

About IC

International College (IC) in Lebanon is one of the largest international schools in the world. Founded in Turkey in 1891, the school enjoys a long and rich history. Today, it is one of Beirut's most well-respected institutions and symbol of academic excellence, that aims to transform its 3,350 learners of today into the global citizen-leaders of tomorrow.

IC adheres to the highest standards of academic and extra-curricular educational opportunities in line with international accreditations, such as with the Council of International Schools (CIS), New England Association of Schools and Colleges (NEASC), and Agency for French Education Abroad (AEFE).

Ali Ghandour Center for Leadership, Diversity and Civic Engagement

Established in 2019, the Ali Ghandour Center for Leadership, Diversity, and Civic Engagement (AGC) marks the first community-based learning center of its kind at the secondary school level in the region.

Jointly funded by IC and the Ghandour family, the AGC offers a scholarship and an intensive leadership and dynamic citizenship program through a Community Engaged Learning (CEL) model. In addition to completing IC's academic requirements, recipients of AGC scholarship are expected to commit to the AGC three-year extra-curricular program. This program mentors students through a sequenced journey, beginning with extensive capacity-building training and volunteer experience with grassroots organizations and culminating in student-led Community Service Projects (CSPs).

The program also exposes enrolled students to national, regional, and international speaker events, training programs, and competitions in a wide range of fields, among them social entrepreneurship, project design, and public speaking, with the aim of providing students with the skills and tools to become active agents of change.
