Lake High School Presents:

Fiddler On The Roof

April 14, 15 & 16 @ 7 p.m.
April 17 @ 2 p.m.

Tickets available through the
Lake Local website

See Fiddler on the Roof

The musical notes of “Tradition” will soon be wafting through the halls of Lake High School!

Musical theater’s classic Fiddler on the Roof will be performed April 14 – 16, 2016, at 7 p.m. and Sunday, April 17, 2016, at 2 p.m. in Lake High School’s Performing Arts Hall A Project Connect performance will also take place Wednesday, April 13 at 12:45 p.m.

Debuting on Broadway in 1965, this heartwarming show won nine Tony awards and is currently appearing on Broadway as a revival. Set in 1905 in the little village of Anatevka, Fiddler follows the conflicts and celebrations of the scripture-misquoting, dairy farmer Tevye as he struggles with holding on to the traditional values of his Eastern European Jewish heritage while raising five daughters who try to find their own new ways in a turbulent world.

Nearly 100 Lake High School students will participate in this production including cast, crew, and orchestra. **Tickets will be available for purchase for \$10 on the Lake Local website beginning March 28, 2016.**

Introduce your whole family to the timeless songs of “Matchmaker, Matchmaker,” “If I Were a Rich Man,” and “Sunrise, Sunset” in a show that will make you laugh, cry, and appreciate the values of family and faith.

Bus Safety is Important

First in a series of three articles

Motorists driving around school buses need to know proper signals and traffic laws concerning school buses to help keep school children safe.

- Do not pass a school bus that has red alternating flashing lights on. This indicates that the bus has stopped to load or unload children. Traffic should not move until the bus resumes motion, or the driver signals traffic can proceed.
- When a bus has alternating flashing yellow lights on, it is preparing to stop to load or unload children. Be ready to stop and watch for children in the roadway.

Parents play an important role in helping children to be safe while they are riding a school bus.

- Review bus safety rules with children. Help them understand why each rule is important.
- Dress children in light colored clothing or jackets when they are waiting to be picked up on dark mornings.
- Help children to be ready at the stop before their bus arrives.
- Take turns supervising bus stops with smaller children.

Cafeteria Corner

Dave Lloyd, Food Service Director

March is here! As weather gets warmer and spring sports begin, our department is continually reviewing and introducing new menu items to satisfy hungry students at Lake Local Schools while also meeting their nutritional needs.

Last month, we conducted a Domino's Pizza Smart Slice taste test at Uniontown Elementary as well as at the middle and high schools. After receiving great reviews, we started serving Domino's Smart Slice pizzas once a month. These pizzas taste great, meet USDA guidelines, are made with whole grains, and are lower in saturated fat and sodium. Try our healthier, *student approved* pizza!

In April we will begin this season's Farm to School Program. We will incorporate more fresh fruits and vegetables into the menu, including the super food kale! We are excited to try fresh, delicious new recipes.

For your convenience, the Foodservice Department continues to use an on-line payment system, allowing parents to make payments with a checking account or credit card via the Internet with no fee. Use your student's ID number, and visit www.payforit.net. Find your student's ID number on his/her student's schedule, report card, or by calling the Foodservice office at (330) 877-4742.

Families going through tough times can take advantage of the free/reduced lunch program. All school main offices have forms, or you may download one at www.lakelocal.org/LunchMenus.aspx. Please mail applications to Lake Foodservice, Lake High School, 1205 Lake Center St., Uniontown, OH 44685, or send them to the school main office with your student.

Please contact our office at (330) 877-4742 with any questions or concerns. *Thank you for letting us serve your Blue Streaks!*

Employees Take Steps to Commit to Be Fit

This spring, staff at Lake Local Schools are taking steps to become healthier!

Becca Schusler, Health teacher at Lake High School and member of the district's new Lake Employee Wellness Committee, said it's a worthwhile goal since "healthier employees are happier, and more productive." "It's about being aware of better choices. Prevention of disease, and offering a defense for health, is good," added Therese Gilbert, School Nurse Coordinator. Mrs. Gilbert also serves on the committee, along with Superintendent Jeff Wendorf and Accounting Officer Jeanine Battershell. "We value our employees here at Lake Local. If staff feel their best, our district benefits from consistent delivery of quality education," said Wendorf.

Students in Frank Pilato's Marketing and Business Management class created a new logo and phrase *Commit to be Fit* to help launch the wellness program, then the Committee surveyed staff to identify their specific health needs. A majority of staff said they wanted health screenings, so that was completed in late February on site at various school buildings. After signing in, staff received a Know Your Numbers Card to record their screening results.

Students from **Lake High School's Health Tech Prep classes** taught by Chris Baker assisted by manning a weight scale, determining body mass index, percent of body fat, and checking blood pressures. A Mercy Medical Center phlebotomist also took blood samples to determine blood sugar/cholesterol levels. Results of the 55 employee screenings completed will be sent to employees via regular mail by Mercy Medical.

Plans call for each school to have its own standing Wellness Committee, while *lunch and learn* events are also planned for staff, presented by insurance representatives from Aultcare and Medical Mutual.

Luncheon topics could include providing info about interactive health education resources and programs offered by the insurance companies, as well as health related discounts (through Medical Mutual) for items ranging from baby products, fitness programs, hearing aids, and drugstore items. "We want staff to gain a better understanding of all the various health resources available through their plans, so they can *use* them," said Mrs. Battershell.

Low-Interest Student Loans Offered to Stark County Graduates From Local Foundation

Students looking to further their education during tough economic times can turn to a local foundation for low-interest student loans.

The Canton Student Loan Foundation, a non-profit organization, is offering student loans to Stark County graduates. The loans can be applied to any undergraduate course of study, including four-year college degrees, two-year associate degrees, and degrees from technology and trade schools.

An annual interest of 6 percent is deferred while the student is attending classes, so the effective interest rate is 1.5 to 2 percent, much lower than most other sources. *There are no fees.*

Students may borrow up to \$12,000 total over the course of their education. Freshmen can receive \$3,000 per year, and students closer to graduation may be able to receive more per year.

To be eligible for a loan, students must have graduated from a Stark County high school, have and maintain a 2.0 grade point average, be pursuing an undergraduate course of study, and be attending school on a full-time basis (enrolled for at least 12 credit hours per term).

