SCHOOL

Imagine

an International School Like No Other.

Nanjing International School (NIS) is a leading IB World school. Founded in 1992, we are the oldest international school in Nanjing and the first IB Continuum School in China. We offer an innovative International Baccalaureate (IB) Pre-K to 12 curriculum that puts students at the centre of their learning. We are proud to be the only independent, fully accredited non-profit international school in the city, as well as the largest and most diverse in Nanjing. We live our Mission through the lens of our award-winning School Strategy.

Imagine

a School That is
Truly Inclusive.

Inclusion in our school celebrates the talents and diversity of students and acknowledges every child should be empowered and successful in their learning.

We believe that opportunities should exist for all our learners to grow and achieve. All students have the right to realise their full potential. This belief embodies our school's Mission and helps drive our ongoing Strategy. NIS is proud to be an inclusive learning community and is committed to honouring inclusion through our approach to teaching and education.

**Our Students Have
a Voice and a Choice
in Their Own Learning.**

This school is fantastic because it has so many subjects and activities that I can join.

Seven – Primary School

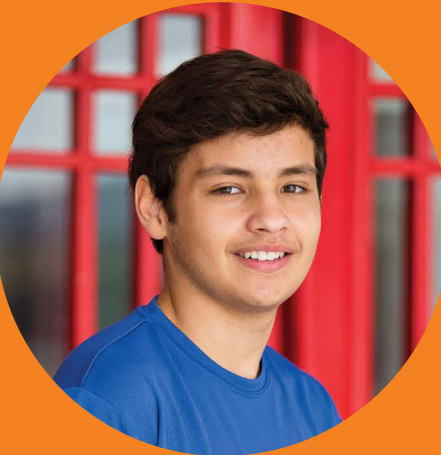

NIS is very student-supportive.

Constantin – Primary School

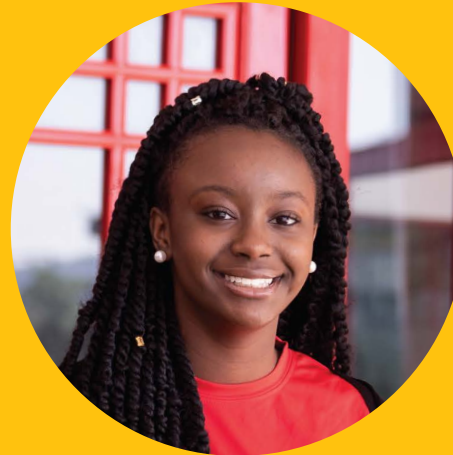

I like my school because I can choose how I learn.

Carrie – Primary School

I like the overall diversity of our school.

Guilherme – Secondary School

NIS is a place that allows students to be expressive in so many ways and seek our passions to be prepared for the future. NIS allows you to be you.

Kirsten – Secondary School

It's really inclusive here. NIS treats every student the same.

Cindy – Secondary School

Imagine
a School Where
Truly Exceptional
Learning Happens.

From our personalised inquiry-based approach in Primary School to knowledge mastery in our Secondary School, we provide an innovative, student-centred international education. NIS develops critical thinkers and leaders by involving students in the decisions about teaching and learning. We support risk-taking and international mindedness by equipping our learners with the skills to thrive outside their comfort zone and connect with nature, people, culture, and places.

Learning at NIS is an ongoing process that is personal, social, and leads to the development of new, deeper understandings that can be applied creatively in the world beyond the classroom.

Our Curriculum

NIS is an International Baccalaureate (IB) World School, offering the Primary Years, Middle Years, and Diploma Programmes. The IB is a world leader in future-focused education and has a hard-earned global reputation for the highest standards of teaching, innovation, student achievement, and academic rigour.

Extensive support services in language and learning are available to help each student achieve personal excellence. While the majority of our students in Grades 11 and 12 opt to study the IB Diploma Programme, we are proud to offer other routes to graduation for all learners to achieve success.

Our stunning campus is like no other. Exterior traditional Chinese themes connect us with our host country, while our modern interiors reflect classroom designs that optimise inquiry-based learning. As a non-profit international school, we enjoy the facilities of a school twice our size. NIS's location is second to none — we are ideally situated in the heart of Xianlin University City, right across the street from great international restaurants and cafes, shopping, and walking distance from some of the best residential areas in town.

Our Primary and Secondary school sections, as well as our community Centre, are part of one expansive, purpose-built 85,800sqm campus, providing integrated environments covered by our state-of-the-art indoor air filtration system.

