

Kentucky Transportation Cabinet Civil Engineering Scholarship

The Kentucky Transportation Cabinet Civil Engineering Scholarship Program began in 1948. Currently there are 80 scholarship openings each year and they are filled with returning students and new students. KYTC awards 10-20 scholarships to new students each year who are either attending or planning to attend the University of Kentucky (UK), Western Kentucky University (WKU), or University of Louisville J. B. Speed School of Engineering (UofL) to obtain a Bachelor of Science in Civil Engineering (BSCE). Students may also attend pre-engineering courses at Kentucky State University (KSU), Kentucky Community and Technical College System, or other Kentucky state colleges or universities, and then finish their Bachelor of Science in Civil Engineering at UK, WKU, or U of L.

The Civil Engineering Scholarship can be worth over \$59,000! Some of the benefits during and after completion of the Scholarship Program are:

4-year scholarship
\$7,200/semester for freshmen and sophomores
\$7,600/semester for juniors and seniors
Job placement after graduation
A potentially rewarding and lucrative career

Deadline to apply for this scholarship is February 1.
