CERTIFICATE OF BOARD

Magnolia Independent School District

Name of School District

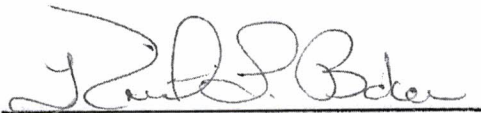

Montgomery

County

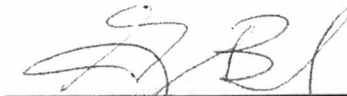

170-906

Co. Dist. Number

We, the undersigned, certify that the attached annual financial reports of the above named school district were reviewed and (check one) ☒ approved ☐ disapproved for the year ended August 31, 2017, at a meeting of the Board of Trustees of such school district on the 22 day of January, 2018.

Signature of Board Secretary

Signature of Board President

If the Board of Trustees disapproved of the auditors' report, the reason(s) for disapproving it is (are):

(attach list as necessary)

(This page intentionally left blank.)

FINANCIAL SECTION

(This page intentionally left blank.)

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of
Magnolia Independent School District:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Magnolia Independent School District (the "District"), as of and for the year ended August 31, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District as of August 31, 2017, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, budgetary comparison information, schedule of the District's proportionate share of the net pension liability, and schedule of District contributions, identified as Required Supplementary Information on the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the Required Supplementary Information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, other supplementary information, and the schedule of required responses to selected school first indicators are presented for purposes of additional analysis and are not required parts of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements, the schedule of expenditures of federal awards, and other supplementary information are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, other supplementary information, and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section and the schedule of required responses to selected school first indicators have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 10, 2018, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

The logo features the firm's name in a stylized, calligraphic font. The letters 'B', 'H', and 'P' are significantly larger and more ornate than the other letters, which are in a smaller, simpler font. The full name 'BELT HARRIS PECHACEK, LLP' is written in all caps.

***MANAGEMENT'S DISCUSSION
AND ANALYSIS***

(This page intentionally left blank.)

MAGNOLIA INDEPENDENT SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

For the Year Ended August 31, 2017

The purpose of the Management's Discussion and Analysis (MD&A) is to give the readers an objective and easily readable analysis of the financial activities of Magnolia Independent School District (the "District") for the year ending August 31, 2017. The analysis is based on currently known facts, decisions, or economic conditions. It presents short and long-term analysis of the District's activities, compares current year results with those of the prior year, and discusses the positive and negative aspects of that comparison. Please read the MD&A in conjunction with the District's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- The District's total combined net position at August 31, 2017 was \$50,752,714.
- For the fiscal year ended August 31, 2017, the District's general fund reported a total fund balance of \$29,637,619, which is unassigned.
- At the end of the fiscal year, the District's governmental funds (the general fund plus all state and federal grant funds, the debt service fund, and the capital projects fund) reported combined ending fund balances of \$77,691,437.

OVERVIEW OF THE FINANCIAL STATEMENTS

The annual report consists of three parts – *Management's Discussion and Analysis* (this section), the *Basic Financial Statements*, and *Required Supplementary Information*. The basic statements include two kinds of statements that present different views of the District.

- The first two statements are *government-wide financial statements* that provide both *long-term* and *short-term* information about the District's overall financial status.
- The remaining statements are *fund financial statements* that focus on *individual parts* of the government, reporting the District's operations in more detail than the government-wide statements.
- The *governmental funds* statements tell how *general government* services were financed in the *short-term* as well as what remains for future spending.
- The *proprietary fund* statements provide information about services provided to parties inside the District. The proprietary funds include the District's internal service funds.
- *Fiduciary fund* statements provide information about the financial relationships in which the District acts solely as a trustee or agent for the benefit of others to whom the fiduciary resources belong. This fund includes student activity funds.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The notes to the financial statements are followed by a section entitled *Required Supplementary Information* that further explains and supports the information in the financial statements.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide statements report information about the District as a whole. These statements include transactions and balances relating to all assets, including infrastructure capital assets. These statements are designed to provide information about cost of services, operating results, and financial position of the District as an economic entity. The Statement of Net Position and the Statement of Activities, which appear first in the

MAGNOLIA INDEPENDENT SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

For the Year Ended August 31, 2017

District's financial statements, report information on the District's activities that enable the reader to understand the financial condition of the District. These statements are prepared using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account even if cash has not yet changed hands.

The Statement of Net Position presents information on all of the District's assets, liabilities, and deferred outflows/inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating. Other nonfinancial factors, such as changes in the District's tax base, staffing patterns, enrollment, and attendance, need to be considered in order to assess the overall health of the District.

The Statement of Activities presents information showing how the District's net position changed during the most recent year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows – the accrual method rather than modified accrual that is used in the fund level statements.

The Statement of Net Position and the Statement of Activities include the following class of activities:

Governmental Activities – Most of the District's basic services such as instruction, extracurricular activities, curriculum and staff development, health services, general administration, and plant operation and maintenance are included in *governmental activities*. Locally assessed property taxes, together with State foundation program entitlements, which are based upon student enrollment and attendance, finance most of the governmental activities.

The government-wide financial statements can be found after the MD&A.

FUND FINANCIAL STATEMENTS

The fund financial statements provide more detail information about the District's most significant funds – not the District as a whole. Funds are simply accounting devices that are used to keep track of specific sources of funding and spending for particular purposes.

- Some funds are required by State law and other funds are mandated by bond agreements or bond covenants.
- The Board of Trustees establishes other funds to control and manage money set aside for particular purposes or to show that the District is properly using certain taxes and grants.
- Other funds are used to account for assets held by the District in a custodial capacity – these assets do not belong to the District, but the District is responsible to properly account for them.

The District has the following kinds of funds:

- *Governmental Funds* – Most of the District's basic services are included in governmental funds, which focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year end that are available for spending. Consequently, the governmental fund statements provide a detailed *short-term* view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we

MAGNOLIA INDEPENDENT SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

For the Year Ended August 31, 2017

provide additional information at the bottom of the governmental funds statement, or on the subsequent page, that explain the relationship (or differences) between them.

- *Proprietary funds* – These funds include the internal service funds. The District's natatorium, aquatic club, health plan, and workers' compensation fund activities are reported in the internal service funds and are shown in a separate statement of net position and a statement of changes in fund net position.
- *Fiduciary funds* – The District serves as the trustee, or fiduciary, for certain funds such as student activity funds. The District is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the District's fiduciary activities that are reported in these funds are used for their intended purposes. All of the District's fiduciary activities are reported in a separate statement of fiduciary net position. We exclude these activities from the District's government-wide financial statements because the District cannot use these assets to finance its governmental operations.

