March 2022

March began with a celebration of Dr. Seuss' birthday. We enjoyed a week's worth of special activities based on a variety of Dr. Seuss books, including Cat in the Hat, Fox in Socks, Put Me in the Zoo, Green Eggs and Ham, and One Fish, Two Fish, Red Fish, Blue Fish. The children enjoyed building a "zoo" and taking care of the zoo animals. They went on a fish hunt, then sorted, counted and graphed the fish that they found. They even ate green eggs for snack one day!

We celebrated Saint Patrick's Day by wearing green, eating special snacks, and keeping an eye out for the pesky leprechauns that played tricks in our classrooms. They even managed to escape the clever leprechaun traps made by the children in the Foxes class!

Other topics for the month of March included clouds, wind and air movement, signs of spring, rainbows, and outer space. Activities included painting with

straws, going on nature walks, learning about dandelions and how the wind scatters their seeds, and planting our own seeds to watch them sprout and grow.

Our religion lessons centered on Lent. We attended Mass on Ash Wednesday, and received ashes on our foreheads to remind us of God's love for us. We also learned that Jesus is the Good Shepherd and takes care of His sheep – us!

While March went out like a lion, we look forward to spring-like weather in April!
