

Dalton High School

1500 Manly Street. Dalton, GA 30720 Phone 706-876-4800

IB Admission Policy:

The Dalton High School International Baccalaureate Programme is open to any Junior or Senior who is on track for graduation, has maintained B average in all academic courses, and who has completed the prerequisite courses listed below. Students who have a passion for academics, have an interest in world-minded issues, have a desire to complete an advanced program of study, and are interested in studying a world language for 4 years are encouraged to become a part of our IB diploma candidate group. Students do not have to commit to seeking the full IB diploma to enroll in an IB course. There is a community service component with IB which former IB students have found valuable as most colleges look for well-rounded students who are involved in community service activities as well as students who exhibit motivation to learn at high levels.

Prerequisites:

2 years Advanced Level World Language with minimum grade of B
AP World History
Advanced Government and Economics
Advanced 9th Literature
Advanced American Literature
Algebra 2
Geometry
Precalculus
AP Biology or AP Chemistry in 10th grade

Any student who is interested in taking IB courses needs to schedule an appointment with Dr. Marybeth Meadows, IB Coordinator, or Dee Curtis, IB Counselor. A parent and student informational meeting will be held each year in early January to learn more about the IB program.