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

The District's combined net position was \$50,752,714 at year end. *Table 1* focuses on net position while *Table 2* shows the revenues and expenses that changed the net position balance during the year. The District reported an increase of \$3,816,056 in net position from the prior year. *Table 1* indicates the overall condition of the District increased, which was mainly a result of increases in capital assets and decreases in long-term debt. *Table 2* reflects the District reporting an increase in total revenue of \$3,934,905, which was mainly the result of an increase in property taxes due to higher valuations compared to the prior year. Additionally, the District reported an increase in total expenses of \$2,783,052 primarily due to an increase in instruction expense caused by an increase in staff to accommodate the growing nature of the District.

MAGNOLIA INDEPENDENT SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

For the Year Ended August 31, 2017

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

At the close of the fiscal year ending August 31, 2017, the District's governmental funds reported a combined fund balance of \$77,691,437. This compares to a combined fund balance of \$122,327,433 at August 31, 2016. The fund balance in the general fund increased primarily due to an increase in property tax revenue as a result of higher property valuations compared to prior year. The debt service fund fund balance increased this year as a result of the issuance of refunding bonds to defease the outstanding Series 2007 bonds. The significant decrease to the capital projects fund fund balance is primarily due to the use of bond funds for capital projects, including the construction and remodel of several locations in the District.

GENERAL FUND BUDGETARY HIGHLIGHTS

In accordance with State law and generally accepted accounting standards, the District prepares an annual budget for the general fund, the food service special revenue fund, and the debt service fund. The District budgets the capital projects fund for each *project*, which normally cover multiple years. Special revenue funds have budgets approved by the funding agency and are amended throughout the year as required.

During the period ended August 31, 2017, the District amended its budget as required by State law and to reflect current levels of revenue and anticipated expenses. There were no material changes between the original budget and the final amended budget. The general fund's actual revenues exceeded budgeted revenues by \$453,177 due to greater federal program revenue than anticipated, and the budgeted expenditures exceeded actual expenditures by \$1,961,222 due to less instruction related expenses and plant maintenance and operations expenses than anticipated.

CAPITAL ASSETS

Capital assets are generally defined as those items that have useful lives of two years or more and have an initial cost an amount determined by the Board. Donated capital assets are recorded at an acquisition value at the date of donation. During the fiscal year ended August 31, 2017, the District used a capitalization threshold of \$5,000, which means that all capital type assets, including library books, with a cost or initial value of less than \$5,000 were not included in the capital assets inventory.

At August 31, 2017, the District had a total of \$199,969,216 invested in capital assets (net of depreciation) such as land, buildings, and District equipment. This total includes capital assets not being depreciated in the amount of \$45,730,143, of which \$36,904,651 is related to ongoing projects, invested during the fiscal year ended August 31, 2017.

More detailed information about the District's capital assets can be found in the notes to the financial statements.

LONG-TERM DEBT

At year end, the District had \$190,725,000 in general obligation bonds outstanding versus \$203,435,000 last year. The District sold series 2017 unlimited refunding bonds in the amount of \$33,440,000 during the year.

More detailed information about the District's long-term liabilities is presented in the notes to the financial statements.

MAGNOLIA INDEPENDENT SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

For the Year Ended August 31, 2017

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The following factors were considered in establishing the District's budget for 2017-18:

- For the first time in many years, the District's student enrollment trended downwards in the 2016-17 school year with a decrease of 72 students, or less than 1% change, versus the previous year. District officials believe this decrease was a result of a correction of sorts after substantial enrollment growth during the preceding school year. For budgetary purposes, the anticipated increase for 2017-18 is approximately 35 students. Should enrollment not meet the projected pace, District officials will be prepared to respond
- 2017-18 is the first year under the current state funding system. The legislature provided no new monies for the District.
- Approximately 8 new employee positions were created based on need for the 2017-18 school year.
- In an attempt to remain competitive with surrounding Districts in terms of attracting and retaining the best and brightest talent, all employees received a 2% raise for 2017-18. Additionally, the first-year teacher pay was increased by \$1,000 from \$49,500 to \$50,500.
- The District's 2017 certified net taxable value for ad valorem tax purposes is \$6,019,279,585 or \$388,341 per weighted average daily attendance. This represents an increase in net taxable value of approximately \$334,487,088, or 6%, versus the previous tax year. The District's M&O rate for 2017-18 is \$1.04 and I&S rate is \$0.3395 resulting in a total tax rate of \$1.3795 per \$100 valuation, which is the same total tax rate as the previous two tax years (after multiple years of tax rate decreases).
- The District continues to participate in the state's TRS Active Care program for health insurance coverage for employees. The District contributes \$275 per month for employee health insurance. In addition to health insurance, the District provides \$10,000 of life insurance coverage to full-time employees at no cost to the employee. Supplemental insurance is offered from variously selected vendors based on cost savings and plan details as chosen after competitive procurement by District administration.
- The District once again received a "Superior Achievement" for an "A" rating, including a score of 98/100, on the TEA's School FIRST accountability rating system (for fiscal year 2016).
- In the summer of 2017, in preparation of the 2017-18 school year budget and for the second year in a row, the District was labeled as a Chapter 41 ("wealthy") school district by the TEA. While this is something to certainly keep an eye on for the future, the District is not currently subject to recapture at this lower equalized wealth level (not accessing any pennies of tax effort at the third equalized wealth level, which would require the District to send dollars back to the state).
- In 2016-17, and for the first time in its history, the District was awarded the Meritorious Budget Award by the Association of School Business Officials for the extraordinarily detailed and information-filled 2016-17 budget document.
- The District is governed by a well trained, informed, dedicated, and student-focused Board of Trustees and administrative staff.

District officials were conservative with budgetary estimates as budget philosophies have remained consistent. As stated, projected student growth was conservatively based on 2%. Officials also remained conservative with

MAGNOLIA INDEPENDENT SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

For the Year Ended August 31, 2017

large ticket budgetary items such as electricity and fuel costs. The District adopted a balanced General Fund budget for fiscal 2017.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Garrett Matej, Director of Finance, at 31141 Nichols Sawmill Road, Magnolia, Texas 77353 or by calling (281) 356-8485.

MAGNOLIA INDEPENDENT SCHOOL DISTRICT
RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
TO THE STATEMENT OF NET POSITION - EXHIBIT C-1R

August 31, 2017

Total fund balances for governmental funds	\$	77,691,437
--	----	------------

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not current financial resources and, therefore, not reported in the governmental funds.

