I. Data and Access

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at http://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

II. About This School

School Description and Mission Statement (School Year 2011-12)

This section provides information about the school, its programs and its goals.

Known as the “Garden in the Sun,” Arvin is located just 18 miles from Bakersfield in the San Joaquin Valley. Nationally known as a rich agricultural area, Arvin offers a warm climate and a friendly small town atmosphere. Established in 1991, Bear Mountain Elementary School is one of four schools in the Arvin Union School District.

The list below identifies learning opportunities for students. These opportunities include, but are not limited to:

- Gate Enrichment classes
- Dual Immersion Program (Spanish/English)
- Arvin Advantage Afterschool Program
- Weekend and Afterschool Programs
- Summerschool
- Parent Education Classes
- English Language Development Curriculum (for English Learners)

In addition to high academic standards, the use of educational technology to enhance curriculum is prevalent across the school. Each teacher has a laptop computer, an LCD projector and a SMART board in the classroom. Used together, these tools provide a dynamic learning environment bringing audio-visual stimuli into every lesson. Computers are available for student use in every classroom and in other locations across campus.

Teachers meet every other week during “Professional Learning Community” meetings during which teachers focus on the continuous academic growth of all students.

Working together with all stakeholders, Bear Mountain Elementary School proudly builds upon the academic and social potential of every student.

We ensure:
Learning for all, every day, no matter what it takes!

III. School Climate

School Safety Plan (School Year 2011-12)

This section provides information about the school's comprehensive safety plan.

Bear Mountain Elementary School's Comprehensive School Site Safety Plan was last revised in February, 2012, by school administrators and staff representatives, to ensure the protection of students and staff, the school and school property, and to establish a climate that is conducive to learning. All staff members and parents have access to the plan and annually review the school site safety policies. Key elements of the safety plan include: developing consistency in behavior expectations, site safety and maintenance, and training in disaster response.

The school is in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Fire drills are held once a month while earthquake drills are held quarterly. In the event of an emergency, the school's Disaster Preparedness Plan has clearly defined procedures to accommodate crisis situations, and emergency supplies are available.

Students are supervised throughout the day by classified employees and teachers. There is a designated area for student drop-off and pick-up in front of the school and at the kindergarten, first grade, and back cafeteria gates. Visitors register at the office and receive identification badges that must be displayed at all times

Bear Mountain Elementary School consists of 42 classrooms, a library, a multipurpose room/cafeteria, a staff room, three playgrounds, and an administrative office. The facility strongly supports teaching and learning through its ample classroom and playground space.

The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office or district office. The principal works daily with the custodial staff of three to develop cleaning schedules to ensure a clean and safe school.

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. At the time of publication, 100% of the restrooms were fully functional.

VII. Curriculum and Instructional Materials

Description of school's program towards meeting William's Settlement Requirements

Arvin Union School District held a Public Hearing on September 13, 2011, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English Language Learners (ELL), are given their own individual standards-aligned textbooks to instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available.

Arvin Union School District staff members are actively involved in the selection process of materials and textbooks. The selection process involves teachers, administrators, district support personnel, and parents. The district follows the State of California's Textbook Adoption Cycle.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2012-13)

This table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school; whether the textbooks and instructional materials are from the most recent adoption (yes/no); and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

IX. Student Performance

Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including the California Standards Tests (CSTs); the California Modified Assessment (CMA), and the California Alternate Performance Assessment (CAPA). The assessments under the STAR program show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven. The CAPA includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations. The CMA is an alternate assessment that is based on modified achievement standards in ELA for grades three through nine, mathematics for grades three through seven and Algebra I and science in grades five, eight, and ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations. On each of these assessments, student scores are reported as performance levels. Detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, can be found on the CDE Standardized Testing and Reporting (STAR) Results Web site at http://star.cde.ca.gov. Program information regarding the STAR Program can be found in the Explaining 2009 STAR Program Summary Results to the Public guide at http://www.cde.ca.gov/ta/tg/sr/documents/pkt5intrpts09.pdf. Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the CDE Academic Performance Index (API) Web page at http://www.cde.ca.gov/ta/ac/ap/.

Academic Performance Index Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2009	2010	2011
Statewide	1	1	1
Similar Schools	3	4	2

Academic Performance Index Growth by Student Group – Three-Year Comparison

Adequate Yearly Progress

The federal Elementary and Secondary Education Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:
• Participation rate on the state's standards-based assessments in ELA and mathematics
• Percent proficient on the state's standards-based assessments in ELA and mathematics
• API as an additional indicator
• Graduation rate (for secondary schools)
Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the CDE Adequate Yearly Progress (AYP) Web page at http://www.cde.ca.gov/ta/ac/ay/.

Adequate Yearly Progress Overall and by Criteria (School Year 2011-12)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the six AYP criteria described above.

XII. Instructional Planning and Scheduling

Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

Staff members build teaching skills and concepts by participating in many conferences and workshops throughout the year. The district offers two staff development days annually where teachers are offered a variety of professional growth opportunities in curriculum, teaching strategies, and methodologies. For 2011-12, training was on classroom management, analyzing state mandated testing results, higher level questioning strategies, and language arts curriculum