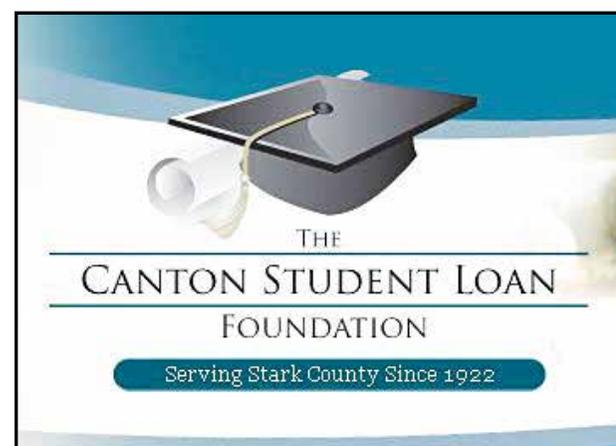

Starting in 2014, graduate school loans were also made available. In order to borrow funds for graduate school, the student must be a current Canton Student Loan Foundation student. These funds have been made possible through financial contributions made by George and Anna Casper and the efforts of a volunteer advisory committee composed of Masons from the various Masonic lodges in Canton, Ohio. The Trust is administered by The Stark Community Foundation.

“Increased training or earning a degree can mean earning thousands of dollars more each year so being able to earn a degree is a life-changing experience,” says Kimberly Leggett, Executive Director of The Canton Student Loan Foundation. “It has always been our goal to help our local Stark County students pursue their dreams without the burden of high-interest-rate loans.”

To apply online, visit www.cantonstudentloan.org. Or contact the Canton Student Loan Foundation at (330) 493-0020 or at info@cantonstudentloan.org. Loan applications are due in the Foundation’s office by June 1, 2016.

Since 1922, The Canton Student Loan Foundation has extended over \$33 million to 5,600 Stark County students. Recipients have gone on to careers in education, medicine, law, marketing, cosmetology, auto technology and countless other areas. More than half of the student borrowers return to live and work in Stark County following the completion of their educational goals.

For more info or if you have questions, please contact the Canton Student Loan Foundation at (PH) 330-493-0020, or via e-mail at info@cantonstudentloan.org. Their website address is www.cantonstudentloan.org.

Spoonhower Orthodontics

LOVE YOUR SMILE!

We offer personalized orthodontic care in a family-friendly setting. Visit us online for more info, and follow us on Facebook.

Check Out These Lake Library Events!

Children's Programs

Story Times*

- Baby: Tuesdays, 11:00 am-noon
Mar 8, 15; Apr 5, 12, 19, 26
- Toddler: Wednesdays, 11:00 am-noon
Mar 9, 16; Apr 6, 13, 20, 27
- Preschool:
Wednesdays, 10:00-11:00 am
Mar 9, 16; Apr 6, 13, 20, 27
OR
Thursdays, 10:30-11:30 am
Mar 10, 17; Apr 7, 14, 21, 28
- Pajama: 6:30-7:00 pm
Mar 7, 14; Apr 4, 11, 18, 25

The Wonderful World of Owls*

Saturday, Mar 5, 2:30-3:30 pm
Grades K-3: Cleveland Museum of Natural History Conservation Specialist Judy Semroc will share her knowledge about the different types of owls and how to find them.

Pups and Pages*

Saturday, Mar 12, 10:30 am-noon
Family: Licensed therapy dogs will listen to you read. Bring a book or borrow one of ours.

Mother-Daughter Book Club*

Thursdays, 6:30-7:30 pm
Mar 17; Apr 21; May 19
Girls in grades 3-5 and their female caregivers read the selected book together each month, and then come to the library to discuss it. Call the library for titles.

Popcorn and Movie Day*

Tuesday, Mar 22, 2:00-4:00 pm
There is no school. Need a fun activity? Come to the library for a movie, popcorn, and a related activity. When possible we will show a movie newly released on DVD.

Board (not-Bored) Games

Saturdays, 2:00-3:00 pm
Mar 26; May 21
Grades 3-6: Meet some friends at the library and play board games together. Use those provided or bring your favorite.

Lego Club*

Saturdays, 2:30-3:30 pm
Apr 2; May 14
Family: Use your imagination to build fantastic creations. LEGO and DUPLO bricks are provided.

Celebrate with Poetry*

Thursday, Apr 7, 4:30-5:30 pm
Children in grades 2-5 are invited to come to the library and create art and poetry with fun group activities.

Teen Programs

Teen Café

Thursdays, 2:30-4:00 pm
Mar 17, 31; Apr 7, 14, 21, 28; May 5, 12, 19
Join us for a variety of activities, including book discussions, crafts, technology, and more. Come one day or come every week!

Adult Programs

Knitty Gritters Knitting Club

Mondays, 11:00 am-1:00 pm
Mar 21; Apr 4, 18; May 2, 16
Bring your current knitting project, see what others are knitting, and stay in the loop.

Spring Health and Fitness Fair*

Wednesday, Mar 30, 10:00 am-noon
Alzheimer Assoc., Arukah Market, Lake YMCA, Mercy Medical, NEO Today, and SOL Pie Pizza. Featuring free screenings and samples.

National Library Week: Local Author Fair

Tuesday, Apr 5, 6:00 pm-8:00 pm
Celebrate National Library Week and meet some local authors who will talk about their books and how they got published. Books will be available for purchase.

Meet Author Beverly Lewis*

Saturday, Apr 9, 10:00 am
Ms. Lewis will speak and sign books. Her new novel *The Atonement* will be released on March 29th. Books will be available for purchase.

Streaming TV*

Tuesday, Apr 19, 6:00-7:30 pm
Learn the many ways to turn your standard flat screen TV into

a Smart TV using devices such as Roku, Wii, Google Chrome Cast, and wireless connection.

What Really Happened November 22, 1963?*

Tuesday, Apr 26, 6:30-7:30 pm
A unique look at the JFK Assassination with a two-pronged approach. This presentation focuses primarily on eye-witness testimony of the event as well as a psychological profile of the accused assassin.

eBay*

Tuesday, May 3, 6:00-7:30 pm
Learn to create an eBay account; shop and sell; navigate through eBay's many layers. (This is not an entrepreneur's class).

Partners Against Trafficking Humans Stark County (PATHS)*

Tuesday, May 24, 6:30-7:30 pm
PATHS will focus on trends around the world and in Ohio and why it is the fastest growing criminal industry in the world.

Tech Tuesday: Spring Clean Your SmartPhone or Tablet

Tuesday, Mar 15, 1:00-2:00 pm
As you clean out the closets and sweep up the garage this time of year consider also "cleaning" your devices as well. We'll offer tips on how to improve performance, extend battery life, and adjust settings to help you stay organized on your device.