Capital assets – nondepreciable	45,730,143		
Capital assets – depreciable	154,239,073		
			199,969,216

Other long-term assets are not available to pay for current period expenditures and, therefore, are deferred in the governmental funds.

1,968,096

Internal service funds are used by management to charge the costs of of certain capital assets to individual funds. The assets and liabilities of the internal service funds are included in the governmental activities in the Statement of Net Position.

288,799

Some liabilities, including bonds payable, are not reported as liabilities in the governmental funds.

Deferred outflows - pensions	12,509,139		
Deferred inflows - pensions	(1,468,945)		
Accrued interest	(381,498)		
Deferred charge on refunding	6,237,003		
Noncurrent liabilities due in one year	(235,470,533)		
Noncurrent liabilities due in more than one year	(10,590,000)		
			(229,164,834)

Net Position of Governmental Activities	\$	50,752,714

MAGNOLIA INDEPENDENT SCHOOL DISTRICT
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE
STATEMENT OF ACTIVITIES - EXHIBIT C-3

For the Year Ended August 31, 2017

Net changes in fund balances - total governmental funds	\$ (44,635,996)
---	-----------------

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Depreciation	(4,628,277)
Capital outlay, net of disposal of assets	45,402,159

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.	(35,919)
--	----------

The issuance of long-term debt (e.g., bonds, leases, certificates of obligation) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when it is first issued; whereas, these amounts are deferred and amortized in the Statement of Activities.

Principal repayments	46,150,000
Accrued interest	(131,988)
Amortization of loss on bond refunding	(506,275)
Premium from bond refunding	(4,007,913)
Amortization of premiums	1,891,114
Amortization of accreted interest	56,903

Pension activity reported in the Statement of Activities does not require the use of current financial resources and, therefore, is not reported as an expenditure or revenue in governmental funds.

Change in net pension liability	(2,694,237)
Net change to deferred outflows and inflows related to pension	618,796

Internal service funds are used by management to charge the costs of certain activities, such as student activities, to individual funds. The net revenue (expense) of certain internal service funds is reported with governmental activities.

(222,311)

MAGNOLIA INDEPENDENT SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

For the Year Ended August 31, 2017

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

Magnolia Independent School District (the “District”) is a public educational agency operating under the applicable laws and regulations of the State of Texas. It is governed by a seven member Board of Trustees (the “Board”) elected by registered voters of the District. The District prepares its basic financial statements in conformity with generally accepted accounting principles promulgated by the Governmental Accounting Standards Board (GASB), and it complies with the requirements of the appropriate version of Texas Education Agency’s (TEA) *Financial Accountability System Resource Guide* (the “Resource Guide”) and the requirements of contracts and grants of agencies from which it receives funds.

The District is an independent political subdivision of the State of Texas governed by a board elected by the public, and it has the authority to make decisions, appoint administrators and managers, and significantly influence operations and is considered a primary government. As required by GAAP, these basic financial statements have been prepared based on considerations regarding the potential for inclusion of other entities, organizations, or functions as part of the District’s financial reporting entity. No other entities have been included in the District’s reporting entity. Additionally, as the District is considered a primary government for financial reporting purposes, its activities are not considered a part of any other governmental or other type of reporting entity.

B. Government-Wide Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government. All fiduciary activities are reported only in the fund financial statements. *Governmental activities*, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions.

C. Basis of Presentation – Government-Wide Financial Statements

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds and internal service funds. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments in lieu of taxes where the amounts are reasonably equivalent in value to the interfund services provided and other charges between the various other functions of the District. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

D. Basis of Presentation – Fund Financial Statements

The fund financial statements provide information about the District’s funds, including its fiduciary funds. Separate statements for each fund category – governmental, proprietary, and fiduciary – are presented. The emphasis of fund financial statements is on major governmental funds. All remaining governmental funds are aggregated and reported as nonmajor funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

MAGNOLIA INDEPENDENT SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (Continued)

For the Year Ended August 31, 2017

The District reports the following governmental funds:

General Fund

The general fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. The general fund is always considered a major fund for reporting purposes.

Debt Service Fund

The debt service fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditures for principal and interest on all long-term debt of the District. The primary source of revenue for debt service is local property taxes. The debt service fund is considered a major fund for reporting purposes.

Capital Projects Fund

The capital projects fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets. The capital projects fund is considered a major fund for reporting purposes.

Special Revenue Funds

The special revenue funds are used to account for the proceeds of specific revenue sources that are restricted or committed to expenditure for specific purposes other than debt service or capital projects. The restricted or committed proceeds of specific revenue sources comprise a substantial portion of the inflows of these special revenue funds. Most federal and some state financial assistance are accounted for in a special revenue fund.

Proprietary Fund Types

Proprietary funds are used to account for activities that are similar to those often found in the private sector. All assets, liabilities, equities, revenues, expenses, and transfers relating to the District's business-type activities are accounted for through proprietary funds. The measurement focus is on determination of net income, financial position, and cash flows. Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues include charges for services. Operating expenses includes costs of material, contracts, personnel, and depreciation. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The District has the following types of proprietary funds:

Internal Service Funds

These funds are used to account for and report revenue and expenses related to services provided to parties inside the District on a cost reimbursement basis. account for the District's group health insurance benefits and workers' compensation risk management. Because the principal users of the internal services are the District's governmental activities, this fund type is included in the governmental activities column of the governmental-wide financial statements.

MAGNOLIA INDEPENDENT SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (Continued)

For the Year Ended August 31, 2017

Fiduciary Funds

The fiduciary funds account for assets held by the District in a trustee capacity or as an agent on behalf of others. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the District's own programs.

The District has the following type of fiduciary funds:

Agency Funds

The agency funds are custodial in nature and do not present results of operations or have a measurement focus. Agency funds are accounted for using the accrual basis of accounting. These funds are used to account for the District's student activity funds.

During the course of operations, the District has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental and internal service funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements, these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column.

E. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as *current financial resources* or *economic resources*. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide, proprietary fund, and fiduciary fund financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

MAGNOLIA INDEPENDENT SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (Continued)

For the Year Ended August 31, 2017

General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

Property taxes and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year end). Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year end). All other revenue items are considered to be measurable and available only when cash is received by the District.

F. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

1. Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. For the purpose of the statement of cash flows, the proprietary fund types consider temporary investments with maturity of three months or less when purchased to be cash equivalents.

