

SECTION 12
THE RESEARCH HUB

THE RESEARCH HUB

12.1 ISL Qatar Research Hub

The ISL Qatar Research Hub is a shared spaceserving EC1 to Grade 12 for reading, research and study.

12.2 Opening Hours

The Research Hub is open during normal school hours from Sunday to Thursday. Parents are welcome to become patrons of the library, and to borrow books to read to or with their children, or for their own interest. Except on Tuesdays, the library is supervised until 3:15 pm for responsible private study. This is a privilege and students are expected to show appropriate standards of behaviour.

12.3 Resources

Research and Inquiry: The Research Hub has a vast collection of print resources and iPads and also offers access to online databases and encyclopedias that can be accessed from home as well as at school. We also encourage parents to register as patrons of the Qatar National Library so that their children have access to the vast collection of physical and online resources on offer to all citizens and residents of Qatar. The school librarians offer assistance with using these and other online resources and tools for accessing and ethically using and sharing information.

Reading for pleasure: the library has a vast collection of fiction and general-interest non-fiction resources, and we encourage students to read for pleasure, curiosity and personal interest, becoming lifelong readers, as well as lifelong learners.

World Languages: The library holds a vast collection of books in different languages, providing reading material in some students' mothertongue languages, or additional languages.

Professional Reading: The Research Hub has a significant collection of teacher reference and parent support materials to support adults studying, or for those interested in developing an understanding of child development.

12.4 Borrowing Policies

Primary Grades: All primary classes have a library period each week to choose books and read stories, and to enjoy listening to the teacher reading to them. Some instructional activities related to information literacy skills as well may also occur in this timeframe. Students in EC1 borrow books and keep them in their classroom for usage throughout the week. All other grades have the books for a week to read and enjoy at home and/or school. The loan period is 1 week, but books may be returned at any time during that period or renewed if they are needed for longer periods.

Secondary Grades: The secondary school has a flexible borrowing policy, trying to ensure that students have the resources they need for research and/or for pleasure reading. The upper limit is generally 7 items, but most students find that 2 items at a time are sufficient. The loan period is 2 weeks, but books may be returned at any time during that period or renewed if they are needed for longer periods. Students are strongly encouraged to take responsibility for their borrowing and to return or renew their books at the stipulated due date. There are no regularly scheduled library times, and students are responsible for finding time to visit the library.

12.5 Lost and Damaged books

The library staff will send a letter home indicating a fee of QAR200 to be paid for any material(s) lost, destroyed, or so damaged as to make the item unfit for future use. The fee takes into account the cost of sourcing the book in UK or US, shipping processing and covering. Parents also have the option of replacing the book themselves as the book will then arrive unprocessed, and it is likely that it will not be in library format. The fee will be paid to the library staff who will issue a receipt, and send the money to the Finance Department.
