2020-22 District Initiative #5: Develop a Long-Term RTSD Facilities Plan that Supports:

PROGRAM NEEDS

ENROLLMENT

BUILDING REQUIREMENTS

OUR GOAL

5 Yea

10 Years

HOW?

To accomplish this goal, we are conducting a **Feasibility Study** of all District buildings to understand our needs.

WHAT?

The Feasibility Study aims to uncover the strengths and weaknesses of our existing buildings based on program needs, facility and site needs, enrollment needs, and financial costs.

Summary of Actions Taken

On September 24, 2019, the RTSD School Board adopted the District Initiative:

"Develop a Long-Term Facilities Plan that supports enrollment, program needs and building requirements"

On February 25, 2020, the Board approved a contract with Breslin Ridyard Fadero Architects to:

Conduct a Feasibility Study as a foundational part of developing a Comprehensive Long-Term Facilities Plan

The Feasibility Study Evaluated:

ENROLLMENT

PROGRAM NEEDS

FACILITY & SITE NEEDS

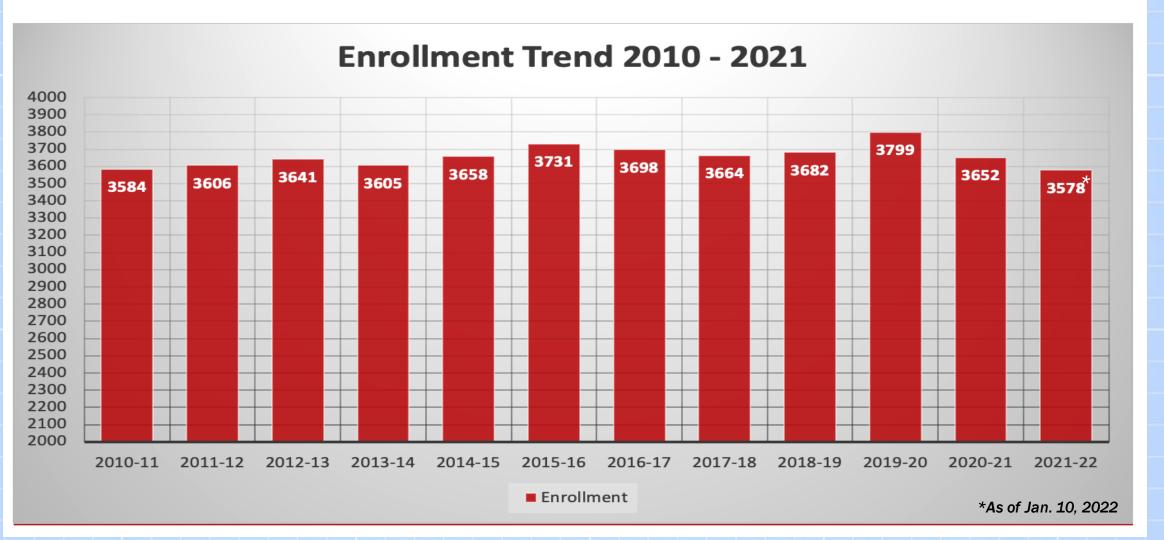

FINANCIAL IMPACT

Enrollment Considerations: Total Enrollment By Year Since 2010-11

Enrollment Considerations: Current School Year as of Jan. 10, 2022

| School | Enrollment |
|--------------------------|------------|
| Radnor High School | 1,160 |
| Radnor Middle School | 819 |
| Ithan Elementary School | 470 |
| Radnor Elementary School | 582 |
| Wayne Elementary School | 547 |
| TOTAL | 3,578 |
| | |