2. Investments

Investments, except for certain investment pools, commercial paper, money market funds, and investment contracts, are reported at fair value. The investment pools operate in accordance with appropriate state laws and regulations and are reported at amortized cost. Money market funds, which are short-term highly liquid debt instruments that may include U.S. Treasury and agency obligations and commercial paper that have a remaining maturity of one year or less upon acquisition, are reported at amortized cost. Investments in nonparticipating interest earning contracts, such as certificates of deposits, are reported at cost.

The District has adopted a written investment policy regarding the investment of its funds as defined in the Public Funds Investment Act, Chapter 2256, Texas Governmental Code. In summary, the District is authorized to invest in the following:

- Direct obligations of the U.S. Government
- Fully collateralized certificates of deposit and money market accounts
- Government investment pools and commercial paper

3. Inventories and Prepaid Items

The costs of governmental fund type inventories are recorded as expenditures when the related liability is incurred (i.e., the purchase method). Certain payments to vendors reflect costs applicable to the future accounting period (prepaid expenditures) are recognized as expenditures when utilized.

4. Capital Assets

Capital assets, which include land, buildings, furniture, and equipment, are reported in the applicable governmental activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and an

MAGNOLIA INDEPENDENT SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (Continued)

For the Year Ended August 31, 2017

estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition cost at the date of donation. Major outlays for capital assets and improvements are capitalized as projects are constructed.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Property, plant, and equipment of the primary government are depreciated using the straight-line method over the following estimated useful years:

Asset Description	Estimated Useful Life
Buildings and improvements	10 to 50 years
Vehicles	8 to 20 years
Equipment	5 to 25 years

5. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. The District has four items that qualify for reporting in this category on the government-wide Statement of Net Position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. Deferred charges have been recognized as a result of differences between the actuarial expectations and the actual economic experience and for the changes in actuarial assumptions related to the District's defined benefit pension plan. These amounts are deferred and amortized over the average of the expected service lives of pension plan members. A deferred charge has been recognized for employer pension plan contributions that were made subsequent to the measurement date through the end of the District's fiscal year. This amount is deferred and recognized as a reduction to the net pension liability during the measurement period in which the contributions were made.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The District has two items that qualify for reporting in this category in the government-wide Statement of Net Position. Deferred inflows of resources are recognized for the difference between the projected and actual investment earnings on the pension plan assets. This amount is deferred and amortized over a period of five years. Another deferral is recognized for the changes in proportion and difference between the employer's contributions and the proportionate share of contributions related to the District's defined benefit pension plan. This amount is deferred and amortized over the average of the expected service lives of pension plan members. At the fund level, the District has only one type of item, which arises only under a modified accrual basis of accounting, that qualifies for reporting in this category. Accordingly, the item, *unavailable revenue*, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes. This amount is deferred and recognized as an inflow of resources in the period that the amount becomes available.

MAGNOLIA INDEPENDENT SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (Continued)

For the Year Ended August 31, 2017

6. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method, if material. Bonds payable are reported net of the applicable bond premium or discount.

Long-term debt for governmental funds is not reported as a liability in the fund financial statements until due. The debt proceeds are reported as other financing sources, net of the applicable premium or discount, and payment of principal and interest reported as expenditures. Issuance costs, even if withheld from the actual net proceeds received, are reported as debt service expenditures. However, claims and judgments paid from governmental funds are reported as a liability in the fund financial statements only for the portion expected to be financed from expendable, available financial resources.

The property tax rate is allocated each year between the general and debt service funds. The full amount estimated to be required for debt service on general obligation debt is provided by the tax along with the interest earned in the debt service fund.

7. Net Position Flow Assumption

Sometimes the District will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

8. Fund Balance Flow Assumptions

Sometimes the District will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

9. Fund Balance Policies

Fund balances of governmental funds are reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The District itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the District's highest level of decision-making authority.

MAGNOLIA INDEPENDENT SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (Continued)

For the Year Ended August 31, 2017

The District's Board is the highest level of decision-making authority for the District that can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation.

Amounts in the assigned fund balance classification are intended to be used by the District for specific purposes but do not meet the criteria to be classified as committed. The District's Board may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

10. Estimates

The preparation of financial statements, in conformity with generally accepted accounting principles, requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

11. Data Control Codes

The data control codes refer to the account code structure prescribed by TEA in the Resource Guide. The TEA requires school districts to display these codes in the financial statements filed with the TEA in order to insure accuracy in building a statewide database for policy development and funding plans.

12. Pensions

The fiduciary net position of the Teacher Retirement System of Texas (TRS) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net pension liability, deferred outflows of resources, and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities, and additions to/deductions from TRS's fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

G. Revenues and Expenditures/Expenses

1. Program Revenues

Amounts reported as *program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions (including special assessments) that are restricted to meeting the operational or capital requirements of a particular function or segment. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than as program revenues.

MAGNOLIA INDEPENDENT SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (Continued)

For the Year Ended August 31, 2017

2. Property Taxes

All taxes due to the District on real or personal property are payable at the Office of the Tax Assessor-Collector and may be paid at any time after the tax rolls for the year have been completed and approved, which is no later than October 1. Taxes are due by January 31, and all taxes not paid prior to this date are deemed delinquent and are subject to such penalty and interest.

Property taxes attach as an enforceable lien on property as of January 1 each year. Taxes are levied on October 1 and are payable prior to the next February 1. District property tax revenues are recognized when collected.

3. Proprietary Funds Operating and Nonoperating Revenues and Expenses

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the internal service funds are charges to customers for sales and services. Operating expenses for the internal service funds include the cost of sales and services and administrative expenses. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

II. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Annual budgets are adopted on a basis consistent with GAAP. The original budget is adopted by the District prior to the beginning of the year. The legal level of control is the function code stated in the approved budget. Appropriations lapse at the end of the year, excluding capital project budgets.

In accordance with State law and generally accepted accounting standards, the District prepares an annual budget for the general fund, the national school lunch and breakfast program special revenue fund, and the debt service fund. The District budgets the capital projects fund for each *project*, which normally covers multiple years. Special revenue funds have budgets approved by the funding agency and are amended throughout the year as required.

During the year, the District amended its budget as required by State law and to reflect current levels of revenue and anticipated expenditures. There were no material changes between the original budget and the final amended budget.

III. DETAILED NOTES ON ALL FUNDS

A. Deposits and Investments

Custodial credit risk – deposits. In the case of deposits, this is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District's investment policy requires funds on deposit at the depository bank to be collateralized. As of August 31, 2017, checking and time deposits were entirely insured or collateralized with securities as provided by State laws and regulations and FDIC insurance.