Tech Tuesday @ Lake: Sync with iTunes*

Tuesday, Apr 19, 1:00-2:00 pm
iTunes has revolutionized the way we consume entertainment. Music, movies, television and more can easily be purchased and stored in one location. Learn some of the basics of iTunes and how to sync your iTunes library to your iPad, iPod or iPhone.

Tech Tuesday @ Lake: Library Apps*

Tuesday, May 17, 1:00-2:00 pm
Learn about free apps that get you free movies, music, e-books, and magazines on your tablet or smart phone. No device? No problem! With the web version of these apps you can get these items materials using a computer as well. Everything is free - only requirements are a library card and an email address.

8th Annual Plant Swap

Saturday, May 21, 10:00 am - noon
Got a green thumb? Or do you need to thin out your garden? Join us and acquire new unique plants for free.

*Call (330) 877-9975 to register

There's a New Team in Town!

School Facility Update

Lake Local Schools would like to share with our community the following timeline outlining the development of the new school facilities to be constructed. We will continue to communicate as we progress through the development and construction of our new facilities.

The district plans to hold a **community meeting in April, 2016**, to present these building plans and share the latest information with our community.

Watch for more details to be released soon.

We are currently on target with the developmental phase of this project. We are excited about the opportunity to provide a 21st century learning environment to best meet the needs of our students for the near future, as well as the next 50 years!

The **Design Phase** for this construction project began in September, 2015.

Planning/Data Gathering

- Educational Visioning Conference –included teachers, students, community members, and administration
- Visited three recently completed schools (Beaver, New Albany, and Mentor) that were designed based on flexibility/collaborative learning
- Facility Design Committee was formed – including teachers, community members and administration
 - We have met nearly every week with the architects during the design progress. This committee provides feedback and suggestions regarding design options.
- Architects have been interviewing and gathering data from each faculty department throughout the district
- We have been meeting twice a month with representatives from the Ohio Facilities Construction Commission (OFCC), our partners in the project.

Our design schedule is made up of three phases, which typically takes about one year to complete.

- **First Phase** – Schematic Design (October, 2015 to February, 2016)

Factors considered include:

- Organization and layout of buildings
- Site planning layout
- Analysis of Building Systems, such as HVAC systems
- Hammond Construction, our Construction Manager at Risk (CMR), will provide the district with a first cost estimate for our Master Plan
- After review, the Board of Education and OFCC will approve the Schematic Design

- **Second Phase** – Design Development (middle of March, 2016, to June, 2016)

Factors considered include:

- Details of inside of all building spaces, and how they are laid out with furniture and equipment
- Continuation of site planning design
- Continuation of development of building system design
- Hammond Construction, our CMR, will provide a second cost estimate for our Master Plan
- After review, the Board of Education and OFCC will approve the Design Development plan

- **Third Phase** –Construction Documents (July, 2016 to October, 2016)

- Details, documents, and drawings are finalized so contractors can begin construction of new schools
- Hammond Construction, our CMR, will provide a third, final cost estimate for our Master Plan
- After review, the Board of Education and OFCC will approve Construction Documents

*Concept/subject to change:

*Concept/subject to change:
Large group instruction area with
presentation screen at HS/LMS building.*

*Concept/subject to change:
Main entrance of new addition
to HS/LMS building, looking west from Market Ave.*

Project-Based Learning in Art & Academics Gives Third Grade Artists Authentic Learning Experiences

Third grade artists will begin an invigorating art and design project by collaborating with community art organization Arts in Stark, SoL Harris/Day Architecture, the Hartville Elementary art department, and the school's third grade homeroom teachers.

Students will be examine and use principles of architecture and design, combining content areas of art, technology, aesthetics, math, science, physics, geography, and language arts to create a student inspired, student built, 3D prototype for our new grades 2-6 elementary school complex. Students will design and build individualized elements for the new building. Students will creatively design what they would like to see in the building, and on the playground. Students will work with SoL Harris/Day architects, and Kevin Tobin, district Facility Project Coordinator.

Professional blueprints will be available, and computer software will take students on a 3D tour of the proposed new building. In addition, third grade homeroom teachers will use 3D printers (purchased from an outside grant) to work with students to create additional elements for the new school.

After students design and build their completely unique classrooms and school structures on a small scale, peers will vote on the most successful pieces. Winning concepts will be included in a final 3D school blueprint, and displayed for the community to view.

Math Rules

Second grade students at Hartville Elementary have been engaged with their math activities. Students worked on finding the area, perimeter, and making fractions. First, students used Cheez-Its to find the area and perimeter of different shapes. Next, students created fractions using multi-colored M&M's. Then, students made fraction caterpillars by using colorful buttons, shape stickers, or pom-poms. These interactive activities focused students' attention on learning Common Core standards for measurement.

The students are proud to be reading "real" books, and to display such skills as an understanding of character and setting, plot, and sequencing. They are also blossoming into amazing writers, and are able to compose stories, letters, and even poems. Math skills are growing with activities such as addition and subtraction, working with tens and ones, and creating number stories.

First Grade

First graders learned not everyone has access to clean drinking water. Students watched a video about boys and girls their age from around the world, who drink water that may be collected from dirty wells, puddles, rivers, and streams.

Our students then brainstormed ideas of how they could help these children around the world. This past holiday season we talked about thankfulness and gratitude. Our first graders have a lot to be thankful for and they wanted to help others. *Compassion's Water of Life* project gives water filters to families without access to clean water. The students decided to bring in spare change to buy filters for these families.

Students witnessed the water filtration system first hand, as dirty water was placed into buckets, then filtered for all first grade teachers to drink. We raised \$708 to purchase nine filters! We are so thankful for a community that believes in supporting and giving to others. First graders continued their acts of kindness toward others during the school day by making cards for our school resource officers, and giving them donuts as a thank you for all they do for us. Students also helped each other clean their desk and lockers. New friendships were formed on the playground, and kind words were spoken about everyone. First graders at Hartville Elementary have caring hearts, and know the importance of supporting others.

Third Grade Rocks

Third grade is finishing an economics unit and loving learning interesting facts in our *Rocks and Minerals* unit. We are sharing minerals, doing hands on activities, and learning how the *Mohs scale* is used by geologists.

In math, we are learning about perimeter and area of shapes. Students will also learn basic geometry, and special activities using small cereal boxes to help them understand face, vortex, and edges. If you can send in more small boxes, we would appreciate it!

We also received our new 3D printer (through a grant) and hope to create shapes using it. Students

are excited to use this printer, a rare resource to be found in any elementary school!

Our IXL and AR scores are progressing very well overall in third grade. Kids are enjoying treats and rewards for their efforts. As teachers, we are thrilled that our students are excited to learn math and reading!

