

Hello Parents,

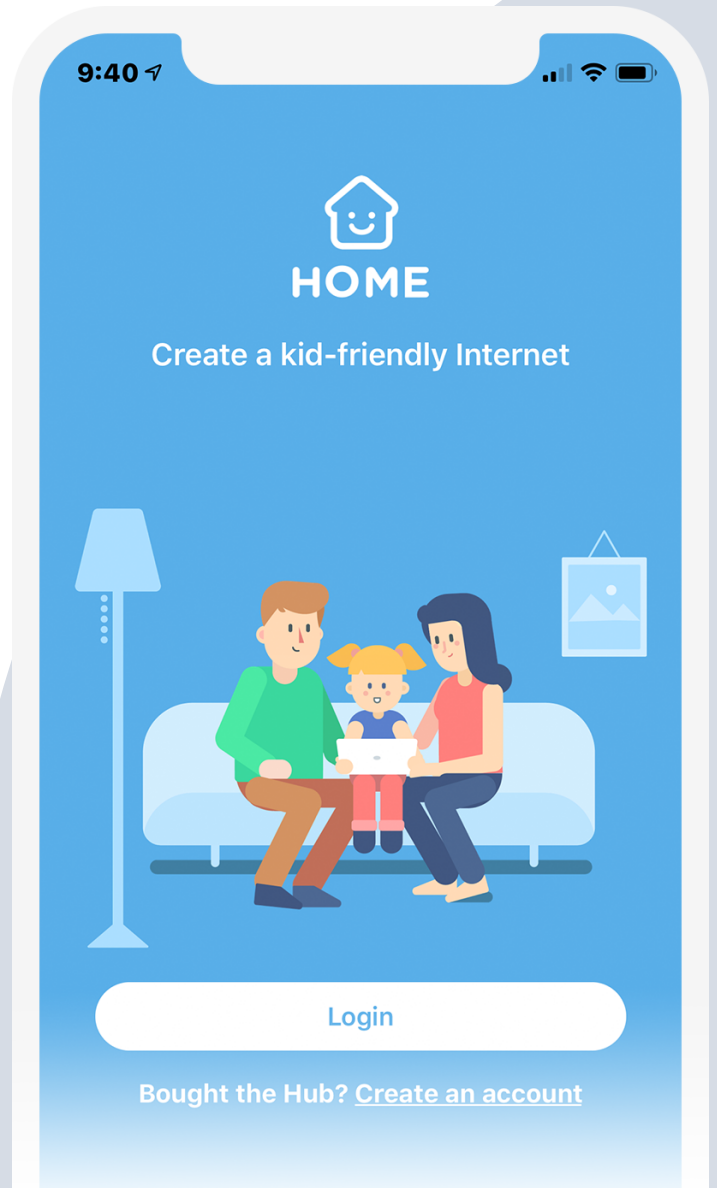

Our school uses Securly to keep students safe on their school-issued devices. In the **SecurlyHome app**, you'll have a real-time view of your child's activity on their school device outside of school hours. You'll also get a weekly email from Securly with a snapshot report of that activity.

Get Started:

1

Download the SecurlyHome App.

Access to your child's real-time activity feed, right in the palm of your hand.

2

Open the app and tap the **Login** button.

Enter the **email address** you have registered with your child's school and tap the **"Get instant access" button**.

Check your email **from your phone**, click on the link, and hooray! Your account is ready to go.

Get to Know Your SecurlyHome App

Navigate and explore different views into your child's online activity.

Activity Feed
Get a real-time view of your child's online activity.

Flagged Activities

The SecurlyHome app will notify you of any flagged activities pointing to self-harm or bullying related to your child.

Pause

Turn on and off internet access on your child's school device when it is at home.

Download the PDF
for more information.