Custodial credit risk – investments. For an investment, this is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. All of the District's investments are held in

MAGNOLIA INDEPENDENT SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (Continued)

For the Year Ended August 31, 2017

external investment pools which are not subject to custodial credit risk. At year end, the District had invested:

<u>Investments</u>	<u>Maturity</u>	<u>Fair Value</u>
Texpool Investment Pool	N/A	\$ 80,622
MBIA - Texas CLASS Investment Pool	N/A	71,452,626
		<u>\$ 71,533,248</u>

TexPool

TexPool was established as a trust company with the Treasurer of the State of Texas as trustee, segregated from all other trustees, investments, and activities of the trust company. The State Comptroller of Public Accounts exercises oversight responsibility over TexPool. Oversight includes the ability to significantly influence operations, designation of management, and accountability for fiscal matters. Additionally, the State Comptroller has established an advisory board composed of both participants in TexPool and other persons who do not have a business relationship with TexPool. The advisory board members review the investment policy and management fee structure. Finally, Standard & Poor's rates TexPool 'AAAm'. As a requirement to maintain the rating, weekly portfolio information must be submitted to Standard & Poor's, as well as to the office of the Comptroller of Public Accounts for review.

TexPool is an external investment pool measured at amortized cost. In order to meet the criteria to be recorded at amortized cost, the investment pool must transact at a stable net asset value per share and maintain certain maturity, quality, liquidity, and diversification requirements within TexPool. TexPool transacts at a net asset value of \$1.00 per share, has weighted average maturities of 60 days or less, and weighted average lives of 120 days or less. Investments held are highly rated by nationally recognized statistical rating organizations, have no more than five percent of portfolio with one issuer (excluding U.S. government securities), and can meet reasonably foreseeable redemptions. TexPool has a redemption notice period of one day and may redeem daily. TexPool's authority may only impose restrictions on redemptions in the event of a general suspension of trading on major securities markets, general banking moratorium, or national state of emergency that affects TexPool's liquidity.

Texas CLASS

The Texas Cooperative Liquid Assets Securities System Trust – Texas (CLASS) is a public funds investment pool under Section 2256.016 of the Public Funds Investment Act, Texas Government Code, as amended. CLASS is created under an amended and restated trust agreement, dated as of December 14, 2011 (the "Agreement"), among certain Texas governmental entities investing in CLASS (the "Participants"), with Cutwater Investor Services Corporation as program administrator and Wells Fargo Bank Texas, NA as custodian. CLASS is not SEC registered and is not subject to regulation by the State of Texas. Under the Agreement, however, CLASS is administered and supervised by a seven-member board of trustees (the "Board"), whose members are investment officers of the Participants, elected by the Participants for overlapping two-year terms. In the Agreement and by resolution of the Board, CLASS has contracted with Cutwater Investors Service Corporation to provide for the investment and management of the public funds of CLASS. Separate financial statements for CLASS may be obtained from CLASS' website at www.texasclass.com.

B. Capital Assets

A summary of changes in capital assets for governmental activities at year end is as follows:

	<u>Beginning Balances</u>	<u>Increases</u>	<u>(Decreases)</u>	<u>Ending Balances</u>
Governmental Activities:				
Capital assets not being depreciated:				
Land	\$ 8,825,492	\$ -	\$ -	\$ 8,825,492
Construction in progress	-	36,904,651	-	36,904,651
Total Capital Assets Not Being Depreciated	<u>8,825,492</u>	<u>36,904,651</u>	<u>-</u>	<u>45,730,143</u>
 Other capital assets:				
Buildings and improvements	193,930,352	7,885,906	-	201,816,258
Furniture and equipment	3,726,105	175,512	-	3,901,617
Vehicles	11,936,330	436,090	-	12,372,420
Total Other Capital Assets	<u>209,592,787</u>	<u>8,497,508</u>	<u>-</u>	<u>218,090,295</u>
 Less accumulated depreciation for:				
Buildings and improvements	(48,142,835)	(3,914,685)	-	(52,057,520)
Furniture and equipment	(2,413,549)	(209,818)	-	(2,623,367)
Vehicles	(8,666,561)	(503,774)	-	(9,170,335)
Total Accumulated Depreciation	<u>(59,222,945)</u>	<u>(4,628,277)</u>	<u>-</u>	<u>(63,851,222)</u>
Other capital assets, net	<u>150,369,842</u>	<u>3,869,231</u>	<u>-</u>	<u>154,239,073</u>
Governmental Activities Capital Assets, Net	<u>\$ 159,195,334</u>	<u>\$ 40,773,882</u>	<u>\$ -</u>	<u>199,969,216</u>
			Less associated debt	(220,579,059)
			Plus unspent bond proceeds	36,413,764
			Plus deferred charge on refunding	<u>6,237,003</u>
			Net Investment in Capital Assets	<u><u>\$ 22,040,924</u></u>

Depreciation was charged to governmental functions as follows:

11	Instruction	\$ 2,512,365
12	Instructional resources and media services	149,503
13	Curriculum and instructional staff development	6,666
23	School leadership	31,327
31	Guidance, counseling, and evaluation services	31,100
33	Health services	19,706
34	Student (pupil) transportation	478,939
35	Food service	363,108
36	Cocurricular/extracurricular activities	242,037
41	General administration	96,513
51	Plant maintenance and operations	635,115
53	Data processing services	61,898
	Total Depreciation Expense	<u><u>\$ 4,628,277</u></u>

MAGNOLIA INDEPENDENT SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (Continued)

For the Year Ended August 31, 2017

C. Long-Term Debt

The following is a summary of changes in the District's total governmental long-term liabilities for the year. In general, the District uses the debt service fund to liquidate governmental long-term liabilities.

Governmental Activities:	Beginning Balance	Additions	(Reductions)	Ending Balance	Amounts Due Within One Year	Interest Rates
Bonds payable:						
Series 2004	\$ 275,000	\$ -	\$ (275,000)	\$ -	\$ -	4.00-4.50%
Series 2007	42,165,000	-	(42,165,000)	-	-	4.00-5.00%
Series 2009	6,605,000	-	(990,000)	5,615,000	1,035,000	3.00-4.25%
Series 2012	8,815,000	-	(250,000)	8,565,000	545,000	2.00-3.50%
Series 2013	56,220,000	-	(1,755,000)	54,465,000	1,830,000	2.00-5.00%
Series 2016	89,355,000	-	(715,000)	88,640,000	1,790,000	2.00-5.00%
Series 2017	-	33,440,000	-	33,440,000	5,390,000	3.00-5.00%
	<u>203,435,000</u>	<u>33,440,000</u>	<u>(46,150,000)</u>	<u>190,725,000</u>	<u>10,590,000</u>	
Other liabilities:						
Accreted interest	56,903	-	(56,903)	-	-	
Unamortized bond premium	27,737,260	4,007,913	(1,891,114)	29,854,059	*	-
Net pension liability	22,787,237	-	2,694,237	25,481,474	-	-
Total	<u>\$ 254,016,400</u>	<u>\$ 37,447,913</u>	<u>\$ (48,098,017)</u>	<u>\$ 246,060,533</u>	<u>\$ 10,590,000</u>	
Long-term liabilities due in more than one year				<u>\$ 235,470,533</u>		
*Debt associated with capital assets				<u>\$ 220,579,059</u>		

Long-term liabilities applicable to the District's governmental activities are not due and payable in the current period and, accordingly, are not reported as fund liabilities in the governmental funds. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due.