News from Kindergarten

Students in each classroom researched and studied animals and plants in various habitats (**Grasslands, Arctic, Desert, Forest, Ocean**) using Project Based Learning. Each class identified, researched, and created elements of these areas, then created a room-sized habitat. Classes visited each habitat, and participated in activities. Students also completed pages of their habitat books as they visited each room.

- In the **Ocean**, students did sink or float experiments with salt water and fresh water.
- In the **Grassland**, students researched animals living there, and made grassland animals.
- In the **Desert**, they researched plants, animals, and weather conditions in the desert with hands-on activities and technology
- In the **Arctic**, we researched different Arctic animals, survival, and conditions. Student teams made videos sharing what they learned. When other classes visited, they scanned QR codes to learn more, and see projects that were made.
- In the **Forest**, students created nests, burrows, caves, dens, and more. When students visited, they were given an iPad to hunt for hidden QR codes. When codes were scanned, the viewer was taken directly to pictures/videos of real forest habitats.

Some of Mrs. Wheeler's students dressed so they appeared to be 100 years old!

First Grade News

Wendy Bullock, a representative from Stark-Tuscarawas-Wayne Waste Management, visits our classrooms monthly to teach students about being good stewards of resources. Last month, students learned how worms help the environment. During her next visit, they will learn what happens to trash after it leaves our houses.

First grade also recently celebrated the 100th Day of school with some exciting learning activities. The day started off by having breakfast with sausage and pancakes making the number 100. Students also engaged in a variety of math, reading, and writing activities focusing on the number 100.

News from Second Grade

Second graders at Uniontown Elementary learned about different human systems throughout the world. They traveled to each second grade classroom learning and taking notes on different cultures. They used those notes to create a poster showing what they learned about their favorite country, and made presentations to their class. They also researched and wrote about past presidents in celebration of Presidents' Day. This allowed students to learn about important historical figures and develop their writing abilities.

In addition, they drew caricatures with Mrs. Hockenberry as a collaboration project, and participated in a Dr. Milton Rubin Oral Health Education Program, sponsored by Embracing Futures, Inc. This program taught students valuable lessons about the importance of dental health.

News from Third Grade

In math, students determined area and perimeter, while science classes learned about rocks, minerals, and soil. Ken Dinwiddie and Jason Conley, from the National Lime & Stone Company, also visited and spoke about their work. Mr. Dinwiddie is the father of Jack, a Uniontown third grader. They brought sieves and many rock samples, some of which were more than three million years old! Students especially loved watching a video where dynamite was used to explode an 18-story bed of rock.

Students also were thrilled when a professional crew came to school to take soil samples in preparation for planned new school construction at Uniontown. Students watched as drill equipment removed soil samples from approximately 17 feet below ground. Sweet!

Social studies classes will soon begin studying economics. Students will culminate the unit by participating in a *student-led market* providing goods or services to other students at school. All proceeds will be donated to a charity.

Growth in reading has been amazing! Students have read a variety of genres as they hopefully develop a lifelong love of reading.

Finally, we are preparing students for the AIR tests in April, which will focus on language arts and math. Students performed well on the language arts test given last fall, and should do well this spring. Help your child prepare by having him/her read each night, and complete math homework.

Dates to Remember:

March

- 7-10 Scholastic Bookfair
- 7-11 PTO Spring Spirit Sale
- 10 Kindergarten Music Program @ UE Gym 6 & 7 p.m.
- 11 Second Grade Field Trip
- 12 PTO Craft Show..... 9 a.m. – 3 p.m.
- 14 PTO Meeting
- 15 Lifetouch Spring Pictures
- 15 Kindergarten Registration..... 12 – 5 p.m. (by appointment)
- 15 PTO Spring Pastry Fundraiser pickup 3:30 – 6 p.m.
- 17 Kindergarten Registration..... 12 – 5 p.m. (by appointment)
- 21-25 **Spring Break**
- 30 First Grade, Aultman Hospital Bicycle Safety

April

- 1 Popcorn Day
- 4 PTO Meeting
- 12 First Grade Music Program 6 & 6:45 p.m.
- 25 Right to Read Week

May

- 2 PTO Meeting
- 6 Popcorn Day (Sponsored by PTO)
- 10 Third Grade Recognition Ceremony, PAH..... 6 p.m.
- 18 First Grade Field Trip
- 20 Principal's Cookout
- 25 Class Picnics
- 26 **Last Day of School**
- 31-June 2 Safety Village

Kindergarten Registration

By appointment only:

Tuesday, March 15, 2016
Thursday, March 17, 2016
12:00 - 5:00 p.m.

If you are unable to make one of the above dates, contact Mrs. Caruso to schedule a registration appointment.

You may print registration documents and sign-up for an appointment by going to www.lakelocal.org and select Uniontown Elementary, Kindergarten Registration 2016-17, or contact the school secretary, Mrs. Denise Caruso, by calling 330-877-4298, or via e-mail: carusodenise@lakelocal.org.

Using Project Based Learning to Study a Global Issue

It has been an exciting few weeks in Gina Lengel's and Yvette Ballard's classes! Students have been working on a Project Based Learning (PBL) project revolving around this essential question: *Do we have the right to capture, kill, or cage animals?*

Students researched endangered animals, wrote informational reports, read the book, *The One and Only Ivan* by Katherine Applegate, and then assumed the role of a presenter at a zoological conference.

They were required to take a stance on the essential question and support it with factual information.

This unit incorporated technology fun using Google forms, slides, and creating videos/public service announcements. The experience enabled students to persuade an audience to agree with their stance through various presentations, and encouraged them to play an active role in an important global issue.

Poetry Readings and Hot Chocolate

The students in Mollie McVicker's Language Art's class wrapped up their poetry unit by reading a poem they created in their poetry book to the class. They enjoyed sipping on homemade hot chocolate, munching on cookies, relaxing by a "warm" fire, and snapping their fingers after their classmates' poems. Too cool!

Fifth Grade Students Focus on Concepts of Light in Art Class

Artists in Joni Susa's and Jamie Stegner's fifth grade art classes are combining their learning in art class with their current science studies of light. During art, students explored theories of color and the effects of specific types of light by illustrating the dynamic concepts of opaque, translucency, and transparency into a rich composition filled with an almost glowing, wintry scene.

(l to r) Students pictured with their snowy scenes: **Abbi Harris, Brooke Brinton and William Snodgrass.**

Students were guided through specific painting techniques of blending tints and values, as well as the use of dry brush application to further demonstrate how artists should consciously focus on concepts of science when creating or painting with light. While students concentrated on creating an interesting composition, they anticipated where the light would be cast across the scene. Placement of their uniquely designed lamp post within their composition also meant they had to think about the lamp post's scale and proportion within the composition. Paintings from this unit were displayed throughout our buildings.

