By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.

- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

School Description and Mission Statement (School Year 2021—2022)

At Baldwin Elementary School, we believe that every student can achieve their potential. The fundamental aim of our educational programs is to ensure that each student possesses the competence and confidence that would guarantee success at the next level while building and maintaining their socio-emotional well being.

Our focus on effective teaching, capable instructional leadership, strong relationships and the commitment to the socioemotional development of our students, expresses our collective responsibility for student learning and motivates us all.

Together in partnership with our families and community at large, we can ensure that every student reaches their full potential.

We work closely with stakeholders throughout the district and analyze student performance data on an ongoing basis. Six goals, outlined below, have been identified as the focus within our current three year LCAP plan to improve outcomes for all students.

Goal 1 - All students will be proficient in meeting and/or exceeding all Common Core State Standards.

Goal 2 - We will accelerate the academic achievement toward meeting or exceeding standards for English Learners (EL), low socioeconomic disadvantaged students, Foster Youth, and students of color, as well as increase the language proficiency for EL.

Goal 3 - We will provide an inclusive learning environment for students with disabilities to best support social, emotional and academic development.

Goal 4 - Students will use technology to master the 21st Century Skills of collaboration, communication, critical thinking

and creativity. Oak Grove will provide innovative strategies with support for technology implementation that would enhance student learning of core academic subject knowledge, and meet technology standards.

Goal 5 - School and classroom environments support learning, creativity, safety, and engagement.

Goal 6 - We will actively engage parents and community members in supporting the implementation of CCSS instruction and providing input to program decisions.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Teacher Preparation and Placement (School Year 2020—2021)

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)						
Intern Credential Holders Properly Assigned						
Teachers Without Credentials and Misassignments ("ineffective" under ESSA)						
Credentialed Teachers Assigned Out-of-Field ("out-of-field" under ESSA)						
Unknown						
Total Teaching Positions						

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three

through eight and grade eleven.

3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

• **SARC Reporting in the 2020–2021 School Year Only**

Where the most viable option, LEAs were required to administer the statewide summative assessments for ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

- **Options:** Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Subject	School 2019- 2020	School 2020- 2021	District 2019- 2020	District 2020- 2021	State 2019- 2020	State 2020- 2021
English Language Arts / Literacy (grades 3-8 and 11)	N/A	N/A	N/A	N/A	N/A	N/A

Mathematics (grades 3-8 and 11)	N/A	N/A	N/A	N/A	N/A	N/A
---------------------------------	-----	-----	-----	-----	-----	-----

Note: The 2019–2020 data cells with N/A values indicate that the 2019–2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019–2020 school year.

Note: The 2020–2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020–2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020–2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020–2021 school year to other school years.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2021-2022)

We will actively engage families and community members in supporting the implementation of CCSS instruction, and providing input to program decisions.

Parent involvement at the school site is important for the success of students. For many parents it is difficult to attend school functions and/or volunteer at the site. We need to provide as many varied opportunities as possible for parents to be informed and involved.

We have worked hard to engage our families through the following stakeholder meetings held virtually during the pandemic:

- Family Nights: Literacy, Science, Math
- GATE information nights about the program in grades 4-6
- SSC Meetings
- HASC Meetings
- ELAC Meetings
- Habla and Koffee Klatch Meetings
- SEAL workshops and gallery walks about the strategies, curriculum and home connection

We also communicate with parents via the School Web Page, Parent Web Page and Facebook, Marquee, Monthly Newsletter, Parent Square, phone, and email.

In addition, our Book of the Month will focus on the socio-emotional well-being of our students and we will look for creative ways to engage our community through follow-up activities. Our teachers have also formed a Family Engagement Committee that is planning activities to engage our community as well.

State Priority: Pupil Engagement

Note: The 2019–2020 suspensions and expulsions rate data are not comparable to other year data because the 2019–2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019–2020 school year compared to other school years.

School Safety Plan (School Year 2021-2022)

School Site Council met on January 13, 2021 to approve the Safe School Plan. It was decided that the

current goal 1 would need to change in order to meet the safety needs of students and staff due to the COVID-19 pandemic. Therefore goal 1 will center around being COVID Safe. Teaching students, staff and families the safety protocols that have been put in place on site as well as providing the necessary PPE in order for everyone to feel safe. Our Goal 2 will remain the same with additional updates to our ARC supplies. Goal 3 will center around providing mental health supports for students and families.

Addendum

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC Web Application as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC Web Application. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
