Fairfield Prep Innovation Camp

For students entering **6th, 7th** and **8th Grades**

Fairfield Prep is delighted to announce the McLeod Innovation Center's Innovation Camp debut! The Camp is open to boys and girls and offers hands-on, immersive, engineering design experiences. Campers solve problems in small teams that compete against each other. For example, teams will be challenged to design solar-powered vehicles. Campers will also engage in 3D modeling and printing, and physical programming.

This week-long camp, held in Fairfield Prep's McLeod Innovation Center, is offered twice this summer. Students can sign up for one week. Each camper will receive a t-shirt and a certificate at the conclusion of the week.

Campers need to bring every day:

- Water bottle
- Morning snack
- Wear their FP Innovation Camp t-shirt

Cost: \$275

Dates: July 18-22 (Week 1) or August 1-5 (Week 2)

Hours: Monday-Friday, 9:00 am -12:00 pm

For more information please reach out to the Innovation Camp Director, Rinat Levy Cohen, rlevycohen@fairfieldprep.org, or call 203-254-4200 x2685.