Rolling Through P.E. at LE

The fourth and fifth grade students recently enjoyed three weeks of roller-skating during PE class! Roller-skating is a great fitness activity! It also improves balance, coordination, and encourages a focus on safety and control.

The three weeks went by very quickly but students had a great time. We will now be moving into units of bowling, golf, routine designs, fitness assessment, and much more! *It is fun to be fit at Lake Elementary!*

Celebrating Presidents Day

The fourth grade Presidents Day program took place on Wednesday, Feb. 17, 2016 during the school day in the Lake Elementary gym. Students sang several patriotic songs including Armed Forces Medley, Thank You, Soldiers, and God Bless America.

Parents, relatives, friends, and veterans enjoyed listening to our students as they sang and read poems they wrote about patriotism. Members of the Cub Scouts that are currently in fourth grade presented the flag. Guest speaker, Major Brian Kuruc, a member of the Army Reserves and father of current fourth grade student Samantha Kuruc, addressed the students and audience.

After the performance, many stopped to observe all of the names on a banner honoring relatives of fourth grade students that serve in the military.

LMS Academic Challenge Team

The Academic Challenge Team at LMS, led by co-advisors **Katie Arthurs** and **Mrs. Courtney Miller**, is off to a wonderful start to the season! The team is currently 3-0 with wins against Louisville, Marlinton, and an extremely tough North Canton team. The team consists of sixth, seventh, and eighth graders including **Caleb Adams, Isabella Armentrout, Cooper Bertschi, Connor Cummings, Kaidyn Cunningham, Kevin Dockery, Aaron Hess, Lauren Klodt, Cameron Logar, Bella Marshall, Travis Norton, Anthony Rechel, and Stan Yerrick.**

Modeling team unity, the team has been complimented by parents and coaches for their ability to work together and respect opposing team members. Our LMS team has the academic strength to answer multifaceted trivia questions, as well as the maturity to handle challenging situations in a dignified manner. The coaches, parents, and school are proud to have these fine students represent the Blue Streaks. Let's continue to wish these students *good luck* as they face several other school districts throughout the remainder of the season.

STEM Science

Light it up, Blue Streaks! Sixth grade science students engaged in a Science, Technology, Engineering, Math (STEM) Instant Challenge to build a working flashlight. Using concepts learned during our energy unit, students built, decorated, and presented flashlights to the class. Many *bright ideas* were explored. Working through their frustration, students became excellent troubleshooters and used proper electricity vocabulary to demonstrate their new learning as they met their goal.

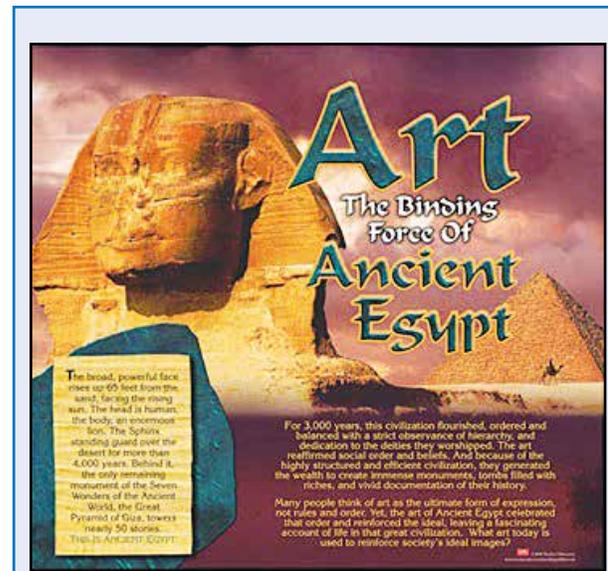

Sixth Grade Students Study Leonardo Da Vinci Inventions

Sixth grade students in Joni Susa's and Heather Boxler's art classes have been studying Da Vinci's impact on the modern world by exploring many of his blue prints for tools and inventions. This project-based unit asks two essential questions: *Who was Leonardo Da Vinci, and in what areas does he show creative genius? Which of Da Vinci's areas of expertise do you believe had the most impact on today?*

First, students completed a QR code scavenger hunt that took them through a series of links to discover a few of Da Vinci's famous artworks and useful information on scientific tools. Students discovered scholars believe Leonardo was a genius in every academic area including science, math, engineering, technology, and art, making him the ultimate Renaissance Man.

Painter of *The Last Supper* and *The Mona Lisa*, Da Vinci is widely considered one of the most famous painters of all time. Students watched videos where scientists who challenged Da Vinci's early blue prints brought many of his concepts and inventions to fruition; many were proven successful. Each student created a Pow Toon during technology class with Mrs. Jones that explained their tool or invention, and the tools' positive or negative impact on society. Artists also created a unique mixed-media collage during art class that displayed their tool or invention, as well as its place of origin. These and other fine pieces of student work were displayed throughout our halls in recent weeks.

For more information on the amazing Da Vinci and his work visit www.leonardoda-vinci.org.

"Art: The Binding Force of Ancient Egypt" Traveling Exhibit

LMS students and staff enjoyed a larger-than-life, five piece photographic art exhibit depicting ancient Egypt hosted by the LMS Art department and sponsored by principal Brian Reed February 22-26, 2016. The two-dimensional exhibit featured large, photographic panels depicting tomb treasures, the rules of figure drawing, symbols, and the defining Kingdoms.

Art Specialists Joni Susa and Heather Boxler, along with classroom social studies teachers, studied Ancient Egypt during the month of February. Sixth graders explored social structures, religions, technologies, agricultural practices, and the cultural traditions of this early civilization.

During art classes students compared and contrasted visual art forms of expression found in the Egyptian tombs by exploring the Great Pyramids, discovering the visual language of hieroglyphics, and discussing how aspects of culture influence ritual and social artworks.

This exhibit supported and enhanced student learning, while connecting knowledge from art and social studies using ART as a catalyst! Community members also had an opportunity to view the exhibit after school hours during two evenings.

Legal Studies

A Career Tech Prep Class at Lake High School

In Legal Studies, the second nine weeks started with students preparing for the 33rd Annual State of Ohio Mock Trial competition. The students spent two months preparing their case and on Jan. 29, 2016 competed in the District Competition held at the Canton Municipal Courthouse.