Elementary Enrollment & Capacity

Image From Draft of Feasibility Study Prepared by Breslin Architects

| ELEMENTARY SCHOOLS (K-5) | CURRENT PDE CAPACITY | PRACTICAL CAPACITY | ACTUAL ENROLL- MENTS | DECISIONINSITE PROJECTIONS | PDE PROJECTIONS | | CAPACITY DIFFERENCE (Note 4) |
|-----------------------------|----------------------------|-----------------------|----------------------------|----------------------------|-----------------|-----------|------------------------------|
| | CAPACITI | | 12/6/2021 | 10 yr max | 2024/2025 | 2029/2030 | (14016-4) |
| ITHAN | 600 | 520 | 471 | | | | |
| WAYNE | 775 | 620 | 547 | | | | |
| RADNOR | 725 | 580 | 580 | | | | |
| TOTALS | 2,100 | 1,720 | 1,598 | 1,716 | 1,839 | 1,627 | -119 |
| | Note 1,2 | Note 3 | | 2026/2027 | (5 year) | (10 year) | |

NOTES:

- 1. The PDE Capacity does not include Temporary Classrooms, Special Education Classrooms, or ESOL Classrooms
- 2. The PDE capacity is based on 25 students per classroom.
- 3. The Practical Capacity is a class size of 20 for the Elementary buildings.
- 4. The Capacity Difference is the highest projected enrollment (in this case PDE) compared to the Practical Capacity and is expressed as either a positive number representing available student capacity or a negative number representing a deficit of capacity in the 10-year period.

PDE: Pennsylvania
Department of Education
ESOL: English as a Second
Language

Building Assessment Narrative & Scorecard

Three of Our Buildings are in "Good" to "Excellent" Condition

Three of Our Buildings are in "Fair" to "Critical" Condition

Wayne Elementary School

Built: 1971

Last Renovated:

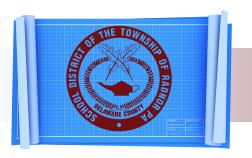

2016: Classrooms Addition

2012: HVAC & Geothermal

Enrollment (Jan. 2022): 547 Square Footage (Building):

93,028

Acreage: 19.6

Ithan Elementary School

Built: 1963

Last Renovated: 2016

Renovations:

Kindergarten Addition

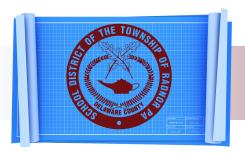

Geothermal/ HVAC

Enrollment (Jan. 2022): 470

Square Footage (Building):

59,200

Acreage: 55

Administration Building

Built: 1900

Last Renovated:

• 1990s Interior remodel, Rental spaces, District offices, HVAC

Square Footage (Building):

30,504

Acreage: 2.5

Ratings: Scale 1 through 5

| 1 | Excellent Condition - Does not need to be addressed in the next 10 years |
|---|---|
| 2 | Good Condition - Does not need to addressed in the next 5 years |
| 3 | Fair Condition - Satisfactory for now, but should be budgeted for within the next 5 years |
| 4 | Poor Condition - Should be addressed within the next 3 years for repair or replacement |

Critical Condition - Should be addressed immediately

10-Year Capital Plan Needs: Costs for Maintenance and Repairs Only

| A. | Ithan Elementary School | \$ 16,329,864 * |
|----|--------------------------------|--------------------|
| В. | Radnor Elementary School | \$ 6,802,693 |
| C. | Wayne Elementary School | \$ 9,980,846 |
| D. | Radnor Middle School | \$ 8,665,126 |
| E. | Radnor High School | \$ 34,392,421 |
| F. | District Administration Office | \$ 4,415,605 |
| | TOTAL: | \$ 80,586,555 |

^{*} Includes \$2,787,131 of remedial work to the Annex and Modular Buildings.

Development of Solutions

Feasibility Study evaluated building needs for the next 10 years.

Maintenance and repairs to keep current buildings operational

Using the Feasibility Study, we need to develop a 5-10-20 year comprehensive Capital Plan.

We now need feedback from the Board and community about:

- Strengths of buildings and programs
- Needs of buildings and programs
- How should we best address facilities' needs understanding the current conditions of our buildings

Break-Out Groups: 10 Minutes Per Question

What Are Strengths of Buildings and Programs?