The annual requirements to amortize debt issues outstanding at year end are as follows:

Year Ended Aug 31	Principal	Interest	Total Requirements
2018	\$ 10,590,000	\$ 8,774,463	\$ 19,364,463
2019	10,935,000	8,394,975	19,329,975
2020	10,355,000	7,983,875	18,338,875
2021	10,460,000	7,512,925	17,972,925
2022	10,995,000	7,013,275	18,008,275
2023-2027	54,560,000	27,610,325	82,170,325
2028-2032	34,425,000	15,672,700	50,097,700
2033-2037	24,635,000	9,757,750	34,392,750
2038-2041	23,770,000	3,043,750	26,813,750
	<u>\$ 190,725,000</u>	<u>\$ 95,764,038</u>	<u>\$ 286,489,038</u>

MAGNOLIA INDEPENDENT SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (Continued)

For the Year Ended August 31, 2017

D. Commitments Under Noncapitalized Leases

During the year, the District expended a total of \$21,682 for operating (noncapitalized) leases and, in accordance with standard nonappropriation clauses in the various lease agreements, the District has no future obligation in relation to these leases.

E. Interfund Transactions

The following is a summary of the District's interfund transactions for the year:

	<u>Due From Other Funds</u>	<u>Due To Other Funds</u>
General fund		
Special revenue funds	\$ 239,549	\$ -
Total General Fund	<u>239,549</u>	<u>-</u>
Special revenue funds		
General fund	-	239,549
Total Special Revenue Fund	<u>-</u>	<u>239,549</u>
Debt service fund		
Capital projects fund	-	-
Total Debt Service Fund	<u>-</u>	<u>-</u>
Capital projects fund		
Debt service fund	0	-
Total Capital Projects Fund	<u>-</u>	<u>-</u>
Total	<u><u>\$ 239,549</u></u>	<u><u>\$ 239,549</u></u>

Amounts recorded as due to/from are considered to be temporary loans and will be repaid during the following year.

	<u>Transfer In</u>	<u>Transfer Out</u>
General fund		
Capital projects fund	\$ -	\$ 1,200,000
Internal service fund	200,000	
Total General Fund	<u>200,000</u>	<u>1,200,000</u>
Capital projects fund		
General fund	1,300,000	-
Total Capital Projects Fund	<u>1,300,000</u>	<u>-</u>
Internal service fund		
General fund	-	300,000
Total Internal Service Fund	<u>-</u>	<u>300,000</u>
Total	<u><u>\$ 1,500,000</u></u>	<u><u>\$ 1,500,000</u></u>

Transfers from the general fund to the capital projects fund are used to help pay for capital improvements that are spent out of the capital projects fund. Transfers from the general fund to the internal service fund are used to help pay for future insurance claims for workers compensation.

MAGNOLIA INDEPENDENT SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (Continued)

For the Year Ended August 31, 2017

IV. OTHER INFORMATION

A. Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters for which the District purchases commercial insurance. The District has not significantly reduced insurance coverage or had settlements which exceeded coverage amounts for the past three years.

B. Contingent Liabilities

Amounts received or receivable from granting agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount of expenditures which may be disallowed by the grantor cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported. Claim liabilities are calculated considering the effects of inflation, recent claim settlement trends including frequency and amount of payouts, and other economic and social factors. No claim liabilities are reported at year end.

The Tax Reform Act of 1986 instituted certain arbitrage restrictions consisting of complex regulations with respect to issuance of tax-exempt bonds after August 31, 1986. Arbitrage regulations deal with the investment of tax-exempt bond proceeds at an interest yield greater than the interest yield paid to bondholders. Generally, all interest paid to bondholders can be retroactively rendered taxable if applicable rebates are not reported and paid to the Internal Revenue Service (IRS) at least every five years for applicable bond issues. Accordingly, there is the risk that if such calculations are not performed, or not performed correctly, it could result in a substantial liability to the District. Although the District does not anticipate that it will have any arbitrage liability, it periodically engages an arbitrage consultant to perform the calculations in accordance with IRS rules and regulations.

C. Defined Benefit Pension Plan

Teacher Retirement System

Plan Description

The District participates in a cost-sharing multiple-employer defined benefit pension that has a special funding situation. The plan is administered by the Teacher Retirement System of Texas (TRS). TRS's defined benefit pension plan is established and administered in accordance with the Texas Constitution, Article XVI, Section 67 and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pension's Board of Trustees does not have the authority to establish or amend benefit terms.

MAGNOLIA INDEPENDENT SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (Continued)

For the Year Ended August 31, 2017

All employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard work load and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

Pension Plan Fiduciary Net Position

Detailed information about the TRS's fiduciary net position is available in a separately-issued Comprehensive Annual Financial Report (CAFR) that includes financial statements and Required Supplementary Information. That report may be obtained on the Internet at <http://www.trs.state.tx.us/about/documents/cafr.pdf#CAFR>; by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698; or by calling (512) 542-6592.

Benefits Provided

TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension formula is calculated using 2.3 percent (multiplier) times the average of the five highest annual creditable salaries times years of credited service to arrive at the annual standard annuity except for members who are grandfathered, the three highest annual salaries are used. The normal service retirement is at age 65 with five years of credited service or when the sum of the member's age and years of credited service equals 80 or more years. Early retirement is at age 55 with five years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the sum of the member's age and years of service credit total at least 80, but the member is less than age 60 or 62 depending on date of employment, or if the member was grandfathered in under a previous rule. There are no automatic post-employment benefit changes, including automatic cost of living adjustments (COLAs). Ad hoc post-employment benefit changes, including ad hoc COLAs can be granted by the Texas Legislature as noted in Plan Description above.

