2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fq/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Known as the "Garden in the Sun," Arvin is located just 18 miles from Bakersfield in the San Joaquin Valley. Nationally known as a rich agricultural area, Arvin offers a warm climate and a friendly, small town atmosphere. Established in 1940, Haven Drive Middle School is one of four schools in the Arvin Union School District.

In order to "Inspire and Empower Haven Drive Bulldogs academically, emotionally and socially, while preparing them to be productive citizens and future leaders", the following learning opportunities for all students are desired and have been written into district and site plans for long-term implementation. However, the long-lasting impact of Distance Learning may cause or, may have caused, modification to full implementation. These include, but are not limited to:

- GATE enrichment cluster classes and activities
- Spanish Literature elective classes
- AVID elective classes
- Band
- Art
- Seasonal Sports
- Arvin Advantage After-school Program
- Weekend and Extended Day Programs (Migrant/formerly SES)
- Summer School
- After School Intervention classes
- Parent education classes
- English Language Development Curriculum (for English Learners)
- Integrated Science elective classes
- Yearbook Club
- Project Lead the Way - (Design and Modeling - Engineering/Forensic Science)
- Extra Curricular Activities (Battle of the Books)

In addition to high academic standards, the use of educational technology to support curriculum is prevalent across the school. Each teacher has a laptop computer, an LCD projector, available document camera and additional monitor, printer and white board in the classroom. The combination of teaching the academic curriculum while embedding technological enhancements to

2021-22 School Overview

the lessons provides more effective teaching and learning. Each student has a Chromebook to support "one-to-one" technology needs.

Teachers meet every week during "Collaboration" meetings during which teachers focus on the continued academic growth of all students utilizing in-depth data analysis, creation of Common Formative Assessments and discussion of strategies to increase percentages of students attaining higher proficiency levels. Our school uses StarTest Renaissance as a method to assess our students growth three times a year in ELA and Math.

The Arvin Union School District's mission, "Every child learning every day, no matter what it takes," propels Haven Drive to "do whatever it takes" to ensure each students' needs are met to the best of our ability. Utilizing a variety of resources, Haven Drive's priority is to prepare the students for success here, through high school, college, and beyond.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Arvin Union School District held a Public Hearing on August 17, 2021, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English Language Learners (ELL), are provided one set of standards-aligned textbooks to use at school and home as well as access to standards aligned material in core subjects. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available.

Arvin Union School District staff members are actively involved in the selection process of materials and textbooks. The selection process involves teachers, administrators, district support personnel, and parents. The district follows the State of California's Textbook Adoption Cycle. 100% of students have textbooks as verified by the August 2021 Williams Review.

School Facility Conditions and Planned Improvements

Built in 1940, Haven Drive Middle School offers a safe and secure campus for students, staff, and visitors. Currently Haven Drive Middle School consists of 42 classrooms, a library, a multipurpose room/cafeteria, a staff room, staff professional development room, a student lounge, 2 locker rooms and a gym. Site administration works closely with the Lead Maintenance person and assigned custodial staff to ensure the campus is in optimal shape.

The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available upon request from the district MOT office. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner.

The entire campus exterior was painted during the Summer of 2014, the main office was rebuilt and open for business in April 2017. A Solar Project on the Haven Drive campus was completed in March 2017 as well. A re-roofing project has been completed on several buildings around the campus.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

The staff at Haven Drive is aware of the positive correlation between parent and community involvement and success of students. Parents and community members are encouraged to join teachers and administrators in the activities, programs, and organizations that support our students. Formal committees include School Site Council and English Language Advisory Council (ELAC). Parents are also invited to contact their child's teachers or the office in order to volunteer in classrooms, participate in Parent Workshops and attend parent/teacher conferences, student performances or events including Coffee with the Principal, and virtual AVID and Academic Learning Nights.

Parents or community members who wish to participate on leadership teams, school committees, take part in school activities, or become a volunteer are encouraged to make contact through the Haven Drive Middle School office. Our contact phone number is 661-854-6540 and please ask to speak with Calletano Gutierrez, Principal.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Haven Drive Middle School's Comprehensive School Site Safety Plan was revised by school administrators, staff representatives, parents, and school board approved February 16, 2021, to ensure the protection of students, staff, school, and school property to establish a climate that is conducive to learning. All staff members and parents have access to the plan and an annual review of the school site safety policies is conducted. Key elements of the safety plan include: developing consistency in behavior expectations, site safety and maintenance, and disaster response training.

The school is in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Fire drills are held once a month while earthquake and lock down drills are held quarterly. In the event of an emergency, the school's Disaster Preparedness Plan has clearly defined procedures to accommodate crisis situations.

Students are supervised throughout the day by certificated and classified employees. There is a designated area for student drop-off and pick-up in front of the school. Visitors register at the office, have their ID's checked through our district "RAPTOR" monitoring system, and receive a Haven Drive visitor badge that must be displayed at all times. Additional precautions have been implemented since the beginning of the COVID-19 crisis that include all students and staff to wear face masks, use hand sanitizer, and maintain stable class cohorts throughout all classrooms. Students must quarantine when exposed to a positive case or test bi-weekly for two weeks to mitigate the chances of spread.