There each student played the role of a bailiff, witness, or attorney. The students argued their side of the case in a “real” courtroom, presenting to a “real” judge. In this year’s competition, three teams represented Lake High School. Congratulations to our Outstanding Award winners! The Outstanding Attorney Award went to junior **Layla Fetters** and the Outstanding Witness recipient was senior **Kyle Bolyard**. Kyle testified for the defense as Officer Riley Green in a felonious assault case.

A special thanks to our legal advisors, attorneys **Ron Starkey** and **Adam Runkle**, from Starkey Law, and **Magistrate Natalie Haupt** from the Stark County Court of Common Pleas, for helping educate our students in relevant law, court procedures, and guiding the students through all their practices.

In other past events, the weekend before Thanksgiving, senior students traveled to Washington D.C. to visit the Supreme Court, the Library of Congress, the National Archives, and additional historical sites.

If interested in learning more about the opportunities available through the Legal Studies program please contact Debbie Marshall, Lake High School guidance counselor, or Teresa Miller, LHS teacher, at 330-877-4282 or millerteresa@lakelocal.org.

LHS Mock Trial Outstanding Award winners **Kyle Bolyard** (left) and **Layla Fetters** (right).

College Credit Plus

If your son/daughter will be taking a CCP (College Credit Plus) class next school year, all paperwork is due in the high school counseling office by **Friday, March 18, 2016**. There will be no exception to this deadline. Incomplete paperwork will not be accepted so please review all instructions carefully.

Class scheduling for the upcoming 2016-2017 school year at Lake High School is now complete for current eighth graders, freshman, sophomores and juniors. If you have any questions or concerns about CCP paperwork or applying to the college, please contact the counseling office at 330-877-4285.

Scholarships for Graduating Class of 2016

Miscellaneous scholarships as well as local area scholarships are posted on the Lake High School Counseling Department website. Go to lakelocal.org; click on “Schools” and then select “Lake High School” from the drop down menu; under “Quick Links” click on “Counseling Department”; under “Resources” click on “Scholarships.”

You can then view each scholarship by clicking on the name of the scholarship. Students should review the criteria to make sure they are eligible and then follow the guidelines for the specific scholarship. Students and parents should check the website frequently to know when new ones have been posted. Announcements will be made at school as well as posted on social media. Should you have any questions, please contact the counseling office at 330-877-4285.

Lake High School's Advanced Placement Program

Advanced Placement (AP) classes are intensive, academically rigorous courses taught at the college level. Students in AP classes have the opportunity to take a nationally administered exam in May with the potential of earning college credit.

“Earning a 3 or higher on an AP Exam is one of ‘the very best predictors of college performance,’ with AP students earning higher college grades and graduating from college at higher rates than otherwise similar peers in control groups, according to recent reports from researchers at the University of California at Berkeley, the National Center for Educational Accountability, and the University of Texas at Austin “ (4th Annual AP Report to the Nation).

AP classes currently offered at Lake High School include Physics 1 and Physics 2, Chemistry, Computer Science, Calculus, English Language and Composition, English Literature and Composition, Spanish Language and Culture, European History, United States History, and Art History.

These students are taking FIVE (yes, FIVE!) AP classes. (l to r): **Liam Stalker, Spencer Mason, Celeste Hudak, Joanne Ash, Olivia Bartholomew, Ben Shaub**

Upcoming Performing Arts Concerts

The Lake Local Schools Music Department cordially invites the entire community to attend any of the upcoming Winter and Spring 2016 concerts listed below. These concerts are free and open to the public.

KEY: HE = Hartville Elementary
UE = Uniontown Elementary LE = Lake Elementary
LMS = Lake Middle School LHS = Lake High School

**Please enter using Door 5 for all concerts held in the Performing Arts Hall held at Lake High School.*

High School Choirs Winter Concert - Tuesday, March 1 at 7:30 p.m. in the PAH at LHS.

Hartville Elementary 2nd Grade Winter Program - Tuesday, March 8, at 6 p.m. in the LE Gym

Uniontown (UE) Elementary Kindergarten Winter Program - Thursday, March 10 at 6 p.m. and 7 p.m. in the UE Gym

Hartville Elementary Kindergarten Winter Program - Tuesday, March 15 at 6 p.m. in the LE Gym

Uniontown Elementary 1st Grade Spring Program - Tuesday, April 12 at 6 p.m. and 7 p.m. in the UE Gym

Project Connect Fiddler On the Roof/District Art Show - Wednesday, April 13 in the PAH at LHS; refreshments at 12:15 p.m. with performance at 12:45 p.m.

Hartville Elementary 1st Grade Spring Program - Monday, April 18 at 6 p.m. in the LE Gym

5th/6th Grade Orchestra Spring Concert - Tuesday, April 19 at 7 p.m. in the PAH at LHS

7th/8th Grade Orchestra Spring Concert - Wednesday, April 20 at 8 p.m. in the PAH at LHS

High School Orchestra Spring Concert - Tuesday, April 26 at 8 p.m. in the PAH at LHS

5th Grade Choir Spring Concert - Wednesday, April 27 at 7 p.m. in the PAH at LHS

“Boys of Brass” Brass Quintet Farewell Concert - Sunday, April 24 at 3 p.m. in the PAH at LHS

High School Jazz Band Festival - Thursday, April 28 at 7 p.m. in the PAH at LHS

7th/8th Grade Choir Concert - Tuesday, May 3 at 7:30 p.m. in the PAH at LHS

6th Grade Choir Concert - Wednesday, May 4 at 7 p.m. in the PAH at LHS

5th/6th Grade Band Spring Concert - Monday, May 9 at 7 p.m. in the PAH at LHS

Uniontown Elementary 3rd Grade Spring Program - Tuesday, May 10 at 6 p.m. in the PAH at LHS

Hartville Elementary 3rd Grade Spring Program - Wednesday, May 11 at 6 p.m. in the PAH at LHS

7th/8th Grade Band Spring Concert - Thursday, May 12 at 8 p.m. in the PAH at LHS

High School Fine Arts Festival - Saturday, May 14 at 7 p.m. in the PAH at LHS

High School Choirs Spring Concert - Tuesday, May 17 at 7:30 p.m. in the PAH at LHS

High School Bands Spring Concert - Wednesday, May 18 at 6:30 p.m. and 8 p.m. in the PAH at LHS

AP Students Comment on Benefits of Taking AP Classes

CAROLINE REINHART

“In the AP program, you have to depend on yourself a little more, which prepares you for the independence of college.”

JOANNE ASH

“As far as college admissions go, (AP classes) make for an impressive senior schedule....”

LIAM STALKER

“AP classes have helped prepare me for the college class pace and given me the chance to get a head start on my education while still in high school.”

Lake Orchestra News

It has been a busy season for the Lake Orchestra and they won't be slowing down any time soon!

