3rd Grade	Kindergarten
2nd Grade	Never
1st Grade	Never
Kindergarten	Never

SY 2021-2022  
SY 2018-2019

Parents, I have attached a picture to be a visual to show when our students had their last “normal” school year.

As you can see, we have three grades of students that have not ever experienced a “so-called” normal school year. So while we are “in person” learning, embrace it and make sure your children are here every day at SES.

**School makes a difference and prepares them for their future!**

This week we celebrated **National School Counselor Week!** We want to thank Mrs. Sallie Pierce for being our school counselor for many years.

We appreciate everything that she does for our students and staff.

The LMCA mobile clinic will be at SES on Monday, February 14th!

**February is National Dental Month.** Many of us take for granted the benefits of taking good care of our teeth however it is important that we teach our children and reinforce the message regularly. Tooth decay is the most common of chronic diseases amongst children and therefore there is obviously much more than we can do to promote good oral hygiene.

Your mouth is a mirror to your body and reflects your general health and well-being. Avoid risk factors, **adopt good oral hygiene habits (brush at least 2x per day) and have regular dental check-ups to help protect your mouth and body.** A healthy mouth and a healthy body go hand in hand. Maintaining a healthy mouth is crucial to keeping it functioning correctly and for maintaining overall health and quality of life.

**Say Ahh: Think Mouth, Think Health,** empowers you to keep a healthy mouth and helps you maintain your general health and well-being. It's never too early or too late to start looking after your mouth; your body will thank you. **All SES students will receive a new toothbrush next week from the Family Resource Center.**

Next week, our English Learning students will be completing their ACCESS testing!!!

Reminder: there will be No School on Monday, February 21st. This is a Teacher's Professional Development day!!

**The vision for Southern Elementary students is that every student is proficient and prepared for success by becoming college and career ready.**
