Information

Drop Off/Pick Up - The Adventure Club entrance is located at the rear of Foothills Elementary (not Montgomery Ridge). Please come to the doors and ring the doorbell. Someone will be at the back door to take temperatures and we will sign children in/out. All children must be walked to door daily.

Children should be dressed appropriately for outdoor and gym play.

Arrival - We are asking that all children arrive by 8:00am daily.

Summer Reading Program - *If it is available*, we will participate in the summer reading program on Tuesdays again this year. More information will be coming home from the library as summer approaches.

Summer Lunch Program - *If it is available*, we will participate in the summer lunch program again this year. There is no cost to anyone and everyone under the age of 18 is eligible. All children will need to bring a sack lunch until further notice. **Adventure Club should be contacted by 8:00am if any child will not be in attendance at lunch time.**

Calendars - All families will be provided with a calendar with all of the days that you have signed up for highlighted. These will be given out in the days leading up to summer or on your first day attending. Summer totals will be documented on calendars as well.

T-Shirts - All children will be provided a summer t-shirt. Remember these t-shirts must be worn on all field trip days with the exception of swimming trips.

Field Trip - Currently Suspended.

Personal Items - No personal toys. Each child should have their own bag. Electronic games and tablets permitted.

Snacks/Lunch - Bring a sack lunch daily. Snacks provided.

Open to children in the Foothills School District.

Upcoming kindergartens sibling turning 5 before May 18th through 3rd grade.

ALL 3rd grade children should register with their elementary school's Adventure Club for summer camp.

DHS Certificates Accepted

Adventure Club

7:00-6:00

Email Address

kim.lands@maryville-schools.org

Please note that if all children are picked up before 6:00 pm; we will close when the last child has left the program.

Daily & Weekly Rates Available

Open Daily Monday - Friday

7:00 am - 6:00 pm

Registration April 20th - May 8th.

COVID 19 Adventure Club Response

The health and well-being of our families and staff are our highest priorities. In the interest of limiting the opportunity for transmission to our vulnerable community, we are taking the following precautionary measures:

Your household must remain out of the center if any member of your household has (or has been in close contact with anyone who has):

(a) A suspected or confirmed case of COVID-19 (for example – close contact at school, work, religious service, social gathering); **or**

(b) Traveled:

- internationally;
- domestically, from an area which is experiencing widespread community transmission of COVID-19 or
- from any area which is the subject of similar travel restrictions under applicable state and local guidance.

14 days after the last potential exposure, your household may return **provided these three things have happened:**

(a) At least 14 days have passed since any household member first experienced symptoms; **and**

(b) Symptoms have improved for any household member that experienced symptoms (for example, cough or shortness of breath has improved); **and**

(c) The household has been fever-free for at least 72 hours without the use of fever-reducing medicines.

Please note, depending on the circumstances we may require you to obtain medical clearance before return to the center will be allowed.

HOUSEHOLD MEMBERS: include individuals who may not live in the household but may be staying there or are otherwise present in the household on a regular basis (e.g. nannies, caregivers, home health workers, contractors, etc.) and includes anyone with pick up or drop off privileges at the center.

CLOSE CONTACT: is defined by the CDC as (1) being within approximately 6 feet (2 meters) of a COVID-19 case for a prolonged period of time and can occur while caring for, living with, visiting, or sharing a health care waiting area or room with a COVID-19 case, or (2) having direct contact with infectious secretions of a COVID-19 case (e.g., being coughed on). Considerations when assessing close contact include the duration of exposure and the clinical symptoms of the person with COVID-19.

FOR MEDICAL PROFESSIONALS: If contact occurs while wearing recommended personal protective equipment or PPE (e.g., gowns, gloves, NIOSH-certified disposable N95 respirator, eye protection), that contact will NOT be considered close contact for purposes of this policy.

Health Check and Illness Policy - COVID 19

Updated April 20th, 2020

Applies to staff, children and their household members, which states in part:

ALL STAFF, FAMILIES, CHILDREN AND THEIR HOUSEHOLD MEMBERS MUST CONDUCT A DAILY HEALTH CHECK BEFORE COMING TO THE CENTER.