The year started off with the OMEA High School Solo and Ensemble Contest that took place Jan. 16, 2016 at Glen Oak High School. This year's event saw the largest number of high school participants from Lake since Mrs. Scott began teaching here. The students' commitment and hard work were evident in the competition; this is the first time ALL the orchestra students earned a SUPERIOR RATING! A Superior is the highest rating awarded.

Congratulations again to the following students who participated in the OMEA High School Solo and Ensemble Contest.

Caitlyn Barrett
Haven Conn
Aris DiGiacomo

James Dunnivan
Madelynn Hobson
Alex Johnson

Andrew Miller
Abbie Neo
Emily Weil

Alexandra Xuan
Sophia Yoder

Next, it's off to Orlando Florida!

The Lake High School Orchestra will be traveling to Disney World March 18-23, 2016. They will participate in Disney's *You're Instrumental!* - a workshop that takes orchestras into a recording studio under the direction of a Disney conductor, and gives them the chance to record their own soundtrack to a portion of a Disney animated feature.

Our orchestra will give a performance at EPCOT's Melody Gardens Stage at the Innoventions West stage March 21, 2016. They will play Disney music including Beauty and the Beast and Under the Sea, and medleys from *Pirates of the Caribbean* and *Star Wars*.

Lake Band Students Participate in OMEA Honor Bands

On Saturday, February 22, 2016, five middle school and three high school Lake Band students participated in an honor band festival sponsored by the 8th district of the Ohio Music Education Association.

Students from a five-county region were selected for a middle school honor band under the direction of L. Timothy DeStefano, retired director of bands at the University of Mount Union, and a high school honor band under the direction of Dr. Jesse Leyva, director of bands at Kent State University. Lake was represented by high school band students **Katie Herrick**, flute; **Abigail Archer**, bass clarinet; and **Jason Zwick**, baritone saxophone; and middle school honor band students **Abigail Conn**, flute and piccolo; **Austin Yoder**, clarinet; **Logan Martin**, alto saxophone; **Alex Waltz**, baritone; and **Vickie Herrick**, tuba.

High School Band Students Recruited by Top Music Schools

This past January, 11 high school band students were selected to participate in two collegiate honor band opportunities. Music schools select students by recorded audition and invite them to the campus to work one-on-one with applied music faculty, hear collegiate student performances, prepare a concert with their peers under the direction of renowned conductors, and tour campus facilities.

Selection is an honor, and participation provided an unparalleled musical enrichment experience for some of our best and brightest. Students selected for the Kent State University All-Star Band were **Katie Herrick**, flute; **Sarah Law**, bassoon; **Grace Brott** and **Sydni Doyle**, clarinet; **Abigail Archer**, bass clarinet; **Zech Ramos**, alto saxophone; **Macey Parker** and **Josh Miller**, horn; **Derek Gullett**, trombone; and **Adam Brott**, tuba. **Jennifer Meyers**, clarinet, was selected for the Ohio State University Honor Band.

Lake Band Boosters To Host 4th Annual 5K Run/Walk

The Lake Band Boosters will host their 4th annual **5K Run/Walk** Saturday, April 16, 2016 at 9 a.m. The theme of this year's race is *Runnin' to the Rhythm*. The route begins at Lake Blue Streak Stadium, travels through local neighborhoods, and returns to Blue Streak Stadium. The race is part of the Subway Ohio Challenge Series, and will also feature a Pre-School race for students between the ages of 3 – 5, and a **Fun Run** specifically for students between the ages 6-11. These races will occur prior to the start of the 5K Walk Run and will be located on the track of the stadium.

Pre-registration for the race is now open. To pre-register, simply visit <https://runsignup.com/Race/OH/Uniontown/LakeBandRun> and click on "Register." Please feel free to invite other running enthusiasts to participate in our race through social media (Facebook, Twitter, and Instagram).

Our race is unique in that members of the Lake High School Blue Steak Marching Band provide live music for encouragement at various locations throughout the race. Same day registration will be available the morning of the race for \$5 more per participant. The Lake Band 5K would be an excellent training race for anyone planning to participate in the Hall of Fame Marathon/Half Marathon as it falls the weekend immediately after the Lake Band 5K.

A free Lake Band 5K wicking T-Shirt as well as other giveaways will be given to all pre-registered participants in the 5K Run/Walk. If you register after April 11, 2016, T-Shirts and giveaways are first come/first served. Awards will be given immediately after the race by age groups; age groups are as follow in the 5K: 12 and under; 13-15; 16-19; 20-24; 25-29; 30-34; 35-39; 40-44; 45-49; 50-54; 55-59; 60-64; 65-69; 70-74; 75-99.

Special thanks to this year's sponsors of the race who include United American Securities, the Brott Family, Starkey Law Firm, Mitchell Piping, LLC, and the Lake Community Federal Credit Union.

The Lake Band 5K Run and Walk will benefit the Lake Band Booster fundraising efforts to continue to enrich the musical experience of students enrolled in the entire grades 5-12 band program. Thank you in advance for your support of this event!

For more information on the race please feel free to contact Rich Kibler, Race Director at kiblerrich@lakelocal.org or Kim Kohler, Assistant Race Director at tennismom816@yahoo.com.

High School Band Students Participate in Solo and Ensemble Adjudicated Event

On Saturday, Jan. 16, 2016, the Lake High School Band Program participated in the Ohio Music Education Association-sponsored Solo and Ensemble Adjudicated Events at GlenOak High School. Lake entered 56 different band events involving more than 100 high school band students. These students performed for an OMEA Adjudicator and were given constructive comments on how to better their playing, and were also given a performance rating of Superior, Excellent, Good, Fair, and Poor. The Lake High School Band Program received 47 Superior Ratings and 9 Excellent Ratings.

