

PLUS-ONE PROGRAM (POP)

For the 2022 - 2023 school year, qualified junior and senior students may enroll in a 7th class. A POP class will take the place of study halls. The purpose of this program is to offer students the opportunity to take an additional credit course that is directly related to a student's particular interests in the field of Social Studies, Science, Fine & Performing Arts, Business, Technology and Math.

The POP program is open to students who are highly motivated, have good time management skills and can handle the academic rigor of seven academic subjects. **To qualify for a POP class a student must have a Career AGPA of 3.5 or higher.**

If you are interested in the **Plus-One Program** you must complete the following information, attach it to your course selection form and return it on the date designated for your year level.

Student's Last Name

Student's First Name

Homeroom

Student's School Counselor

Career GPA as of January 2022

In addition to my six, core academic courses I wish to take:

Course #

Course Title

The reason(s) I want to take this course:

I understand that participation in this program is subject to open seats in the course and that I meet the academic qualifications.