- Should you or any household member have any of the following symptoms, we ask you to remain out that day and notify the center.
 - Fever of 100.4 F or higher, now or in the preceding 72 hours
 - Cough
 - Sore Throat
 - Muscle Aches
 - Difficulty Breathing

- Exclusion from the center is sometimes necessary to reduce the transmission of illness. For your child's comfort, and to reduce the risk of contagion, we ask that children be picked up within 1.0 hour of notification. Until then, your child will be kept comfortable and will continue to be observed for symptoms.

For a full copy of the Health Check and Illness Policy, please ask the center leadership team.

Summary of Enhanced Protocols

We are continually updating our processes and protocols in accordance with the most recent Centers for Disease Control and Prevention (CDC) guidance and the guidance of our medical expert. We are encouraging our centers to maintain small group sizes and practice social distancing to the best of our ability, given the ever-changing circumstances and variation in guidance across states and localities.

At your center, you may notice:

Daily Health Check for Staff and families required *before* coming to the center. This will be done at sign in and throughout each day.

Nonessential visitors are not allowed into the center.

Drop-offs/pick-ups taking place in the lobby areas or outside, Adventure Club personnel will sign children in and out.

Hygiene/handwashing emphasized daily in the center and the classrooms.

Reduced class sizes, as determined by local guidance, in consistent groupings with consistent staffing as possible.

Social distancing being practiced as much as possible, including at meal times and arts and crafts.

Frequent cleaning and disinfecting of high touch surfaces, and toys.

Outdoor time limited to one group at a time, with back-to-back use of the play area limited.

COVID 19 Re-Opening Policy Changes

Ensuring the health and wellbeing of our children, families, and staff remains our highest priority. We're actively partnering with local health departments and closely monitoring the latest updates from the Centers for Disease Control to follow their most up-to-date guidance.

As we continue to implement guidance from the CDC during the COVID-19 pandemic, we're working with our administration and healthcare leaders to stay up to date on the latest safety precautions advised for our centers.

For more information and resources on coronavirus, please visit:

Coronavirus Health and Safety Measures

Updated Tuesday April 20th, 2020

Here's a summary of what we're doing to keep our teachers and families safe in our centers:

- **Additional staff training.** We're training all of our staff on the enhanced precautions and preventative measures to keep everyone safe and healthy.
- **Protective equipment.** All staff have masks and gloves available if needed.
- **Handwashing, regular disinfecting.** We continue to follow the most up-to-date guidance to ensure that our centers are as safe and clean as possible.
- **Social distancing.** We'll continue to practice social distancing as much as possible to reduce risk. To minimize potential exposure, children will continue to keep distance from children and staff in other classrooms.
- **Stay home if sick.** If your child has had a fever or is sick, we ask that they stay home until they've been symptom-free without medication for at least 72 hours. If you choose to keep your child at home, just call your center and let us know.
- **Enhanced health screenings.** You'll be asked a few quick questions before you drop your child off. Staff and children will have their temperature checked before coming into the center.
- **Drop-off and pick-up protocols.** Families are asked to drop off and pick up at our exterior door (the rear entrance of the school). A staff member will take each child's temperature and sign the child in or out.
- **Temperature checks.** Staff members will continue to perform temperature checks on children at drop-off, pick up, and when needed during the day. They will use no-touch infrared thermometers whenever possible and wear additional protective equipment if needed. Parents will be contacted during the day if their child has a fever.
- **Drop-off schedules.** We are asking that all children arrive by 8:00am daily.
- **Response protocols in place.** We're collaborating with local officials to make sure we have procedures ready to put in place as the situation evolves.
- **Personal items.** Please refrain from sending toys to the center. Electronics may be brought for designated play times. Please send a bag with your child daily to keep all belongings together.

We'll continue to do everything in our power to protect you and the children in our care. For those on the front lines of this crisis, we are profoundly grateful for you and your colleagues.

Please don't hesitate to reach out to your center director if you have any questions about this. We're all in this together!

Health and Hygiene Practices

As always, we're following our existing hygiene and cleaning procedures, including disinfecting high-touch surfaces like door handles, and rotating toys so we can sanitize them even more frequently.

As part of our daily curriculum, we continue to emphasize the importance of handwashing and align with **recommended 20-second handwashing techniques**. We're reinforcing this action with children multiple times throughout the day.

If your child has had a fever or trouble breathing, we ask that they stay home until they've been symptom-free without medication for at least 72 hours. If you choose to keep your child at home, just call your center and let us know.