The following solos and ensembles received a rating of "Superior": Woodwind Quintet – **Miranda Hench, Michael Dickens, Grace Brott, Sarah Law, Macey Parker**; Saxophone Quintet – **Zach Wells, Cassidy Ditchkus, Zech Ramos, Jarrett O’Sullivan, Jason Zwick**; Symphonic Winds Flute Trio 2 - **Rebecca Dunaway, Cara Bunner, Talia Pope; Adam Brott** – tuba solo; **Allyson Gregerson** – clarinet solo; **Cara Bunner** – flute solo; **Cassidy Ditchkus** – alto saxophone solo; Symphonic Band Clarinet Quartet – **Angelina Gonzales, Allyson Gregerson, Marissa Mosser, Amanda Swindell; Alex Clevinger** – tuba solo; Flute Choir - **Alicia O’Neill, Rebecca Dunaway, Miranda Hench, Cara Bunner, Talia Pope, Olivia Bartholomew, Emily Kibler, Ryan Dugan, Samantha Caldwell, Anneliese Quinn, Katie Herrick, Samantha Davis; Connor Taylor** – bassoon solo; **Alex Prokop** – trumpet solo; Symphonic Band Woodwind Choir - **Olivia Bartholomew, Samantha Davis, Emily Kibler, Ryan Dugan, Mary Shaub, Bailey Martin, Jordan Hopkins, Connor Taylor, Ashlyn Fuller, Victoria Gardner, Angelina Gonzales, Nancy Brown, Nathan Uphouse, Megan Yankulov, Allyson Gregerson, Amanda Swindell, David Wallace, Ben Merendino, Sarah Spicer, Hannah Koehler, Melissa Mitchell, Ronnie Milam, Jacob Thompson, Cameron Dasher, Veronica Lemley, Jaime Tobin; Sarah Igleheart** – clarinet solo; **Olivia Bartholomew** – flute solo; **Jason Zwick** – bari sax solo; **Chad Holmes** – marimba solo; **Talia Pope** – flute solo; **Zech Ramos** – alto sax solo; **Hannah Newman** – clarinet solo; **Hannah Koehler** – bass clarinet solo; **Oriana Barrett** – trumpet solo; Percussion Ensemble - **Chad Holmes, Lance Spencer, Amiena Hawari, Blaine Hudak, Sam Merendino, Jason McSherry; Keagan Scott** – trombone solo; **Amiena Hawari** – xylophone solo; **Emily Schrembeck** – tenor saxophone solo; Symphonic Band Trumpet Quartet - **Justin Ivan, Lucas Spencer, Oriana Barrett, Emily Robinson; Alicia O’Neill** – flute solo; **Emily Schrembeck** – bassoon solo; **Lucas Spencer** – trumpet solo; **Hannah Hooper** – clarinet solo; Woodwind Trio – **Emily Schrembeck, Bri O’Sullivan, Mary Shaub; Curtis Lacey** – clarinet solo; **Grace Brott** – clarinet solo; **Nathaniel Clevinger** – clarinet solo; **Sydni Doyle** – clarinet solo; **Jacob Prokop** – trombone solo; **Taylor Thomas** – clarinet solo; **Sarah Law** – bassoon solo; Symphonic Winds Clarinet Quartet 2 - **Sydni Doyle, Taylor Thomas, Hannah Newman, Sarah Igleheart**; Boys of Brass Quintet – **Alex Prokop, Stratton Ruth, Josh Miller, Jacob Prokop, Adam Brott**; Symphonic Winds Flute Trio 1 – **Alicia O’Neill, Katie Herrick, Miranda Hench**; Symphonic Band Brass Choir - **Justin Ivan, Alex Ramos, Luke Spencer, Oriana Barrett, Emily Robinson, Nathan Beine, Karsten Earles, Aaron Bragg, Ty Bragg, Spencer Mason, Ben Kelley, Nick Miller, Matthew Youtz, David Harbaugh, Nick Heldreth, Nick Walls**; Symphonic Winds Clarinet Quartet 1 – **Hannah Hooper, Grace Brott, Curtis Lacey, Nathaniel Clevinger**; Symphonic Winds Brass Choir - **Alex Prokop, Stratton Ruth, Michelle Vargo, Sam Bruner, Warren Werstler, Ben Shaub, Macey Parker, Josh Miller, Jonas Short, Gabe Erb, Jacob Prokop, Derek Gullett, Callum Amacher, Joel Robinson, Matthew Beine, Keagan Scott, Nolan Mason, Adam Brott, Alex Clevinger**; Bassoon Trio – **Sarah Law, Connor Taylor, Ashlyn Fuller**; Clarinet Choir - **Hannah Hooper, Curtis Lacey, Nathaniel Clevinger, Grace Brott, Sydni Doyle, Hannah Newman, Hannah Schulz, Sarah Igleheart, Jeff Eckelberry, Sarah Law, Taylor Thomas, Tyler Speer, Andrew Oliver, Abby Archer, Chet Weston, Gianna Corsi**.

The following solos and ensembles received a rating of "Excellent": **Samantha Caldwell** – piccolo solo; **Ashlyn Fuller** – bassoon solo; **Anneliese Quinn** – flute solo; **Blaine Hudak** – snare drum solo; **Angelina Gonzales** – clarinet solo; **Nick Kohler** – snare drum solo; **Miranda Hench** – flute solo; Wind Symphony Flute Trio - **Anneliese Quinn, Lexi Bailey, Samantha Caldwell; Katie Herrick** – flute solo.

After six years spent growing up and making music together, five Lake High School seniors, **Adam Brott** (tuba), **Josh Miller** (French horn), **Stratton Ruth** (trumpet), **Alex Prokop** (trumpet), and **Jacob Prokop** (trombone), of the brass quintet Boys of Brass will graduate this May, 2016.

Before they go, Lake’s Director of Music and their mentor, Rich Kibler, invites the community to see and hear them perform music accumulated through the years **Sunday, April 24, 2016** beginning at **2 p.m.** in the sanctuary at the **United Methodist Church of Uniontown**. **The concert is free and open to the public.** Guests will be treated to Handel’s *Water Music*, American folk melodies, examples of Jazz, Baroque, and Renaissance music, and more.

“Say thanks for all the performances the Boys of Brass have done through the years, and wish them luck as they go to college,” said Kibler.

DISTRICT NEWS

Join the Lake Alumni Association

The newly formed Lake Alumni Association is up and running! We seek new members who are graduates of Lake High School, and would love to have your support. We invite you to learn more about becoming a member of the Alumni Association by checking out our Facebook page or our website, located at www.lakebluestreaksalumni.org.

Help us to carry on the Blue Streak tradition of paying it forward and stay connected to the Lake School District by becoming an Alumni Association Member today. Contributions made will help to support future Alumni Scholarships for graduating seniors and future alumni events and gatherings.

With your paid membership you will receive:

- ⚡ A Lake Alumni Association car window decal
- ⚡ A local business discount card
- ⚡ Future communication about alumni events and gatherings
- ⚡ Future Lake Alumni Association newsletters

Blue Streak Alumni interested in becoming a member should complete the registration form attached and return it along with contribution to:

**Lake Local School District
c/o The Alumni Association
436 King Church Ave SW
Uniontown, Ohio 44685**

- ⚡ Find us on Facebook at: Lake Alumni Association
- ⚡ Visit our website at: lakebluestreaksalumni.org
