 - iv – prepare cost estimates as necessary
3. Cost estimates and accounting with a not to exceed amount of materials and time:
 - a. Projects **requiring** charge back costs
 - i – timeline
 - ii – affirmed labor and materials
 - iii – unforeseen problems must be reported on a separate work request and time card
 - b. Projects **not** requiring charge back costs
 - i – timeline
 - ii – labor and materials should be included on original work request and time card if done on overtime
 - c. Work request forms and time cards must be submitted simultaneously at completion of project
4. Contract project:
 - a. Send letter of notification to union – see boiler plate form, page 5
 - b. The contracting out of projects does **not** set precedence for future similar projects/work
5. Dissemination of the process throughout the district:
 - a. All Personnel
 - b. Management

This is an “**on-going**” process subject to improvement, changes and additions that will come up through its use.

The committee recommends that it continues to meet on a monthly basis during the initial process, implementation, and dissemination period.