- Library
- 540-seat multipurpose theatre
- 6-lane heated swimming pool and beginner's pool
- 2 gymnasiums
- Design Centre
- Primary Design Pit
- Music/Recording Studio
- Black Box Studio
- FIFA-approved full-length football field and 400m track
- Fitness Room
- Cafeteria and Café

We are proud to be a green campus.

NIS is surrounded by nature, allowing our students to enjoy grounds filled with gardens and trees.

Our rigorous LEED Silver certification reflects our ongoing commitment to be a more environmentally sustainable school, and is unique among international education institutions in Nanjing.

From Early Years to Grade 12, activities are an integral part of overall education at NIS. In the pursuit of creating balanced lifestyles, we provide opportunities for our students to participate in a range of athletics, arts, and service that helps them discover, develop, and pursue their passions.

A group of students are gathered outdoors at night, likely at a school festival or event. In the foreground, a boy in a red and gold costume stands next to a girl in a white dress with floral patterns and a white feathered headpiece. To their right, a girl in a dark red costume with a red bow in her hair looks towards the camera. Behind her, a boy in a grey hoodie and a white face mask is visible. In the center-right, a girl in a blue hooded costume with a red bow tie and a yellow hat is smiling and waving. To her right, another boy in a blue tracksuit and a face mask is partially visible. The background shows other students and trees, with a building visible in the distance. The overall atmosphere is festive and warm.

Imagine

**a School Where a Warm
and Inclusive Community is
at the Heart of Who We Are.**

NIS is home to a uniquely warm and truly diverse international community of parents, students, and staff. Our school spirit embodies a sense of joy, passion, and inclusivity that you will find nowhere else in the world.

New families joining us are welcomed into a caring community that becomes a wonderful, supportive, and vibrant part of life from the moment you enrol until well after graduation.

Our school provides a special space for our parents in the Centre, with all-day access to our Café, Fitness Room, and other facilities for classes and group events.

Get involved and experience everything our community has to offer, from volunteer opportunities with the PTA to exciting events and initiatives.

The students are of various ethnicities and are looking towards the camera with serious expressions. The background is dark, and the lighting is focused on the students and the dragon.

Imagine

**a School Where the Languages We Speak
Are as Diverse as Our International Community.**

English is the common language of instruction underpinning our inclusive learning community. The learning of home and additional languages reinforces international mindedness, supports personal excellence, and develops creative thinking in each student across our school.

NIS offers IB curriculum-integrated courses for a number of languages during the regular school day. For other languages not offered as part of our IB curriculum, classes are provided by the parent community to native speakers outside of regular school hours. Personalised, integrated English language acquisition support by our specialist team is offered from Pre-K to Grade 12.

Imagine a School

Where Learning Leads
Far Beyond the Classroom.

We want our whole community to connect across cultures and perspectives. NIS strives to equip our students with the skills that allow them to burst the bubble when they find themselves outside their comfort zone: when they start out at university, work, or any other new environment.

Discover China

In the Discover China Programme, our Grade 5-12 students link classroom learning with real-life situations during travel throughout China. Discover China aims to enrich student experiences and knowledge of China while helping them broaden their perspectives of the wider world.

Global Citizen Diploma

GCD is a validation of activities and experiences that our students do in addition to their academics. They showcase their stories with authentic audiences as GCD highlights the story of learning and growing through a range of lenses.

Global Online Academy

GOA offers our students the chance to study in a highly collaborative, global learning community, building the skills they'll need for college, career, and life. Classes are taught by experienced faculty from prestigious peer schools all over the world. It's a new kind of online class we offer to Secondary students in which relationships and connections drive them to share their perspectives and learn from those of others.

Work Experience Week

At NIS, our Grade 10 students find themselves in different industries to test and try out a wide array of careers. The week is not only about pursuing passions that could lead to future careers – it also gives our students the opportunity to understand and live the connection between work and being a global citizen.

Imagine

a School Where Everything Goes to Our Students.

NIS is the only independent, non-profit international school in Nanjing, meaning all our resources go into providing the best teachers, the best facilities, and the best opportunities for our students. We are governed by a volunteer board and owned by our parents.

This means NIS tuition covers:

- Classes
- Exceptional teachers
- Activities
- New facilities and improvements
- After-school activities
- Learning and language support services
- Discover China trips
- IT resources and support
- Access to all our school facilities
- Medical staff
- School supplies
