Sayreville War Memorial High School Accomplishments/Highlights 2018-2019

- Increased AFJROTC enrollment from 82 to 107 students.

- Increased enrollment in career academies in the areas of teacher education and business. The Business Academy and Future Educators Academy now has a total enrollment of 43 students.

- The SWMHS opportunity rooms are offered during all student lunch periods.

- Our flex labs are now being offered during student lunch periods

- Our school security procedures have been updated and fully integrated- including metal detectors, student id's, student scan in, athletic event security procedures, and special event visitor procedures.

Goals for the 2020-2021 School Year

- Increase the safety and security of the school environment by leveraging human and electronic resources, to enhance intelligence pertaining to potential threats to the school community.

- Increase communication at the High School amongst students and staff using our Television Program.

- Update and create after school activity re-entry security plan.

- Implement a fully functional school store in collaboration with students and staff.

- The creation of a Student of the Month program to celebrate student accomplishments across all grade levels.

- Creation and Implementation of the STEM Academy.

Resources Needed to Accomplish Goals

- Increase communication at the High School amongst students and staff using our Television Program.
  - Purchase 4 flat panel monitors and station in high traffic areas of the school.

- The creation of a Student of the Month program to celebrate student accomplishments across all grade levels.
  - Purchase awards to recognize and celebrate student recipients.

- Update and create after school activity re-entry security plan.
  - Increase security personnel to assist in after school security screenings.