Contributions

Contribution requirements are established or amended pursuant to Article 16, Section 67 of the Texas Constitution which requires the Texas legislature to establish a member contribution rate of not less than six percent of the member's annual compensation and a state contribution rate of not less than six percent and not more than ten percent of the aggregate annual compensation paid to members of the system during the fiscal year. Texas Government Code Section 821.006 prohibits benefit improvements if, as a result of the particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action.

Employee contribution rates are set in state statute, Texas Government Code 825.402. Senate Bill 1458 of the 83rd Texas Legislature amended Texas Government Code 825.402 for member contributions and established employee contribution rates for fiscal years 2014 through 2017. The 83rd Texas Legislature, General Appropriations Act (GAA) established the employer contribution rates for fiscal years 2014 and 2015. The 84th Texas Legislature, General Appropriations Act (GAA) established the employer contribution rates for fiscal years 2016 and 2017.

Contribution Rates

	<u>2016</u>	<u>2017</u>
Member	7.2%	7.7%
Non-Employer Contributing Entity (State)	6.8%	6.8%
Employers	6.8%	6.8%

MAGNOLIA INDEPENDENT SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (Continued)

For the Year Ended August 31, 2017

2017 Employer Contributions	\$2,142,479
2017 Member Contributions	\$1,984,969
2017 NECE On-behalf Contributions	\$3,720,831

Contributors to the plan include members, employers, and the State of Texas as the only non-employer contributing entity. The State is the employer for senior colleges, medical schools, and state agencies including TRS. In each respective role, the State contributes to the plan in accordance with state statutes and the GAA.

As the non-employer contributing entity for public education and junior colleges, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers. Employers (public school, junior college, other entities, or the State of Texas as the employer for senior universities and medical schools) are required to pay the employer contribution rate in the following instances:

- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- During a new member's first 90 days of employment.
- When any part or all of an employee's salary is paid by federal funding sources, a privately sponsored source, from noneducational and general or local funds.
- When the employing district is a public junior college or junior college district, the employer shall contribute to the retirement system an amount equal to 50 percent of the state contribution rate for certain instructional or administrative employees; and 100 percent of the state contribution rate for all other employees.

In addition to the employer contributions listed above, there are two additional surcharges an employer is subject to:

- When employing a retiree of TRS, the employer shall pay both the member contribution and the state contribution as an employment after retirement surcharge.
- When a school district or charter school does not contribute to the Federal Old-Age, Survivors, and Disability Insurance (OASDI) Program for certain employees, they must contribute 1.5 percent of the state contribution rate for certain instructional or administrative employees and 100 percent of the state contribution rate for all other employees.

MAGNOLIA INDEPENDENT SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (Continued)

For the Year Ended August 31, 2017

Actuarial Assumptions

The total pension liability in the August 31, 2016 actuarial valuation was determined using the following actuarial assumptions:

Valuation date	August 31, 2016
Actuarial cost method	Individual entry age normal
Asset valuation method	Market value
Single discount rate	8.0%
Long-term expected investment rate of return	8.0%
Inflation	2.5%
Salary increases including inflation	3.5% to 9.5%
Payroll growth rate	2.5%
Benefit changes during the year	None
Ad hoc post-employment benefit changes	None

The actuarial methods and assumptions are primarily based on a study of actual experience for the four-year period ending August 31, 2014 and adopted on September 24, 2015.

Discount Rate

The discount rate used to measure the total pension liability was eight percent. There was no change in the discount rate since the previous year. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers and the non-employer contributing entity are made at the statutorily required rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The long-term rate of return on pension plan investments is eight percent. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

MAGNOLIA INDEPENDENT SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (Continued)

For the Year Ended August 31, 2017

Best estimates of geometric real rates of return for each major asset class included in the System's target asset allocation as of August 31, 2016 are summarized below:

Teacher Retirement System of Texas

Discount Rate Sensitivity Analysis

The following schedule shows the impact of the net pension liability if the discount rate used was one percent less than and one percent greater than the discount rate that was used (8.0%) in measuring the 2014 net pension liability.

	1% Decrease in Discount Rate (7%)	Current Discount Rate (8%)	1% Increase in Discount Rate (9%)
District's proportionate share of the net pension liability \$	39,436,739	\$ 25,481,474	\$ 13,644,589

MAGNOLIA INDEPENDENT SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (Continued)

For the Year Ended August 31, 2017

Pension Liabilities, Pension Expense, and Deferred Outflows/ Inflows of Resources Related to Pensions

At August 31, 2017, the District reported a liability of \$25,481,474 for its proportionate share of the TRS's net pension liability. This liability reflects a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District was as follows:

District's proportionate share of the collective net pension liability	\$	25,481,474
State's proportionate share that is associated with the District		44,165,685
Total	\$	<u>69,647,159</u>

The net pension liability was measured as of August 31, 2016 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the employer's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2014 through August 31, 2016.

At August 31, 2016, the District's proportion of the collective net pension liability was 0.0674618 percent, which was an increase of 0.0026976 percent from its proportion measured as of August 31, 2015.

Changes Since the Prior Actuarial Valuation – There were no changes to the actuarial assumptions or other inputs that affected measurement of the total pension liability since the prior measurement period.

There were no changes of benefit terms that affected measurement of the total pension liability during the measurement period.

For the year ended August 31, 2017, the District recognized pension expense of \$5,921,066 and revenue of \$5,921,066 for support provided by the State.

At August 31, 2017, the District reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual economic experience	\$ 399,545	\$ (760,862)
Changes in actuarial assumptions	776,630	(706,313)
Difference between projected and actual investment earnings	2,157,719	
Changes in proportion and difference between the employer's contributions and the proportionate share of contributions	6,829,726	(1,770)
Contributions paid to TRS subsequent to the measurement date	2,345,519	-
Total	\$ <u>12,509,139</u>	\$ <u>(1,468,945)</u>

MAGNOLIA INDEPENDENT SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (Continued)

For the Year Ended August 31, 2017

The net amounts of the District's balances of deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended August 31:	Pension Expense
2018	\$ 1,536,231
2019	1,536,231
2020	2,912,529
2021	1,430,483
2022	1,004,696
Thereafter	274,505
Total	\$ 8,694,675

D. Retiree Health Care Plan

Plan Description

The District contributes to the Texas Public School Retired Employees Group Insurance Program ("TRS-Care"), a cost-sharing multiple-employer defined benefit postemployment health care plan administered by TRS. TRS-Care provides health care coverage for certain persons (and their dependents) who retired under TRS. The statutory authority for the program is Texas Insurance Code, Chapter 1575. Section 1575.052 grants the TRS Board of Trustees the authority to establish and amend basic and optional group insurance coverage for participants. The TRS issues a publicly available financial report that includes financial statements and Required Supplementary Information for TRS-Care. That report may be obtained by visiting the TRS website at www.trs.state.tx.us; by writing to the Communications Department of the Teacher Retirement System of Texas at 1000 Red River Street, Austin, Texas 78701; or by calling 1-800-223-8778.