2020-21 Types of Services Funded

The picture of funding within the Arvin Union School District stabilized with the ongoing implementation of Local Control Funding Formula (LCFF) funds. Supplemental and concentration funds, above and beyond base funding, provided monies for the district and sites to focus on expanding staffing, providing professional development, improving instructional programs to support academic achievement, improving student attendance, training staff to support building respectful and positive relationships, expanding intervention programs and wrap-around services for mental and physical health, and facilities improvement for the most needy school sites. Funds specifically targeted to the school site included action steps for extended learning sessions, library books, intervention teachers and intervention computer programs, student success facilitators, elementary PE teachers, nurses, social workers, district teachers on special assignment for teacher support, field trips to expand the horizons of our students, and professional development. These funds are in addition to federal funds including Title I funds with set-asides for Extended Learning and Parent Involvement. Parent Involvement funds allow us to continually build our outreach and training services for parents. District and site based intervention programs and staff are also funded out of Title I. Title II supports one additional teacher for class size reduction and Title III provides aides specifically for our campus as well as support staff and Professional Development for teachers and instructional assistants. Title IV funds have supported technology and professional development, campus supervisors, and a focus on safety. Special Education funds, supported with general funds, provide programs and transportation for students with special needs at our site including teachers and instructional assistants for Special Day Class, Resource Specialist Program and Speech services. After-School grant funds including ASES and 21st Century allow us to serve a large number of students in our daily Arvin Advantage Extended Learning Program. State preschool funds provide both AM and PM classes at our site to support student readiness for school.

In addition to the funding sources listed above, significant funding was received to mitigate the effects of COVID. These funds supported the hire of additional personnel to support safety, social-emotional support, technology impacts, and instruction. Technology including ensuring 1 to 1 Chromebooks and augmenting resources at the school site was a priority. In addition, structures and safety materials to support social distancing and promote COVID prevention were funded.

Services funded are intended to support the district vision for equity among student groups.

Professional Development

The district schedules "back to school" staff development days annually and staff are offered a variety of professional growth opportunities in curriculum, teaching strategies, methodologies, safety, and required policy reviews. Staff members build work skills, strategies, and concepts by participating in training, conferences and workshops throughout the year. Professional development is supported by peer to peer collaboration, site academic coach and/or administration support, district personnel including Directors and Teachers on Special Assignment, as well as external sources such as consultants. This training keeps a lens on the population of the district with a focus on building English Language Development and an increasing focus on Multi-tiered systems of support. Topics are selected based on high student population needs (EL and SWD specifically), survey results, data reviews of local and Dashboard data focused on patterns and trends, instructional materials adoptions, and preventative safety measures/restorative practices. Site Professional Development is available throughout the year via Site and District coaches, Flexdays, Staff meetings, and designated Site Leadership Team meetings scheduled in the afternoon or during the day as possible with substitutes..

2019-2020 Professional Development: Equity in Education with Patrick Briggs from AVID, Science adoption overviews for science teachers and Integrated ELD for single subject non-science teachers, I Love U Guys Foundation safety training for disaster management, mandatory policies, Internet safety, Read 180 for specific teachers on use of materials, and data review at sites. Student engagement strategies and a focus on rigorous instruction, Close Reading, and writing were focus areas at all sites.

2020-2021 Professional Development: District wide training included setting a foundation for implementation of distance learning with the impact of COVID-19 and scheduling, utilization of the CANVAS platform to support distance learning, 95% training for Kinder through Third grade to support foundational reading skills and usage of STAR assessment for diagnostic at the Middle School. Mandatory policies were reviewed and Get Safety Trained included Sexual Harassment Training/Child Support Prevention Training/ Bloodborne Pathogen,/Injury and Illness Prevention/Pesticide Training all provided in a virtual learning format. RULER training for Social-emotional learning began with a trainer of trainer model and continues to be rolled out at each site with lead trainers. Utilization of Teams, CANVAS, Zoom, Flipgrid, Parent Portal and various other components to support distance learning while continuing to implement best teaching strategies have been provided by Kern County Superintendent of Schools personnel as well as district Teachers on Special Assignment and district/site administrators. Use of Personal Protective Equipment/safety measures and cleaning routines have been key trainings this year.

Professional Development

2021-2022 Professional Development: District -wide training focused building awareness of frameworks and standards as well as modeling and supporting instruction in Math and Mathematical Practices, Designated and Integrated ELD, and Science instruction. Mandatory policies were reviewed with the inclusion of Get Safety Trained Sexual Harassment/Child Support Prevention Training/Bloodborne Pathogen, Injury and Illness Prevention/Pesticide Training and Homeless/Foster program requirements. These were all provided in a virtual learning format. Teachers on Special Assignment supported classroom discipline, AVID, integrating technology, and new teacher training. Four professional development days were scheduled at the beginning of the year with an additional 3 days scheduled mid-year for instructional staff. In addition, three days were added for staff new to the district to ensure knowledge of district structures and expectations for implementation of district wide strategy implementation. One day is dedicated each year to Dual Immersion and Special Education training in conjunction with new teacher training dates. Use of Personal Protective Equipment/safety measures and cleaning routines have been key trainings this year. COVID-19 mitigation continues to be a focus for our staff. Building positive relationships, providing training to understand key signs of social emotional distress of our students adjusting to in-person learning. SEL training provides our staff with strategies to help our students cope with the challenges the current pandemic has created. Utilization of Teams, CANVAS, Zoom, Flipgrid, Parent Portal and various other components to support technology needs while continuing to implement best teaching strategies have been provided driven by STAR assessment data.

Professional growth and participation in Professional Learning Communities and Leadership is an ongoing focus as well as Leading from the Middle and continuing with Performance Education Partnership for the 2021-2022 school year along with thoughtful classroom guidance and support. Team members work as a Leadership professional learning community to implement strategies and work toward attainment of the School Implementation Plan.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
