

# What are the California Healthy Kids Surveys?

Questions given to different groups regarding various aspects of our district such as school climate, health and learning supports.

# What is the purpose of the survey?

The surveys are administered to three groups:

1. Staff Members
2. Parents
3. Students

They give feedback on:

- School Climate
- Social, Emotional, Mental and Physical Health
- Risks and Behaviors
- School Connectedness
- School Violence

The data collected from these surveys supports data-driven decisions that improve our school climate and the overall student learning process.

# Why it's important?

The feedback from the surveys allow us to identify which groups need greater emphasis or continued support within our district.

## Intensive Supports

- For students with High Risk Needs
- Mental Health
- Substance Abuse

## Targeted Supports

- For students who feel scared, angry, lonely or sad
- School Safety
- Missed School
- Bullying

## Universal Supports

- For all students
- Positive School Climate
- High Expectations
- Meaningful Participation
- School Connectedness
