Tax Levy Scenarios

- 1. Make staffing decisions that meet the intellectual, social and emotional needs of students that reflect enrollment data, that prepare them to be successful 21st century learners, and that recognize the effects of the changed learning environment of 2020.
- 2. Continue to reduce costs through budget efficiencies, partnerships and shared services.
- 3. Strategically utilize fund balance and reserves to mitigate programmatic impact in the near and long-term future.
- 4. Maintain a transparent system of continual communication with the public.
- 5. Minimize cuts during restrictive tax cap cycles by making decisions based on right-sizing and consideration of the levy that best meets the needs of the district.
- 6. Strategically utilize our Asset Preservation funds to maximize renovations during the current capital project and fund the 2021 Capital Reserve as we prepare for the next capital project needs.

Our Strategies

- Maintain academic and extracurricular programming
- Efficiently leverage our resources to respond to the varying needs of our students, especially now after we are seeing more clearly the needs coming out of the disruption COVID created.