Funding Policy

Contribution requirements are not actuarially determined but are legally established each biennium by the Texas Legislature. Texas Insurance Code, Sections 1575.202, 203, and 204 establish state, active employee, and public school contributions, respectively. The State of Texas and active public school employee contribution rates were 1.00 percent and 0.65 percent of public school payroll, respectively, with school districts contributing a percentage of payroll set at 0.55 percent for fiscal years 2017, 2016, and 2015. Per Texas Insurance Code, Chapter 1575, the public school contribution may not be less than 0.25 percent or greater than 0.75 percent of the salary of each active employee of the public school. For the years ended August 31, 2017, 2016, and 2015, the State's contributions to TRS-Care were \$30,263, \$28,892, and \$26,117, respectively; the active member contributions were \$493,311, \$467,052, and \$433,299, respectively; and the District's contributions were \$417,417, \$395,198, and \$366,637, respectively; which equaled the required contributions each year.

The Medicare Prescription Drug, Improvement, and Modernization Act of 2003, which was effective January 1, 2006, established prescription drug coverage for Medicare beneficiaries known as Medicare Part D. One of the provisions of Medicare Part D allows for TRS-Care to receive retiree drug subsidy payments from the federal government to offset certain prescription drug expenditures for eligible TRS-Care participants. For the fiscal years ended August 31, 2017, 2016, and 2015, the subsidy payments received by TRS-Care on behalf of the District were \$226,420, \$215,323, and \$199,533, respectively.

MAGNOLIA INDEPENDENT SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (Continued)

For the Year Ended August 31, 2017

E. Employee Health Care Coverage

During the year ended August 31, 2017, employees of the District were covered by a health insurance plan (the "Plan"). The District paid premiums of \$275 per month per employee to the Plan. Employees, at their option, authorized payroll withholdings to pay premiums for dependents. All premiums were paid to a licensed insurer. The Plan was authorized by Article 3.51-2, Texas Insurance Code and was documented by contractual agreement. The contract between the District and the insurer is renewable September 1, 2017 and terms of coverage and premiums costs are included in the contractual provisions.

F. Workers' Compensation Insurance

During the year ended August 31, 2017, employees of the District were covered by a workers' compensation plan (the "Plan"). The Plan was authorized by Section 21.922, Texas Education Code and was documented by contractual agreements.

The contract between the District and the third-party administrator, Creative Risk Funding (CRF), acting on behalf of the self-funded pool, is renewable on September 1 and terms, as well as costs of coverage, are included in the contractual provisions.

In accordance with State statutes, the District was protected against unanticipated catastrophic individual or aggregate loss by reinsurance coverage carried through Safety National Casualty Corporation, a commercial insurer licensed or eligible to do business in the State of Texas in accordance with the Texas Insurance Code. The specific retention is \$350,000 and the aggregate limit is \$1,000,000. The aggregate stop-loss coverage is \$8,455,917. According to CRF, the unfunded claim benefit obligation included \$208,881 in claims that were unpaid and \$334,485 in estimated claims incurred, but not reported. Other school districts contributed to the self-funded pool which was operated under the contractual provisions of Article 4413(32c), Interlocal Cooperation Act.

The claim liability is based on estimates of the ultimate cost of reported claims (including future claim adjustment expenses) and an estimate for claims which have been incurred but not reported based on historical experience.

Changes in the claims liability for workers' compensation benefits for the current and prior fiscal year are summarized below:

	Fiscal Year	
	2017	2016
Claims liability at beginning of year	\$ 279,979	\$ 214,204
Current year claims and estimated changes	2,468,538	2,458,489
Claims payments	(2,539,636)	(2,392,714)
Claims liability at year end	<u>\$ 208,881</u>	<u>\$ 279,979</u>

G. Unemployment Compensation

During the year ended August 31, 2017, the District provided unemployment compensation coverage to its employees through participation in the TASB Risk Management Fund (the "Fund"). The Fund was created and is operated under the provisions of the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code. The Fund's Unemployment Compensation Program is authorized by

MAGNOLIA INDEPENDENT SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (Continued)

For the Year Ended August 31, 2017

Section 22.005 of the Texas Education Code and Chapter 172 of the Texas Local Government Code. All members participating in the Fund execute interlocal agreements that define the responsibilities of the parties.

The Fund meets its quarterly obligation to the Texas Workforce Commission. Expenses are accrued monthly until the quarterly payment has been made. Expenses can be reasonably estimated; therefore, there is no need for specific or aggregate stop-loss coverage for the unemployment compensation pool.

The Fund engages the services of an independent auditor to conduct a financial audit after the close of each plan year on August 31. The audit is accepted by the Fund's Board of Trustees in February of the following year. The Fund's audited financial statements as of August 31, 2016 are available at the TASB offices and have been filed with the Texas Department of Insurance in Austin.

H. Shared Services Arrangements

Conroe Regional Day School for the Deaf

The District participates in a shared services arrangement (SSA) for the disability condition of auditory impairment under authority of Section 29.007 of the Texas Education Code and Section 791.001 et seq., of the Texas Government Code as Conroe Regional Day School Program for the Deaf. The District has neither a joint ownership interest in fixed assets purchased by the fiscal agent, Conroe Regional Day School for the Deaf, nor does the District have a net equity interest in the fiscal agent. The fiscal agent is neither accumulating significant financial resources nor fiscal exigencies that would give rise to a future additional benefit or burden to the District. The fiscal agent is responsible for part of the financial activities of the SSA and is reporting \$68,249 as expenditures incurred on behalf of the District.

GOVERNMENT AUDITING STANDARDS**

January 10, 2018

To the Board of Trustees of
Magnolia Independent School District:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Magnolia Independent School District (the "District"), as of and for the year ended August 31, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated January 10, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR
PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE
REQUIRED BY THE UNIFORM GUIDANCE**

January 10, 2018

To the Board of Trustees of the
Magnolia Independent School District:

Report on Compliance for Each Major Federal Program

We have audited the Magnolia Independent School District's (the "District") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended August 31, 2017. The District's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the District's compliance.

Opinion on Each Major Federal Program

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2017.

Report on Internal Control Over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
