

# Google Chrome- Clearing the Cache

Your browser tends to hold onto information, and over time, it can cause problems with logging in or bringing up websites. Its' always a good idea to clear out the cache and clear cookies on a regular basis.

## To Clear the Cache

1. Open the **Google Chrome** browser
2. Click on the 3 vertical dots located in the top right-hand corner.
3. Select **More tools>Clear browsing data**
4. Click the drop down arrow and choose **All time**.
5. Make sure **Cached images and files** are selected.
6. Select **Clear data**.

Note: You may want to select *Cookies and other site data* to clear this history as well.
